Debt Management Resources

MedLoans Organizer and Calculator

The MedLoans® Organizer and Calculator (MLOC) provides a secure location to organize and track student loans while also displaying possible repayment plans and costs based on the borrower's student loan debt—even for married borrowers.

National Student Loan Data System (NSLDS)

The National Student Loan Data System (NSLDS) is the U.S. Department of Education's central database for Federal student aid. NSLDS provides a centralized, integrated view of Title IV loans and grants so that recipients of Title IV Aid can access and inquire about their Title IV loans and/or grant data.

PGPresents Student Loan Modules

Paul Garrard of PGPresents is a leading expert in educational loan repayment. If you missed his live session, we have modules on several student loan topics such as:

- Public Service Loan Forgiveness
- Refinancing and Consolidation
- Married Borrowers and Repayment
- The CARES Act

AAMC-FIRST Education Debt Manager

This resource helps medical school students and residents navigate the complexities of student debt. Not only can this information help you borrow wisely, it can also enable you to make strategic repayment decisions by enhancing your understanding of important debt management skills for the future.

It provides insights on how to:

- Understand the basics of student loans, including types of loans
- Manage existing student loans during and after medical school
- Build a budget and manage finances during medical school and residency
