NOTE Confidence: 0.9007890625

 $00:00:00.000 \longrightarrow 00:00:04.120$ So thanks everyone for joining and I am.

NOTE Confidence: 0.9007890625

 $00{:}00{:}04.120 \dashrightarrow 00{:}00{:}06.087$ I'm was really hoping that we could

NOTE Confidence: 0.9007890625

 $00:00:06.087 \dashrightarrow 00:00:08.180$ be together at least in hybrid mode,

NOTE Confidence: 0.9007890625

 $00:00:08.180 \longrightarrow 00:00:11.258$ but I'm very glad that we can be together

NOTE Confidence: 0.9007890625

 $00:00:11.260 \longrightarrow 00:00:16.148$ as we have learned our this time virtually.

NOTE Confidence: 0.9007890625

 $00:00:16.150 \longrightarrow 00:00:19.524$ This is the beginning of our the new Year.

NOTE Confidence: 0.9007890625

00:00:19.524 --> 00:00:21.064 None of our academic year,

NOTE Confidence: 0.9007890625

 $00:00:21.070 \longrightarrow 00:00:23.608$ but the new year. So first,

NOTE Confidence: 0.9007890625

00:00:23.610 --> 00:00:27.150 let me wish everyone a happy New Year and I

NOTE Confidence: 0.9007890625

 $00:00:27.150 \longrightarrow 00:00:30.770$ really hope that you had a chance for some.

NOTE Confidence: 0.9007890625

 $00{:}00{:}30.770 \dashrightarrow 00{:}00{:}34.928$ Rest and relaxation in this this year.

NOTE Confidence: 0.9007890625

00:00:34.930 --> 00:00:36.210 I know that last year,

NOTE Confidence: 0.9007890625

 $00:00:36.210 \longrightarrow 00:00:39.830$ in December 2020, 2020,

00:00:39.830 --> 00:00:44.149 our holidays were much changed by COVID,

NOTE Confidence: 0.9007890625

00:00:44.150 --> 00:00:45.630 so I do hope that you had a

NOTE Confidence: 0.9007890625

 $00:00:45.630 \longrightarrow 00:00:46.650$ chance to be together.

NOTE Confidence: 0.9007890625

 $00:00:46.650 \longrightarrow 00:00:48.254$ Perhaps this year with

NOTE Confidence: 0.9007890625

 $00:00:48.254 \longrightarrow 00:00:49.858$ more family and friends.

NOTE Confidence: 0.9007890625

00:00:49.860 --> 00:00:52.863 And that always this time the holiday

NOTE Confidence: 0.9007890625

 $00{:}00{:}52.863 \longrightarrow 00{:}00{:}55.847$ break is always a time of reflection

NOTE Confidence: 0.9007890625

 $00{:}00{:}55.850 \dashrightarrow 00{:}00{:}57.920$ and sometimes resolutions and I'll

NOTE Confidence: 0.9007890625

 $00:00:57.920 \longrightarrow 00:01:00.499$ return to that theme in a bit.

NOTE Confidence: 0.9007890625

00:01:00.500 --> 00:01:02.334 But I'm just really glad that you're

NOTE Confidence: 0.9007890625

 $00{:}01{:}02.334 \dashrightarrow 00{:}01{:}04.965$ back and and hope that we could

NOTE Confidence: 0.9007890625

 $00:01:04.965 \longrightarrow 00:01:07.400$ be in a in a more hybrid mode.

NOTE Confidence: 0.9007890625

 $00:01:07.400 \longrightarrow 00:01:10.016$ But really glad that you're back.

NOTE Confidence: 0.9007890625

 $00{:}01{:}10.020 \dashrightarrow 00{:}01{:}12.120$ I think what none of us anticipated,

NOTE Confidence: 0.9007890625

00:01:12.120 --> 00:01:13.274 quite frankly,

NOTE Confidence: 0.9007890625

 $00:01:13.274 \longrightarrow 00:01:17.313$ is that where we would be is

 $00:01:17.320 \longrightarrow 00:01:20.926$ 664 days since March the 12th.

NOTE Confidence: 0.9007890625

 $00{:}01{:}20.930 \dashrightarrow 00{:}01{:}24.218$ With the coronavirus with Covin 19

NOTE Confidence: 0.9007890625

00:01:24.218 --> 00:01:26.856 really still dominating the new

NOTE Confidence: 0.9007890625

 $00:01:26.856 \longrightarrow 00:01:29.110$ year and it's just important for

NOTE Confidence: 0.9007890625

 $00:01:29.110 \longrightarrow 00:01:31.735$ us to acknowledge that that we are

NOTE Confidence: 0.9007890625

 $00:01:31.735 \longrightarrow 00:01:34.010$ that we are back in a completely

NOTE Confidence: 0.9007890625

 $00:01:34.010 \longrightarrow 00:01:35.857$ virtual mode for a few weeks.

NOTE Confidence: 0.9007890625

 $00:01:35.860 \longrightarrow 00:01:40.060$ And that this is a part of our reality.

NOTE Confidence: 0.9007890625

00:01:40.060 --> 00:01:43.172 And it is also a part of reality

NOTE Confidence: 0.9007890625

00:01:43.172 --> 00:01:46.105 that we are 664 days and I don't

NOTE Confidence: 0.9007890625

 $00{:}01{:}46.105 \dashrightarrow 00{:}01{:}48.899$ know if the counting has been helpful

NOTE Confidence: 0.9007890625

 $00:01:48.900 \longrightarrow 00:01:51.768$ but but that's where we are.

NOTE Confidence: 0.9007890625

00:01:51.770 --> 00:01:55.263 I wanted to begin today before talking

NOTE Confidence: 0.9007890625

 $00:01:55.263 \longrightarrow 00:01:57.950$ about the department specifically,

NOTE Confidence: 0.9007890625

 $00:01:57.950 \longrightarrow 00:02:01.052$ given that Omicron has so much

 $00:02:01.052 \longrightarrow 00:02:04.632$ dominated our last few weeks to give

NOTE Confidence: 0.9007890625

 $00:02:04.632 \longrightarrow 00:02:07.859$ you just a sense of the current

NOTE Confidence: 0.9007890625

 $00:02:07.859 \longrightarrow 00:02:09.887$ reality that we are in.

NOTE Confidence: 0.9007890625

 $00:02:09.890 \longrightarrow 00:02:12.186$ And 1st to say that as of yesterday,

NOTE Confidence: 0.9007890625

 $00:02:12.190 \longrightarrow 00:02:13.430$ as of yesterday and y'all,

NOTE Confidence: 0.9007890625

00:02:13.430 --> 00:02:14.882 New Haven Hospital,

NOTE Confidence: 0.9007890625

00:02:14.882 --> 00:02:18.270 just across the street from the department,

NOTE Confidence: 0.9007890625

 $00:02:18.270 \longrightarrow 00:02:22.650$ the inpatient census was 338.

NOTE Confidence: 0.9007890625

 $00{:}02{:}22.650 \dashrightarrow 00{:}02{:}24.690$ And that was actually a dramatic

NOTE Confidence: 0.9007890625

00:02:24.690 --> 00:02:27.409 increase from just a week ago a week ago.

NOTE Confidence: 0.9007890625

 $00{:}02{:}27.410 --> 00{:}02{:}32.170$ Monday, 143% increase.

NOTE Confidence: 0.9007890625

00:02:32.170 --> 00:02:35.010 For a bit of context, on April 21st,

NOTE Confidence: 0.9007890625 00:02:35.010 --> 00:02:35.370 2020, NOTE Confidence: 0.9007890625

 $00:02:35.370 \longrightarrow 00:02:38.340$ when we were in the middle of the

NOTE Confidence: 0.9007890625

 $00:02:38.340 \longrightarrow 00:02:43.140$ first surge, the first peak was at 450.

NOTE Confidence: 0.9007890625

 $00:02:43.140 \longrightarrow 00:02:44.368$ In our second surge,

 $00:02:44.368 \longrightarrow 00:02:46.851$ the second peak was just a year ago

NOTE Confidence: 0.9007890625

00:02:46.851 --> 00:02:49.585 on December the 8th and it was 241

NOTE Confidence: 0.9007890625

 $00{:}02{:}49.585 \dashrightarrow 00{:}02{:}53.310$ and we've already surpassed that.

NOTE Confidence: 0.9007890625

 $00:02:53.310 \longrightarrow 00:02:57.830$ So this is a new and dramatic surge.

NOTE Confidence: 0.9007890625

 $00:02:57.830 \dashrightarrow 00:03:01.014$ The ICU and just the all New Haven

NOTE Confidence: 0.9007890625

 $00:03:01.014 \longrightarrow 00:03:04.057$ Hospital is at 60 with 30 in

NOTE Confidence: 0.9007890625

 $00:03:04.057 \longrightarrow 00:03:06.161$ intubated and on ventilators there's

NOTE Confidence: 0.9007890625

00:03:06.161 --> 00:03:08.387 an 89% occupancy rate in Yale,

NOTE Confidence: 0.9007890625

 $00:03:08.390 \longrightarrow 00:03:10.712$ New Haven which means that the

NOTE Confidence: 0.9007890625

 $00:03:10.712 \longrightarrow 00:03:12.260$ hospital is actually extraordinarily

NOTE Confidence: 0.9007890625

 $00:03:12.326 \longrightarrow 00:03:14.658$ stressed for beds and you're full which

NOTE Confidence: 0.9007890625

00:03:14.658 --> 00:03:16.680 means that there are many patients

NOTE Confidence: 0.9007890625

 $00{:}03{:}16.742 \dashrightarrow 00{:}03{:}18.849$ sitting in the Ed waiting for beds.

NOTE Confidence: 0.9007890625

00:03:18.850 --> 00:03:20.720 It's a tremendously high number

NOTE Confidence: 0.9007890625

 $00:03:20.720 \longrightarrow 00:03:23.422$ and we are feeling that in the

 $00:03:23.422 \longrightarrow 00:03:25.317$ behavioral health world as well.

NOTE Confidence: 0.9007890625

 $00:03:25.320 \longrightarrow 00:03:26.952$ And across the state,

NOTE Confidence: 0.9007890625

 $00:03:26.952 \longrightarrow 00:03:30.390$ there are more than 800 patients hospitalized

NOTE Confidence: 0.9007890625

 $00:03:30.390 \longrightarrow 00:03:34.758$ with about 70% of those unvaccinated.

NOTE Confidence: 0.918184961363636

00:03:34.760 --> 00:03:37.072 Now I'm going to show you one more

NOTE Confidence: 0.918184961363636

00:03:37.072 --> 00:03:39.449 reality and I understand that I'm really

NOTE Confidence: 0.918184961363636

 $00:03:39.449 \longrightarrow 00:03:42.190$ starting out with the kind that starkness.

NOTE Confidence: 0.918184961363636

00:03:42.190 --> 00:03:44.890 But I want the context in which we are,

NOTE Confidence: 0.918184961363636

00:03:44.890 --> 00:03:47.982 why we have gone virtual and why

NOTE Confidence: 0.918184961363636

 $00:03:47.982 \longrightarrow 00:03:52.014$ I'm a crime continues to haunt us.

NOTE Confidence: 0.918184961363636

 $00{:}03{:}52.020 \dashrightarrow 00{:}03{:}53.646$ So the other current reality is

NOTE Confidence: 0.918184961363636

00:03:53.646 --> 00:03:56.033 that we are in vaccine plus booster

NOTE Confidence: 0.918184961363636

 $00:03:56.033 \longrightarrow 00:03:58.098$ plus mask are incredibly important,

NOTE Confidence: 0.918184961363636

 $00:03:58.100 \longrightarrow 00:04:00.908$ but we are seeing more breakthrough

NOTE Confidence: 0.918184961363636

 $00:04:00.908 \longrightarrow 00:04:02.560$ infections and so this graph

NOTE Confidence: 0.918184961363636

 $00:04:02.560 \longrightarrow 00:04:04.035$ right here is from Yale,

 $00:04:04.040 \longrightarrow 00:04:06.488$ New Haven Health and showing the

NOTE Confidence: 0.918184961363636

 $00:04:06.488 \longrightarrow 00:04:08.120$ rate of breakthrough infections.

NOTE Confidence: 0.918184961363636

 $00:04:08.120 \longrightarrow 00:04:11.421$ Now going around 20 to 25%,

NOTE Confidence: 0.918184961363636

 $00:04:11.421 \longrightarrow 00:04:14.426$ which was higher than before.

NOTE Confidence: 0.918184961363636

 $00:04:14.430 \longrightarrow 00:04:15.798$ On the other hand,

NOTE Confidence: 0.918184961363636

00:04:15.798 --> 00:04:18.940 the news is good in the sense that with

NOTE Confidence: 0.918184961363636

00:04:18.940 --> 00:04:21.850 vaccine plus booster it's a milder disease,

NOTE Confidence: 0.918184961363636

 $00:04:21.850 \longrightarrow 00:04:24.978$ but much more contagious.

NOTE Confidence: 0.918184961363636

00:04:24.980 --> 00:04:26.405 And then finally the positivity

NOTE Confidence: 0.918184961363636

00:04:26.405 --> 00:04:28.380 rate in our state is climbing.

NOTE Confidence: 0.918184961363636

 $00:04:28.380 \longrightarrow 00:04:33.540$ We are now about 20% as of yesterday

NOTE Confidence: 0.918184961363636

 $00:04:33.540 \longrightarrow 00:04:36.700 \ 21.5\%$ sorry, we just go back a bit.

NOTE Confidence: 0.918184961363636

 $00{:}04{:}36.700 \dashrightarrow 00{:}04{:}38.644$ So these are the stark realities

NOTE Confidence: 0.918184961363636

 $00:04:38.644 \longrightarrow 00:04:41.018$ of where we are in this moment.

NOTE Confidence: 0.918184961363636

00:04:41.020 --> 00:04:43.898 On January the 4th on why, again,

 $00:04:43.898 \longrightarrow 00:04:46.388$ we've gone to complete virtual.

NOTE Confidence: 0.918184961363636

 $00{:}04{:}46.390 \dashrightarrow 00{:}04{:}48.451$ And one of the realities is that for a

NOTE Confidence: 0.918184961363636

00:04:48.451 --> 00:04:50.655 few more weeks than I would have hoped,

NOTE Confidence: 0.918184961363636

 $00:04:50.660 \longrightarrow 00:04:52.346$ and that I certainly would have

NOTE Confidence: 0.918184961363636

 $00:04:52.346 \longrightarrow 00:04:53.614$ hoped in 2022,

NOTE Confidence: 0.918184961363636

 $00:04:53.614 \longrightarrow 00:04:57.838$ we'll be dealing with continued uncertainty.

NOTE Confidence: 0.918184961363636

00:04:57.840 --> 00:05:00.160 I'm going to talk about how I'm very,

NOTE Confidence: 0.918184961363636

 $00:05:00.160 \longrightarrow 00:05:02.071$ very proud and the fact that we

NOTE Confidence: 0.918184961363636

 $00:05:02.071 \longrightarrow 00:05:03.906$ have all done this before and

NOTE Confidence: 0.918184961363636

 $00:05:03.906 \longrightarrow 00:05:05.808$ we're learning a lot of skills.

NOTE Confidence: 0.918184961363636

 $00:05:05.810 \longrightarrow 00:05:09.247$ And there is a bit of positivity

NOTE Confidence: 0.918184961363636

 $00:05:09.247 \longrightarrow 00:05:10.720$ in the landscape.

NOTE Confidence: 0.918184961363636

 $00:05:10.720 \longrightarrow 00:05:14.074$ Continue perhaps reasons for optimism that

NOTE Confidence: 0.918184961363636

 $00:05:14.074 \longrightarrow 00:05:17.430$ this particular surge won't last as long.

NOTE Confidence: 0.918184961363636

 $00:05:17.430 \longrightarrow 00:05:19.440$ That it's not as virulent.

NOTE Confidence: 0.918184961363636

 $00:05:19.440 \longrightarrow 00:05:21.312$ That we're increasing immunity

 $00{:}05{:}21.312 \dashrightarrow 00{:}05{:}24.120$ across our communities and we have

NOTE Confidence: 0.918184961363636

 $00{:}05{:}24.199 \dashrightarrow 00{:}05{:}26.289$ learned a tremendous amount which

NOTE Confidence: 0.918184961363636

 $00:05:26.289 \longrightarrow 00:05:29.030$ I'm going to continue to address.

NOTE Confidence: 0.918184961363636

00:05:29.030 --> 00:05:31.646 But that's the reality and why we're virtual,

NOTE Confidence: 0.918184961363636

 $00:05:31.650 \longrightarrow 00:05:32.348$ completely virtual,

NOTE Confidence: 0.918184961363636

 $00:05:32.348 \longrightarrow 00:05:34.791$ and why all of a sudden you're

NOTE Confidence: 0.918184961363636

 $00:05:34.791 \longrightarrow 00:05:36.609$ seeing more communications about

NOTE Confidence: 0.918184961363636

 $00:05:36.609 \longrightarrow 00:05:38.944$ Omicron coming from the department,

NOTE Confidence: 0.918184961363636

 $00:05:38.950 \longrightarrow 00:05:40.098$ and the various precautions

NOTE Confidence: 0.918184961363636

 $00:05:40.098 \longrightarrow 00:05:41.533$ that we need to take.

NOTE Confidence: 0.860626350769231

 $00{:}05{:}43.940 \dashrightarrow 00{:}05{:}46.796$ We are as reality, though very

NOTE Confidence: 0.860626350769231

 $00:05:46.796 \longrightarrow 00:05:50.098$ likely going to move to an endemic.

NOTE Confidence: 0.860626350769231

 $00{:}05{:}50.100 \dashrightarrow 00{:}05{:}52.764$ And I just want to make that point not

NOTE Confidence: 0.860626350769231

 $00:05:52.764 \longrightarrow 00:05:55.735$ so much from an infectious disease POV.

NOTE Confidence: 0.860626350769231

 $00:05:55.740 \longrightarrow 00:05:59.394$ But from a how we think about adapting to

 $00:05:59.394 \longrightarrow 00:06:02.222$ that and an endemic compared to a pandemic

NOTE Confidence: 0.860626350769231

 $00:06:02.222 \longrightarrow 00:06:04.829$ is that there is transmission still,

NOTE Confidence: 0.860626350769231

 $00:06:04.830 \longrightarrow 00:06:07.672$ but the number of cases remains relatively

NOTE Confidence: 0.860626350769231

 $00:06:07.672 \longrightarrow 00:06:10.060$ constant and present around the world.

NOTE Confidence: 0.860626350769231

 $00:06:10.060 \longrightarrow 00:06:11.652$ We're not there yet.

NOTE Confidence: 0.860626350769231

00:06:11.652 --> 00:06:14.560 We're still very much in pandemic stage.

NOTE Confidence: 0.860626350769231

 $00:06:14.560 \longrightarrow 00:06:15.956$ But there's no question.

NOTE Confidence: 0.860626350769231

 $00:06:15.956 \longrightarrow 00:06:18.582$ I think that COVID and many infectious

NOTE Confidence: 0.860626350769231

 $00{:}06{:}18.582 \dashrightarrow 00{:}06{:}20.877$ disease experts talk about it,

NOTE Confidence: 0.860626350769231

 $00:06:20.880 \longrightarrow 00:06:23.000$ that COVID will be endemic,

NOTE Confidence: 0.860626350769231

 $00:06:23.000 \longrightarrow 00:06:26.640$ and it will be a part of our daily lives.

NOTE Confidence: 0.860626350769231

 $00:06:26.640 \longrightarrow 00:06:29.680$ And we will learn to adjust to it.

NOTE Confidence: 0.860626350769231

 $00:06:29.680 \longrightarrow 00:06:32.016$ So we will learn to live with COVID.

NOTE Confidence: 0.860626350769231

 $00:06:32.020 \longrightarrow 00:06:33.778$ We will learn to make adjustments.

NOTE Confidence: 0.860626350769231

 $00:06:33.780 \longrightarrow 00:06:36.240$ For example our workplace environment.

NOTE Confidence: 0.860626350769231

 $00{:}06{:}36.240 \dashrightarrow 00{:}06{:}38.695$ We may have masks regularly

 $00:06:38.695 \longrightarrow 00:06:41.150$ wearing them in different settings.

NOTE Confidence: 0.860626350769231

 $00:06:41.150 \longrightarrow 00:06:43.250$ And I know currently we've changed

NOTE Confidence: 0.860626350769231

 $00:06:43.250 \longrightarrow 00:06:45.968$ some of them at or we the CDC and

NOTE Confidence: 0.860626350769231

 $00:06:45.968 \longrightarrow 00:06:47.822$ others have changed some of the

NOTE Confidence: 0.860626350769231

00:06:47.822 --> 00:06:49.310 mask requirements or suggestions,

NOTE Confidence: 0.860626350769231

 $00:06:49.310 \longrightarrow 00:06:52.532$ but will continue to be created

NOTE Confidence: 0.860626350769231

 $00:06:52.532 \longrightarrow 00:06:54.680$ in our mask wearing.

NOTE Confidence: 0.860626350769231

 $00:06:54.680 \longrightarrow 00:06:57.640$ It's likely that in public spaces we will

NOTE Confidence: 0.860626350769231

 $00:06:57.640 \longrightarrow 00:07:00.166$ continue to have masks and continue to

NOTE Confidence: 0.860626350769231

00:07:00.166 --> 00:07:03.139 think about how we are in public spaces,

NOTE Confidence: 0.860626350769231

 $00:07:03.140 \longrightarrow 00:07:05.681$ and very likely that there will continue

NOTE Confidence: 0.860626350769231

 $00{:}07{:}05.681 \dashrightarrow 00{:}07{:}08.979$ to be this kind of push pull between

NOTE Confidence: 0.860626350769231

 $00{:}07{:}08.979 \dashrightarrow 00{:}07{:}11.830$ variants and vaccines variants and vaccines.

NOTE Confidence: 0.860626350769231

 $00:07:11.830 \longrightarrow 00:07:14.240$ But coronavirus has really changed

NOTE Confidence: 0.860626350769231

 $00:07:14.240 \longrightarrow 00:07:17.714$ the way we work, and I suspect that

 $00:07:17.714 \longrightarrow 00:07:20.030$ that will be that will continue.

NOTE Confidence: 0.860626350769231

 $00{:}07{:}20.030 \dashrightarrow 00{:}07{:}22.206$ And we'll talk about that a bit more.

NOTE Confidence: 0.860626350769231

00:07:22.210 --> 00:07:23.730 But remote work I think,

NOTE Confidence: 0.860626350769231

 $00:07:23.730 \longrightarrow 00:07:26.508$ will be a widely accepted across

NOTE Confidence: 0.860626350769231

 $00:07:26.508 \longrightarrow 00:07:29.679$ the world and across our community.

NOTE Confidence: 0.860626350769231

00:07:29.680 --> 00:07:31.822 Some of the advantages is it will

NOTE Confidence: 0.860626350769231

 $00:07:31.822 \longrightarrow 00:07:33.539$ actually help us find talent.

NOTE Confidence: 0.860626350769231

 $00:07:33.540 \longrightarrow 00:07:34.464$ We'll be able.

NOTE Confidence: 0.860626350769231

 $00:07:34.464 \longrightarrow 00:07:35.696$ Just as Kieran said,

NOTE Confidence: 0.860626350769231

 $00:07:35.700 \longrightarrow 00:07:38.452$ that he's been able to actually convert grand

NOTE Confidence: 0.860626350769231

 $00{:}07{:}38.452 \dashrightarrow 00{:}07{:}41.078$ rounds over this next few weeks to virtual,

NOTE Confidence: 0.860626350769231

 $00:07:41.080 \longrightarrow 00:07:43.278$ and we'll have a speaker from London.

NOTE Confidence: 0.860626350769231

 $00:07:43.280 \longrightarrow 00:07:45.464$ We'll be able actually to access

NOTE Confidence: 0.860626350769231

 $00:07:45.464 \longrightarrow 00:07:47.869$ people in new and in new ways.

NOTE Confidence: 0.860626350769231

 $00:07:47.870 \longrightarrow 00:07:50.558$ Not so new 'cause it's been 600

NOTE Confidence: 0.860626350769231

 $00:07:50.558 \longrightarrow 00:07:52.902$ and however many days will continue

 $00:07:52.902 \longrightarrow 00:07:55.248$ to have virtual learning will even

NOTE Confidence: 0.860626350769231

 $00{:}07{:}55.248 \rightarrow 00{:}07{:}57.699$ start to use virtual reality that

NOTE Confidence: 0.860626350769231

 $00:07:57.699 \longrightarrow 00:08:00.310$ will enhance our abilities to work.

NOTE Confidence: 0.860626350769231

00:08:00.310 --> 00:08:03.850 Across geographical locations and of course,

NOTE Confidence: 0.860626350769231 $00:08:03.850 \longrightarrow 00:08:04.660$ telemedicine.

NOTE Confidence: 0.893553309473684

 $00:08:07.240 \longrightarrow 00:08:10.327$ But I want to also return to

NOTE Confidence: 0.893553309473684

 $00:08:10.327 \longrightarrow 00:08:13.253$ reflection to that third that third

NOTE Confidence: 0.893553309473684

 $00{:}08{:}13.253 \dashrightarrow 00{:}08{:}16.259$ panel in my welcoming you back.

NOTE Confidence: 0.893553309473684

00:08:16.260 --> 00:08:18.532 And I have this quote here not

NOTE Confidence: 0.893553309473684

 $00{:}08{:}18.532 \dashrightarrow 00{:}08{:}21.592$ actually to emphasize any particular

NOTE Confidence: 0.893553309473684

 $00:08:21.592 \longrightarrow 00:08:23.951$ religious tradition over the holiday

NOTE Confidence: 0.893553309473684

 $00:08:23.951 \longrightarrow 00:08:26.213$ break that we've just come through.

NOTE Confidence: 0.893553309473684

 $00{:}08{:}26.220 \dashrightarrow 00{:}08{:}28.170$ But actually to the last

NOTE Confidence: 0.893553309473684

00:08:28.170 --> 00:08:29.730 phrase within this quote.

NOTE Confidence: 0.893553309473684

00:08:29.730 --> 00:08:31.682 It unveils the extraordinary

 $00:08:31.682 \longrightarrow 00:08:33.146$ that are hurried,

NOTE Confidence: 0.893553309473684

 $00{:}08{:}33.150 \dashrightarrow 00{:}08{:}36.858$ our hurried and conceal and neglect.

NOTE Confidence: 0.893553309473684

 $00:08:36.860 \longrightarrow 00:08:39.080$ Because I think that's what has

NOTE Confidence: 0.893553309473684

 $00:08:39.080 \longrightarrow 00:08:41.351$ happened with the pandemic that we

NOTE Confidence: 0.893553309473684

 $00:08:41.351 \longrightarrow 00:08:43.505$ need to continue to remind ourselves.

NOTE Confidence: 0.893553309473684

 $00:08:43.510 \longrightarrow 00:08:46.860$ That we have lived and are living just as I

NOTE Confidence: 0.893553309473684

 $00:08:46.941 \longrightarrow 00:08:51.958$ began this talk deeply in reactionary mode.

NOTE Confidence: 0.893553309473684

00:08:51.960 --> 00:08:54.100 And in a hurried, pressured,

NOTE Confidence: 0.893553309473684

 $00:08:54.100 \longrightarrow 00:08:57.100$ stressed reactionary mode.

NOTE Confidence: 0.893553309473684

 $00:08:57.100 \longrightarrow 00:08:59.656$ And what that I think is

NOTE Confidence: 0.893553309473684

 $00{:}08{:}59.656 \dashrightarrow 00{:}09{:}00.934$ the unintended effect.

NOTE Confidence: 0.893553309473684

00:09:00.940 --> 00:09:03.537 It's been very effective in many ways,

NOTE Confidence: 0.893553309473684

 $00{:}09{:}03.540 \dashrightarrow 00{:}09{:}07.044$ but the unintended effect is it is not

NOTE Confidence: 0.893553309473684

 $00:09:07.044 \longrightarrow 00:09:10.351$ permitted us or sometimes concealed all

NOTE Confidence: 0.893553309473684

 $00:09:10.351 \longrightarrow 00:09:12.606$ the extraordinary things that everyone

NOTE Confidence: 0.893553309473684

 $00:09:12.606 \longrightarrow 00:09:16.310$ of you in this virtual room have done.

00:09:16.310 --> 00:09:18.354 You've cared for families,

NOTE Confidence: 0.893553309473684

 $00:09:18.354 \longrightarrow 00:09:19.887$ your own families.

NOTE Confidence: 0.893553309473684

 $00:09:19.890 \dashrightarrow 00:09:21.924$ You care for the children coming to see us.

NOTE Confidence: 0.893553309473684

00:09:21.930 --> 00:09:23.690 You kept research programs going.

NOTE Confidence: 0.893553309473684

 $00:09:23.690 \longrightarrow 00:09:25.370$ You kept training programs going.

NOTE Confidence: 0.893553309473684

 $00:09:25.370 \longrightarrow 00:09:27.334$ We have been innovative.

NOTE Confidence: 0.893553309473684

 $00:09:27.334 \longrightarrow 00:09:30.897$ We have found new solutions and we have

NOTE Confidence: 0.893553309473684

00:09:30.897 --> 00:09:33.111 actually held together as a community

NOTE Confidence: 0.893553309473684

00:09:33.111 --> 00:09:35.776 and I'll continue to emphasize that.

NOTE Confidence: 0.893553309473684

 $00:09:35.780 \longrightarrow 00:09:38.828$ But I really hope that we regardless again

NOTE Confidence: 0.893553309473684

 $00:09:38.828 \longrightarrow 00:09:41.435$ of religious tradition but that we can

NOTE Confidence: 0.893553309473684

 $00:09:41.435 \longrightarrow 00:09:44.108$ take the spirit of this holiday break.

NOTE Confidence: 0.893553309473684

 $00{:}09{:}44.108 --> 00{:}09{:}46.520$ To continue to reflect on the

NOTE Confidence: 0.893553309473684

 $00:09:46.602 \longrightarrow 00:09:49.620$ extraordinary that we have been through

NOTE Confidence: 0.893553309473684

 $00:09:49.620 \longrightarrow 00:09:52.700$ and that we are continuing to be in.

 $00:09:52.700 \longrightarrow 00:09:57.005$ And continuing to support one another in.

NOTE Confidence: 0.893553309473684

 $00:09:57.010 \longrightarrow 00:09:59.122$ I also want to return to

NOTE Confidence: 0.893553309473684

 $00:09:59.122 \longrightarrow 00:10:00.530$ the themes of September.

NOTE Confidence: 0.893553309473684

 $00:10:00.530 \longrightarrow 00:10:02.462$ It's only been a few months since

NOTE Confidence: 0.893553309473684

 $00:10:02.462 \longrightarrow 00:10:04.336$ September when we were actually talking

NOTE Confidence: 0.893553309473684

 $00:10:04.336 \longrightarrow 00:10:06.646$ about the state of the department then,

NOTE Confidence: 0.893553309473684

 $00{:}10{:}06.650 \dashrightarrow 00{:}10{:}10.246$ and I wanted to remind you that in

NOTE Confidence: 0.893553309473684

 $00:10:10.246 \longrightarrow 00:10:12.136$ September we needed to acknowledge

NOTE Confidence: 0.893553309473684

 $00:10:12.136 \longrightarrow 00:10:14.563$ what we were going through while

NOTE Confidence: 0.893553309473684

00:10:14.563 --> 00:10:16.993 at the same time pushing forward.

NOTE Confidence: 0.893553309473684

 $00:10:17.000 \longrightarrow 00:10:19.896$ And in September we had a theme about

NOTE Confidence: 0.893553309473684

 $00:10:19.896 \longrightarrow 00:10:21.981$ acknowledging that there were many things

NOTE Confidence: 0.893553309473684

00:10:21.981 --> 00:10:24.970 going on in our hearts that were not

NOTE Confidence: 0.893553309473684

00:10:24.970 --> 00:10:27.420 necessarily expressly and explicitly stated.

NOTE Confidence: 0.893553309473684

 $00:10:27.420 \longrightarrow 00:10:30.040$ That is our collective loss

NOTE Confidence: 0.893553309473684

 $00:10:30.040 \longrightarrow 00:10:31.000$ that there have been many,

00:10:31.000 --> 00:10:33.898 many losses and not just to people,

NOTE Confidence: 0.893553309473684

00:10:33.900 --> 00:10:36.084 not just of loved ones and friends,

NOTE Confidence: 0.893553309473684

 $00:10:36.090 \longrightarrow 00:10:37.905$ but many losses for the

NOTE Confidence: 0.893553309473684

00:10:37.905 --> 00:10:39.357 department for our community,

NOTE Confidence: 0.893553309473684

 $00:10:39.360 \longrightarrow 00:10:40.980$ for the medical school to school,

NOTE Confidence: 0.893553309473684

00:10:40.980 --> 00:10:43.160 New Haven, and the nation,

NOTE Confidence: 0.893553309473684

 $00:10:43.160 \longrightarrow 00:10:44.183$ and the world.

NOTE Confidence: 0.893553309473684

 $00{:}10{:}44.183 \dashrightarrow 00{:}10{:}46.570$ And that within that that we are

NOTE Confidence: 0.893553309473684

 $00:10:46.651 \longrightarrow 00:10:48.919$ in a collective continue to still

NOTE Confidence: 0.893553309473684

00:10:48.919 --> 00:10:51.160 be in a collective mourning,

NOTE Confidence: 0.893553309473684

 $00:10:51.160 \longrightarrow 00:10:54.750$ and everyone is extraordinarily tired.

NOTE Confidence: 0.893553309473684

00:10:54.750 --> 00:10:56.148 And I know that you are,

NOTE Confidence: 0.893553309473684

 $00{:}10{:}56.150 \dashrightarrow 00{:}10{:}58.670$ and I know that we were even just

NOTE Confidence: 0.893553309473684

00:10:58.670 --> 00:11:00.469 before everyone got on virtually.

NOTE Confidence: 0.893553309473684

00:11:00.470 --> 00:11:03.428 Having extraordinarily long sighs of oh,

00:11:03.430 --> 00:11:09.000 not again. Didn't we do this in January 2021?

NOTE Confidence: 0.893553309473684

 $00:11:09.000 \longrightarrow 00:11:11.340$ But the other theme of September,

NOTE Confidence: 0.893553309473684

 $00:11:11.340 \longrightarrow 00:11:14.315$ which continues to be if not louder

NOTE Confidence: 0.893553309473684

 $00:11:14.315 \longrightarrow 00:11:17.212$ now as the importance of our coming

NOTE Confidence: 0.893553309473684

 $00:11:17.212 \longrightarrow 00:11:19.860$ together in the importance of gratitude.

NOTE Confidence: 0.893553309473684

00:11:19.860 --> 00:11:22.080 Gratitude for these moments together,

NOTE Confidence: 0.893553309473684

 $00:11:22.080 \longrightarrow 00:11:23.436$ whether they're virtual,

NOTE Confidence: 0.893553309473684 00:11:23.436 --> 00:11:23.888 hybrid, NOTE Confidence: 0.893553309473684

 $00:11:23.888 \longrightarrow 00:11:26.600$ even those brief moments of in

NOTE Confidence: 0.893553309473684

00:11:26.676 --> 00:11:28.826 person waving across the room.

NOTE Confidence: 0.893553309473684

00:11:28.830 --> 00:11:31.502 The month that all the people that come

NOTE Confidence: 0.893553309473684

00:11:31.502 --> 00:11:34.397 into 350 George to support our practice.

NOTE Confidence: 0.893553309473684

 $00:11:34.400 \longrightarrow 00:11:35.820$ Security group that's there.

NOTE Confidence: 0.893553309473684

00:11:35.820 --> 00:11:37.950 That's everyone coming in to keep

NOTE Confidence: 0.85983096

 $00:11:38.014 \longrightarrow 00:11:38.972$ research. Going.

NOTE Confidence: 0.85983096

 $00:11:38.972 \longrightarrow 00:11:41.624$ Our gratitude for all that we're

 $00:11:41.624 \longrightarrow 00:11:43.582$ doing together. 'cause again,

NOTE Confidence: 0.85983096

 $00{:}11{:}43.582 \rightarrow 00{:}11{:}46.798$ that is what holds us together.

NOTE Confidence: 0.85983096

00:11:46.800 --> 00:11:48.636 So it's really customary at this

NOTE Confidence: 0.85983096

 $00:11:48.636 \longrightarrow 00:11:50.588$ time in January to talk about

NOTE Confidence: 0.85983096

 $00:11:50.588 \longrightarrow 00:11:52.258$ the state of the department.

NOTE Confidence: 0.85983096

 $00:11:52.260 \longrightarrow 00:11:55.086$ So here's what I think the state of the

NOTE Confidence: 0.85983096

 $00:11:55.086 \longrightarrow 00:11:57.415$ department is and we can stop right there.

NOTE Confidence: 0.85983096

 $00:11:57.420 \longrightarrow 00:11:59.190$ But the state of the department

NOTE Confidence: 0.85983096

 $00:11:59.190 \longrightarrow 00:12:01.580$ is that we're doing well, though I

NOTE Confidence: 0.85983096

 $00:12:01.580 \longrightarrow 00:12:04.220$ think we're considerably stressed by COVID.

NOTE Confidence: 0.85983096

 $00:12:04.220 \longrightarrow 00:12:06.060$ We have some challenges.

NOTE Confidence: 0.85983096

 $00:12:06.060 \longrightarrow 00:12:07.212$ What I'll talk about,

NOTE Confidence: 0.85983096

00:12:07.212 --> 00:12:09.680 and we're in the midst of tremendous,

NOTE Confidence: 0.85983096

 $00:12:09.680 \longrightarrow 00:12:12.100$ tremendous change.

NOTE Confidence: 0.85983096

00:12:12.100 --> 00:12:14.095 Part of it brought on by COVID,

 $00:12:14.100 \longrightarrow 00:12:15.980$ part of it brought on by the change

NOTE Confidence: 0.85983096

 $00{:}12{:}15.980 \dashrightarrow 00{:}12{:}18.063$ that we were already involved in when

NOTE Confidence: 0.85983096

00:12:18.063 --> 00:12:20.010 this pandemic in March 12th began.

NOTE Confidence: 0.85269933

 $00:12:22.080 \longrightarrow 00:12:24.490$ Customarily at this time one

NOTE Confidence: 0.85269933

 $00:12:24.490 \longrightarrow 00:12:25.936$ talks about accomplishments.

NOTE Confidence: 0.85269933

 $00:12:25.940 \longrightarrow 00:12:28.622$ You talk about the what I'm

NOTE Confidence: 0.85269933

 $00:12:28.622 \longrightarrow 00:12:30.554$ going to talk some about what,

NOTE Confidence: 0.85269933

00:12:30.560 --> 00:12:32.708 but I'm also going to talk

NOTE Confidence: 0.85269933

00:12:32.708 --> 00:12:34.140 about how and process,

NOTE Confidence: 0.85269933

 $00:12:34.140 \longrightarrow 00:12:35.898$ and I think some of that

NOTE Confidence: 0.85269933

 $00{:}12{:}35.898 \mathrel{--}{>} 00{:}12{:}37.300$ process that we're involved in,

NOTE Confidence: 0.85269933

00:12:37.300 --> 00:12:39.560 especially around culture and climate,

NOTE Confidence: 0.85269933

 $00:12:39.560 \longrightarrow 00:12:41.570$ that it is really important that

NOTE Confidence: 0.85269933

 $00:12:41.570 \longrightarrow 00:12:43.480$ we intend to. And again,

NOTE Confidence: 0.85269933

 $00:12:43.480 \longrightarrow 00:12:46.630$ it is a balance between the two.

NOTE Confidence: 0.85269933

 $00:12:46.630 \longrightarrow 00:12:49.780$ And so here's where we'll go.

 $00:12:49.780 \longrightarrow 00:12:52.783$ I want to do just a very

NOTE Confidence: 0.85269933

00:12:52.783 --> 00:12:54.070 short department snapshot.

NOTE Confidence: 0.85269933

 $00:12:54.070 \longrightarrow 00:12:56.526$ I want to touch touch a bit on

NOTE Confidence: 0.85269933

00:12:56.526 --> 00:12:58.510 carrying forward what I think we

NOTE Confidence: 0.85269933

00:12:58.510 --> 00:13:00.466 have learned during Kovid and what

NOTE Confidence: 0.85269933

 $00:13:00.539 \longrightarrow 00:13:02.625$ we need to continue to adapt to.

NOTE Confidence: 0.85269933

 $00:13:02.630 \longrightarrow 00:13:04.646$ To spend some time on the surge in

NOTE Confidence: 0.85269933

 $00{:}13{:}04.646 \dashrightarrow 00{:}13{:}06.475$ mental health needs because that surge

NOTE Confidence: 0.85269933

 $00:13:06.475 \longrightarrow 00:13:08.371$ in child behavioral health needs is

NOTE Confidence: 0.85269933

00:13:08.425 --> 00:13:10.687 impacting every mission in this department,

NOTE Confidence: 0.85269933

 $00:13:10.690 \longrightarrow 00:13:12.770$ not just our clinical.

NOTE Confidence: 0.85269933

00:13:12.770 --> 00:13:14.330 It's impacting everything,

NOTE Confidence: 0.85269933

 $00:13:14.330 \longrightarrow 00:13:16.158$ climate and culture which

NOTE Confidence: 0.85269933

00:13:16.158 --> 00:13:17.529 relates to recruiting,

NOTE Confidence: 0.85269933

 $00:13:17.530 \longrightarrow 00:13:20.716$ developing and growing our our community.

00:13:20.720 --> 00:13:22.049 And then finally,

NOTE Confidence: 0.85269933

 $00:13:22.049 \longrightarrow 00:13:23.378$ where we're going.

NOTE Confidence: 0.85269933

 $00:13:23.380 \longrightarrow 00:13:25.040$ So that's in a nutshell,

NOTE Confidence: 0.85269933

 $00:13:25.040 \longrightarrow 00:13:25.968$ where we will go.

NOTE Confidence: 0.857052825

 $00:13:28.220 \longrightarrow 00:13:32.108$ So short department snapshots.

NOTE Confidence: 0.857052825

00:13:32.110 --> 00:13:34.014 Now some of these slides you have seen

NOTE Confidence: 0.857052825

 $00:13:34.014 \longrightarrow 00:13:36.006$ are some of you in different settings.

NOTE Confidence: 0.857052825

 $00{:}13{:}36.010 \dashrightarrow 00{:}13{:}38.730$ Have seen one of the things I have

NOTE Confidence: 0.857052825

00:13:38.730 --> 00:13:40.949 actually learned not only during COVID,

NOTE Confidence: 0.857052825

 $00{:}13{:}40.950 \dashrightarrow 00{:}13{:}44.214$ but over this course of time as as

NOTE Confidence: 0.857052825

00:13:44.214 --> 00:13:47.274 your chair is that communication,

NOTE Confidence: 0.857052825

 $00:13:47.274 \longrightarrow 00:13:49.598$ communication, communication that there

NOTE Confidence: 0.857052825

 $00{:}13{:}49.598 \dashrightarrow 00{:}13{:}52.496$ is a virtue and repetition because it

NOTE Confidence: 0.857052825

 $00:13:52.496 \longrightarrow 00:13:55.087$ actually brings out additional points.

NOTE Confidence: 0.857052825

00:13:55.090 --> 00:13:58.924 But I want to remind you first about the

NOTE Confidence: 0.857052825

 $00:13:58.924 \longrightarrow 00:14:01.996$ structure of how we sit as a department.

 $00:14:02.000 \longrightarrow 00:14:03.992$ So we as the CHILD Study Center from

NOTE Confidence: 0.857052825

 $00:14:03.992 \longrightarrow 00:14:05.967$ one of the 19 clinical departments

NOTE Confidence: 0.857052825

00:14:05.967 --> 00:14:07.737 and the School of Medicine,

NOTE Confidence: 0.857052825

00:14:07.740 --> 00:14:11.500 the School of Medicine is in Yale University.

NOTE Confidence: 0.857052825

 $00:14:11.500 \longrightarrow 00:14:13.866$ But the other piece that also gives

NOTE Confidence: 0.857052825

 $00:14:13.866 \longrightarrow 00:14:16.196$ us another system within is that we

NOTE Confidence: 0.857052825

00:14:16.196 --> 00:14:18.555 our clinical practice is a part of

NOTE Confidence: 0.857052825

 $00:14:18.555 \longrightarrow 00:14:20.630$ the Yale Medicine clinical practice.

NOTE Confidence: 0.857052825

 $00{:}14{:}20.630 \dashrightarrow 00{:}14{:}22.933$ Which is a part of the clinical

NOTE Confidence: 0.857052825

00:14:22.933 --> 00:14:25.360 efforts of the School of Medicine.

NOTE Confidence: 0.857052825

 $00:14:25.360 \longrightarrow 00:14:28.300$ So we are nested in that way,

NOTE Confidence: 0.857052825

 $00:14:28.300 \longrightarrow 00:14:30.148$ but we also have a relationship

NOTE Confidence: 0.857052825

 $00:14:30.148 \longrightarrow 00:14:31.072$ with the hospital,

NOTE Confidence: 0.857052825

00:14:31.080 --> 00:14:33.636 which is a totally different system,

NOTE Confidence: 0.857052825

 $00:14:33.640 \longrightarrow 00:14:35.656$ and the Yale New Haven Children's Hospital is

 $00:14:35.656 \longrightarrow 00:14:37.956$ a part of the Yale New Haven Health system.

NOTE Confidence: 0.857052825

 $00:14:37.960 \longrightarrow 00:14:41.188$ Across across the state of Connecticut.

NOTE Confidence: 0.857052825

00:14:41.190 --> 00:14:43.158 Two different systems.

NOTE Confidence: 0.857052825

 $00:14:43.158 \longrightarrow 00:14:44.470$ We collaborate.

NOTE Confidence: 0.857052825

 $00:14:44.470 \longrightarrow 00:14:47.627$ We care for patients in the hospital.

NOTE Confidence: 0.857052825

 $00:14:47.630 \longrightarrow 00:14:48.930$ We go back and forth.

NOTE Confidence: 0.857052825

 $00:14:48.930 \longrightarrow 00:14:50.028$ We do research.

NOTE Confidence: 0.857052825

00:14:50.028 --> 00:14:53.410 We have education, but two different systems,

NOTE Confidence: 0.857052825

 $00:14:53.410 \longrightarrow 00:14:55.486$ great advantages, great advantages to

NOTE Confidence: 0.857052825

 $00:14:55.486 \longrightarrow 00:14:57.670$ being a part of this large system.

NOTE Confidence: 0.857052825

00:14:57.670 --> 00:14:58.264 Great benefits.

NOTE Confidence: 0.857052825

 $00:14:58.264 \longrightarrow 00:15:01.050$ We could spend a lot of time talking about.

NOTE Confidence: 0.857052825

 $00{:}15{:}01.050 \dashrightarrow 00{:}15{:}03.538$ The actual individual benefits

NOTE Confidence: 0.857052825

 $00{:}15{:}03.538 \dashrightarrow 00{:}15{:}06.026$ are linked to resources,

NOTE Confidence: 0.857052825

 $00:15:06.030 \longrightarrow 00:15:08.230$ but it also has a constraint in some

NOTE Confidence: 0.857052825

 $00:15:08.230 \longrightarrow 00:15:11.566$ degrees of agreement of which decisions are.

 $00:15:11.566 \longrightarrow 00:15:13.711$ Hours in which decisions are

NOTE Confidence: 0.857052825

00:15:13.711 --> 00:15:15.728 a part of the system.

NOTE Confidence: 0.857052825

 $00:15:15.730 \longrightarrow 00:15:18.210$ Keep that in mind.

NOTE Confidence: 0.857052825

 $00:15:18.210 \longrightarrow 00:15:20.250$ And here is the state of the department

NOTE Confidence: 0.857052825

 $00:15:20.250 \longrightarrow 00:15:22.629$ in a glance in terms of who we are and

NOTE Confidence: 0.857052825

00:15:22.629 --> 00:15:25.227 and a number of you have seen this before,

NOTE Confidence: 0.857052825

 $00:15:25.230 \longrightarrow 00:15:27.918$ but I just want to keep

NOTE Confidence: 0.857052825

00:15:27.918 --> 00:15:29.710 emphasizing that we're big.

NOTE Confidence: 0.857052825

00:15:29.710 --> 00:15:31.390 We're about 520 people.

NOTE Confidence: 0.857052825

 $00:15:31.390 \longrightarrow 00:15:34.574$ If you if you include our voluntary

NOTE Confidence: 0.857052825

00:15:34.574 --> 00:15:38.024 faculty or community faculty as well.

NOTE Confidence: 0.857052825

 $00{:}15{:}38.030 \dashrightarrow 00{:}15{:}40.895$ We are we are a large department and

NOTE Confidence: 0.857052825

00:15:40.895 --> 00:15:44.045 we were growing pretty rapidly pre

NOTE Confidence: 0.857052825

00:15:44.045 --> 00:15:46.550 COVID and are continuing to grow not

NOTE Confidence: 0.857052825

 $00:15:46.550 \longrightarrow 00:15:49.792$ so rapidly at this point as is true of

 $00:15:49.792 \longrightarrow 00:15:52.190$ every department across the medical school.

NOTE Confidence: 0.857052825

 $00{:}15{:}52.190 \dashrightarrow 00{:}15{:}54.280$ You can see the distribution

NOTE Confidence: 0.857052825

 $00:15:54.280 \longrightarrow 00:15:56.870$ in terms of gender and race,

NOTE Confidence: 0.857052825

 $00:15:56.870 \longrightarrow 00:16:00.414$ but we are actually a pretty big department.

NOTE Confidence: 0.857052825

 $00:16:00.420 \longrightarrow 00:16:02.884$ One thing to call attention to here

NOTE Confidence: 0.857052825

 $00:16:02.884 \longrightarrow 00:16:05.370$ in terms of assistant associated

NOTE Confidence: 0.857052825

 $00{:}16{:}05.370 \dashrightarrow 00{:}16{:}08.250$ full professors is that we are also

NOTE Confidence: 0.857052825

 $00:16:08.250 \longrightarrow 00:16:11.364$ a bit of an aging department and we

NOTE Confidence: 0.857052825

 $00:16:11.364 \longrightarrow 00:16:13.386$ need to work considerably on growing

NOTE Confidence: 0.857052825

 $00:16:13.386 \longrightarrow 00:16:15.332$ our number of assistant professors

NOTE Confidence: 0.857052825

 $00:16:15.332 \longrightarrow 00:16:17.732$ and many of our assistant professors

NOTE Confidence: 0.857052825

00:16:17.732 --> 00:16:20.140 are many of our clinical faculty

NOTE Confidence: 0.857052825

 $00:16:20.140 \longrightarrow 00:16:22.080$ are assistant professors and live

NOTE Confidence: 0.857052825

 $00:16:22.080 \longrightarrow 00:16:25.648$ in this 102 here.

NOTE Confidence: 0.857052825

00:16:25.650 --> 00:16:25.926 Financially,

NOTE Confidence: 0.857052825

 $00:16:25.926 \longrightarrow 00:16:28.410$ I'm not going to go through all of this,

 $00:16:28.410 \longrightarrow 00:16:29.412$ but I just want to give

NOTE Confidence: 0.857052825

 $00:16:29.412 \longrightarrow 00:16:30.729$ you a by the numbers link.

NOTE Confidence: 0.857052825

 $00:16:30.730 \longrightarrow 00:16:32.594$ Look at the department.

NOTE Confidence: 0.857052825

 $00:16:32.594 \longrightarrow 00:16:34.924$ Our annual budget is about

NOTE Confidence: 0.857052825

 $00:16:34.930 \longrightarrow 00:16:36.482$ 46.1 million right here,

NOTE Confidence: 0.857052825

 $00:16:36.482 \longrightarrow 00:16:38.422$ but there is a difference.

NOTE Confidence: 0.857052825

 $00:16:38.430 \longrightarrow 00:16:40.585$ A delta here that's covered

NOTE Confidence: 0.857052825

 $00:16:40.585 \longrightarrow 00:16:42.309$ actually by Yale Medicine.

NOTE Confidence: 0.857052825

 $00:16:42.310 \longrightarrow 00:16:45.635$ We'll get to that in a bit.

NOTE Confidence: 0.901528134545455

 $00{:}16{:}45.640 \dashrightarrow 00{:}16{:}47.887$ Everyone in our grant world has been

NOTE Confidence: 0.901528134545455

 $00:16:47.887 \longrightarrow 00:16:49.280$ extraordinarily busy and fiscal.

NOTE Confidence: 0.901528134545455

 $00:16:49.280 \longrightarrow 00:16:52.502$ Year 21, we had 120 proposals

NOTE Confidence: 0.901528134545455

 $00{:}16{:}52.502 \dashrightarrow 00{:}16{:}55.405$ submitted and we have a number 172

NOTE Confidence: 0.901528134545455

 $00:16:55.405 \longrightarrow 00:16:58.030$ active awards across the department.

NOTE Confidence: 0.901528134545455

00:16:58.030 --> 00:17:00.829 Just think of them and I don't actually have

00:17:00.829 --> 00:17:03.906 to remind you of the amount of work that

NOTE Confidence: 0.901528134545455

 $00:17:03.906 \longrightarrow 00:17:06.510$ that reflects on all levels of individual.

NOTE Confidence: 0.901528134545455

 $00:17:06.510 \longrightarrow 00:17:07.852$ Principal investigators,

NOTE Confidence: 0.901528134545455

00:17:07.852 --> 00:17:11.207 your teams our business office.

NOTE Confidence: 0.901528134545455

00:17:11.210 --> 00:17:14.418 Everyone looking at our annual

NOTE Confidence: 0.901528134545455

00:17:14.418 --> 00:17:15.746 buildings and patient care,

NOTE Confidence: 0.901528134545455

 $00:17:15.750 \longrightarrow 00:17:18.891$ you can see the the between the inpatient our

NOTE Confidence: 0.901528134545455

 $00:17:18.891 \longrightarrow 00:17:21.510$ hospital based services and our outpatient.

NOTE Confidence: 0.901528134545455

 $00:17:21.510 \longrightarrow 00:17:24.700$ We bill about 13 million.

NOTE Confidence: 0.901528134545455

 $00:17:24.700 \longrightarrow 00:17:28.186$ But you look at what we collect.

NOTE Confidence: 0.901528134545455

 $00:17:28.190 \longrightarrow 00:17:30.724$ And not going to perseverate on that.

NOTE Confidence: 0.901528134545455

 $00:17:30.730 \longrightarrow 00:17:33.178$ Many of you have heard me say before

NOTE Confidence: 0.901528134545455

00:17:33.178 --> 00:17:35.689 that that delta has nothing to do

NOTE Confidence: 0.901528134545455

 $00:17:35.689 \longrightarrow 00:17:37.519$ with the considerable amount of

NOTE Confidence: 0.901528134545455

 $00:17:37.587 \longrightarrow 00:17:39.849$ effort that people are putting in,

NOTE Confidence: 0.901528134545455

 $00:17:39.850 \longrightarrow 00:17:42.594$ but has to do with the structural

 $00:17:42.594 \longrightarrow 00:17:45.109$ nature of behavioral health and the

NOTE Confidence: 0.901528134545455

 $00{:}17{:}45.109 \dashrightarrow 00{:}17{:}47.629$ reimbursement will come back to that.

NOTE Confidence: 0.901528134545455

 $00:17:47.630 \longrightarrow 00:17:49.925$ And then you see here the volume of patients.

NOTE Confidence: 0.901528134545455

 $00:17:49.930 \longrightarrow 00:17:51.365$ Then this number will actually

NOTE Confidence: 0.901528134545455

00:17:51.365 --> 00:17:53.722 be higher now if we bring in the

NOTE Confidence: 0.901528134545455

00:17:53.722 --> 00:17:55.066 current or the current months,

NOTE Confidence: 0.901528134545455

 $00:17:55.066 \longrightarrow 00:17:57.329$ I'll show you a bit more about that,

NOTE Confidence: 0.901528134545455

 $00:17:57.330 \longrightarrow 00:18:01.098$ but we do. A tremendous amount of work.

NOTE Confidence: 0.901528134545455

00:18:01.100 --> 00:18:02.720 And if you're curious about these,

NOTE Confidence: 0.901528134545455

 $00:18:02.720 \longrightarrow 00:18:04.620$ this particular age range or

NOTE Confidence: 0.901528134545455

00:18:04.620 --> 00:18:06.520 this particular length of stay,

NOTE Confidence: 0.901528134545455

 $00:18:06.520 \longrightarrow 00:18:08.668$ so we have a tradition actually

NOTE Confidence: 0.901528134545455

00:18:08.668 --> 00:18:10.100 of caring for families,

NOTE Confidence: 0.901528134545455

 $00:18:10.100 \longrightarrow 00:18:12.140$ especially families with developmental

NOTE Confidence: 0.901528134545455

00:18:12.140 --> 00:18:14.180 disabilities well into adulthood,

 $00:18:14.180 \longrightarrow 00:18:16.504$ and for following them across the lifespan.

NOTE Confidence: 0.834611415

 $00{:}18{:}18.900 \longrightarrow 00{:}18{:}20.688$ Sources of income for the department.

NOTE Confidence: 0.834611415

00:18:20.690 --> 00:18:23.714 I just want to show you this again

NOTE Confidence: 0.834611415

 $00:18:23.714 \longrightarrow 00:18:26.593$ to remind you that nearly 1/4 of

NOTE Confidence: 0.834611415

 $00:18:26.593 \longrightarrow 00:18:29.414$ our actual revenue that we very much

NOTE Confidence: 0.834611415

00:18:29.414 --> 00:18:32.448 depend on is from Gibson Endowments,

NOTE Confidence: 0.834611415

 $00:18:32.450 \longrightarrow 00:18:35.249$ so that's why we focus so much on our

NOTE Confidence: 0.834611415

00:18:35.249 --> 00:18:37.629 child Study Center Associates and on

NOTE Confidence: 0.834611415

 $00{:}18{:}37.629 \dashrightarrow 00{:}18{:}40.064$ on bringing in and being sure that

NOTE Confidence: 0.834611415

 $00:18:40.064 \longrightarrow 00:18:42.499$ we are good stewards to the donors

NOTE Confidence: 0.834611415

 $00:18:42.499 \longrightarrow 00:18:45.118$ of the department and then nearly

NOTE Confidence: 0.834611415

 $00{:}18{:}45.118 \dashrightarrow 00{:}18{:}48.334$ 60% from our grants and contracts.

NOTE Confidence: 0.834611415

 $00:18:48.340 \longrightarrow 00:18:50.896$ One other kind of financial piece

NOTE Confidence: 0.834611415

 $00:18:50.896 \longrightarrow 00:18:52.600$ just to show you.

NOTE Confidence: 0.834611415

 $00:18:52.600 \longrightarrow 00:18:54.900$ Is the finances by mission now

NOTE Confidence: 0.834611415

 $00:18:54.900 \longrightarrow 00:18:56.160$ a number of you have heard this,

00:18:56.160 --> 00:18:58.806 but I can't emphasize it enough.

NOTE Confidence: 0.834611415

00:18:58.810 --> 00:19:00.965 That, in contrast to every

NOTE Confidence: 0.834611415

 $00:19:00.965 \longrightarrow 00:19:02.258$ other clinical department.

NOTE Confidence: 0.834611415

00:19:02.260 --> 00:19:06.082 We actually cover our education and

NOTE Confidence: 0.834611415

 $00:19:06.082 \longrightarrow 00:19:08.600$ research missions through our endowments,

NOTE Confidence: 0.834611415

00:19:08.600 --> 00:19:10.266 our grants, our gifts.

NOTE Confidence: 0.834611415

 $00:19:10.266 \longrightarrow 00:19:11.718$ Every other department does

NOTE Confidence: 0.834611415

 $00:19:11.718 \longrightarrow 00:19:13.170$ it in the reverse,

NOTE Confidence: 0.834611415

 $00:19:13.170 \dashrightarrow 00:19:15.816$ the clinical revenue goes to support that,

NOTE Confidence: 0.834611415

 $00{:}19{:}15.820 \dashrightarrow 00{:}19{:}18.142$ but the nature of behavioral health

NOTE Confidence: 0.834611415

 $00:19:18.142 \longrightarrow 00:19:20.370$ means that that's not possible.

NOTE Confidence: 0.834611415

 $00:19:20.370 \longrightarrow 00:19:22.026$ So far in the clinical side,

NOTE Confidence: 0.834611415

 $00{:}19{:}22.030 \dashrightarrow 00{:}19{:}25.488$ we have a 7.1 million unfunded gap

NOTE Confidence: 0.834611415

00:19:25.488 --> 00:19:28.690 that is supported by Yale Medicine,

NOTE Confidence: 0.834611415

 $00:19:28.690 \longrightarrow 00:19:31.660$ and 90% of those expenses

 $00:19:31.660 \longrightarrow 00:19:34.630$ are made up of salaries.

NOTE Confidence: 0.834611415

 $00:19:34.630 \longrightarrow 00:19:38.466$ So it's really important this is

NOTE Confidence: 0.834611415

 $00:19:38.466 \longrightarrow 00:19:40.756$ actually the structural issue in

NOTE Confidence: 0.834611415

 $00:19:40.756 \longrightarrow 00:19:43.323$ behavioral health that I want to

NOTE Confidence: 0.834611415

00:19:43.323 --> 00:19:45.450 continue to bring everyone into in

NOTE Confidence: 0.834611415

 $00:19:45.450 \longrightarrow 00:19:47.270$ your roles as members of the faculty.

NOTE Confidence: 0.834611415

 $00{:}19{:}47.270 \dashrightarrow 00{:}19{:}49.806$ Your roles is in training with us as

NOTE Confidence: 0.834611415

00:19:49.806 --> 00:19:52.386 our members of our Community and as

NOTE Confidence: 0.834611415

00:19:52.386 --> 00:19:54.266 members of the greater community,

NOTE Confidence: 0.834611415

 $00:19:54.270 \longrightarrow 00:19:57.240$ and to help you be advocates for this issue.

NOTE Confidence: 0.911306395833333

00:20:01.150 --> 00:20:04.174 So let's go forward to carrying forward

NOTE Confidence: 0.911306395833333

 $00:20:04.174 \longrightarrow 00:20:06.520$ what we've learned during copin.

NOTE Confidence: 0.911306395833333

 $00:20:06.520 \longrightarrow 00:20:09.138$ Just to to talk about that briefly.

NOTE Confidence: 0.883419695

00:20:11.450 --> 00:20:13.914 1st, I'm actually not going to talk

NOTE Confidence: 0.883419695

 $00:20:13.914 \longrightarrow 00:20:16.170$ about the various technical things.

NOTE Confidence: 0.883419695

00:20:16.170 --> 00:20:17.385 I'm gonna talk about what

 $00:20:17.385 \longrightarrow 00:20:18.357$ we have actually learned.

NOTE Confidence: 0.883419695

 $00:20:18.360 \longrightarrow 00:20:22.406$ I think from these 22 months psychologically.

NOTE Confidence: 0.883419695

 $00:20:22.410 \longrightarrow 00:20:24.450$ No surprise that we've learned

NOTE Confidence: 0.883419695

00:20:24.450 --> 00:20:26.082 that things change unexpectedly,

NOTE Confidence: 0.883419695

 $00:20:26.090 \longrightarrow 00:20:28.904$ just like in the last few weeks.

NOTE Confidence: 0.883419695

 $00:20:28.910 \longrightarrow 00:20:31.540$ But I can't emphasize enough.

NOTE Confidence: 0.883419695

00:20:31.540 --> 00:20:33.940 But we've also learned that as a community,

NOTE Confidence: 0.883419695

 $00:20:33.940 \longrightarrow 00:20:36.894$ we're adaptable and we can be flexible.

NOTE Confidence: 0.883419695

 $00:20:36.900 \longrightarrow 00:20:39.552$ Back to that quote that I

NOTE Confidence: 0.883419695

 $00:20:39.552 \longrightarrow 00:20:42.429$ gave you from from about the.

NOTE Confidence: 0.883419695

00:20:42.430 --> 00:20:45.364 Her edness keeping us from talking

NOTE Confidence: 0.883419695

 $00:20:45.364 \longrightarrow 00:20:47.320$ or seeing the extraordinary.

NOTE Confidence: 0.883419695

 $00:20:47.320 \longrightarrow 00:20:49.864$ There's been an extraordinary examples of

NOTE Confidence: 0.883419695

 $00:20:49.864 \longrightarrow 00:20:52.120$ tremendous adaptability across our missions,

NOTE Confidence: 0.883419695

 $00:20:52.120 \longrightarrow 00:20:55.222$ and by education and research on the

 $00:20:55.222 \longrightarrow 00:20:57.088$ clinical through all of this and

NOTE Confidence: 0.883419695

 $00:20:57.088 \longrightarrow 00:20:58.699$ enormous flexibility peeping at people,

NOTE Confidence: 0.883419695

 $00:20:58.700 \longrightarrow 00:21:01.892$ being able to turn on a dime to do what

NOTE Confidence: 0.883419695

 $00:21:01.892 \longrightarrow 00:21:05.000$ they have are here and committed to doing.

NOTE Confidence: 0.883419695

 $00:21:05.000 \longrightarrow 00:21:06.596$ I think we should celebrate that,

NOTE Confidence: 0.883419695

 $00{:}21{:}06.600 \dashrightarrow 00{:}21{:}08.967$ but I also think we need to be reflective

NOTE Confidence: 0.883419695

 $00{:}21{:}08.967 \dashrightarrow 00{:}21{:}11.689$ of what made it possible for us to do that.

NOTE Confidence: 0.883419695

 $00:21:11.690 \longrightarrow 00:21:14.266$ So that we don't lose that capacity

NOTE Confidence: 0.883419695

 $00:21:14.270 \longrightarrow 00:21:16.610$ when we come back, whatever,

NOTE Confidence: 0.883419695

 $00:21:16.610 \longrightarrow 00:21:19.448$ come back means.

NOTE Confidence: 0.883419695

 $00{:}21{:}19.450 \dashrightarrow 00{:}21{:}21.522$ I think we've learned also that we need

NOTE Confidence: 0.883419695

 $00:21:21.522 \longrightarrow 00:21:23.437$ to be extraordinarily intentional about

NOTE Confidence: 0.883419695

 $00:21:23.437 \longrightarrow 00:21:26.101$ holding our community together as strong

NOTE Confidence: 0.883419695

00:21:26.101 --> 00:21:28.569 as our Community as a department was,

NOTE Confidence: 0.883419695

 $00:21:28.570 \longrightarrow 00:21:30.904$ it does not stay together when

NOTE Confidence: 0.883419695

 $00:21:30.904 \longrightarrow 00:21:33.479$ we are simply apart and virtual.

 $00:21:33.480 \longrightarrow 00:21:36.036$ And with this degree of stress.

NOTE Confidence: 0.883419695

00:21:36.040 --> 00:21:38.680 It takes intentionality and I again

NOTE Confidence: 0.883419695

00:21:38.680 --> 00:21:41.561 celebrate and I'm grateful for how many

NOTE Confidence: 0.883419695

00:21:41.561 --> 00:21:43.997 good ideas have come out to actually

NOTE Confidence: 0.883419695

 $00:21:44.070 \longrightarrow 00:21:46.500$ hold us together from small gatherings

NOTE Confidence: 0.883419695

 $00:21:46.500 \longrightarrow 00:21:50.688$ when we can gather to tusum book hours,

NOTE Confidence: 0.883419695

 $00:21:50.688 \longrightarrow 00:21:52.614$ 2 coffees zoom,

NOTE Confidence: 0.883419695

 $00:21:52.620 \longrightarrow 00:21:54.240$ we need to be intentional to

NOTE Confidence: 0.883419695

 $00:21:54.240 \longrightarrow 00:21:55.890$ continue to hold us together.

NOTE Confidence: 0.945459032857143

 $00:21:57.910 \longrightarrow 00:22:00.290$ We've also learned that we can actually

NOTE Confidence: 0.945459032857143

 $00{:}22{:}00.290 \dashrightarrow 00{:}22{:}02.614$ be accepting and we can work together

NOTE Confidence: 0.945459032857143

 $00:22:02.614 \longrightarrow 00:22:05.217$ to make change to move forward even when

NOTE Confidence: 0.945459032857143

 $00{:}22{:}05.217 \dashrightarrow 00{:}22{:}07.263$ we're in the middle of uncertainty.

NOTE Confidence: 0.945459032857143

 $00:22:07.270 \longrightarrow 00:22:09.658$ But we need to again think

NOTE Confidence: 0.945459032857143

 $00:22:09.658 \longrightarrow 00:22:11.760$ about how we've done that.

00:22:11.760 --> 00:22:15.212 And what we've learned is that we people

NOTE Confidence: 0.945459032857143

 $00:22:15.212 \longrightarrow 00:22:17.536$ have learned to work in different ways.

NOTE Confidence: 0.945459032857143

00:22:17.540 --> 00:22:19.160 They've learned the possibilities

NOTE Confidence: 0.945459032857143

00:22:19.160 --> 00:22:20.780 of working from home,

NOTE Confidence: 0.945459032857143

 $00:22:20.780 \longrightarrow 00:22:23.510$ so we now need going forward to

NOTE Confidence: 0.945459032857143

 $00:22:23.510 \longrightarrow 00:22:26.010$ understand and accept individual needs.

NOTE Confidence: 0.945459032857143

 $00:22:26.010 \longrightarrow 00:22:28.656$ While at the same time having

NOTE Confidence: 0.945459032857143

 $00:22:28.656 \longrightarrow 00:22:30.420$ expectations and best practices

NOTE Confidence: 0.945459032857143

 $00{:}22{:}30.500 \dashrightarrow 00{:}22{:}32.887$ that we can share as a community.

NOTE Confidence: 0.945459032857143 $00:22:32.890 \longrightarrow 00:22:33.874$ And finally,

NOTE Confidence: 0.945459032857143

 $00:22:33.874 \longrightarrow 00:22:36.826$ we can absolutely never communicate enough.

NOTE Confidence: 0.945459032857143

 $00:22:36.830 \longrightarrow 00:22:38.276$ As I said earlier, I was.

NOTE Confidence: 0.945459032857143

 $00:22:38.280 \longrightarrow 00:22:40.330$ I was learning this before,

NOTE Confidence: 0.945459032857143

 $00:22:40.330 \longrightarrow 00:22:42.586$ but I have learned this tremendously

NOTE Confidence: 0.945459032857143

 $00:22:42.586 \longrightarrow 00:22:46.010$ that we have a tremendous amount to say.

NOTE Confidence: 0.945459032857143

 $00:22:46.010 \longrightarrow 00:22:47.390$ There's always more to say,

 $00:22:47.390 \longrightarrow 00:22:49.502$ and there is tremendous virtue in

NOTE Confidence: 0.945459032857143

 $00:22:49.502 \longrightarrow 00:22:51.580$ repeating it across different modalities.

NOTE Confidence: 0.920166370833333

00:22:54.630 --> 00:22:56.774 So what do I think our new working

NOTE Confidence: 0.920166370833333

00:22:56.774 --> 00:22:57.890 environment will look like?

NOTE Confidence: 0.920166370833333

00:22:57.890 --> 00:23:00.109 Best is a crystal ball, can tell is.

NOTE Confidence: 0.920166370833333

00:23:00.109 --> 00:23:03.869 I think we will likely once we get past all

NOTE Confidence: 0.920166370833333

00:23:03.869 --> 00:23:07.012 mycron I'll continue the hybrid grand rounds.

NOTE Confidence: 0.920166370833333

 $00{:}23{:}07.020 \dashrightarrow 00{:}23{:}09.120$ There are tremendous advantages to this

NOTE Confidence: 0.920166370833333

00:23:09.120 --> 00:23:11.423 'cause we can invite speakers from all

NOTE Confidence: 0.920166370833333

 $00:23:11.423 \longrightarrow 00:23:13.970$ over the world who can join us remotely.

NOTE Confidence: 0.920166370833333

 $00:23:13.970 \longrightarrow 00:23:17.070$ Easier for them cost effective,

NOTE Confidence: 0.920166370833333

 $00:23:17.070 \longrightarrow 00:23:20.850$ tremendous ways of sharing ideas.

NOTE Confidence: 0.920166370833333

 $00{:}23{:}20.850 \dashrightarrow 00{:}23{:}23.762$ I think we'll actually start to use virtual

NOTE Confidence: 0.920166370833333

 $00:23:23.762 \longrightarrow 00:23:25.666$ interviews for faculty and fellows,

NOTE Confidence: 0.920166370833333

 $00:23:25.666 \longrightarrow 00:23:27.970$ which which actually levels the playing

 $00:23:28.030 \longrightarrow 00:23:30.025$ field in case someone either can't

NOTE Confidence: 0.920166370833333

 $00{:}23{:}30.025 \dashrightarrow 00{:}23{:}32.828$ afford to come or the cost is just

NOTE Confidence: 0.920166370833333

 $00:23:32.828 \longrightarrow 00:23:35.250$ too high to bring them for interviews.

NOTE Confidence: 0.920166370833333

00:23:35.250 --> 00:23:37.678 Initial virtual interviews truly

NOTE Confidence: 0.920166370833333

 $00:23:37.678 \longrightarrow 00:23:40.106$ levels the playing field.

NOTE Confidence: 0.920166370833333

00:23:40.110 --> 00:23:41.937 I think we'll continue to use the

NOTE Confidence: 0.920166370833333

00:23:41.937 --> 00:23:43.590 virtual platform for faculty meetings,

NOTE Confidence: 0.920166370833333

 $00:23:43.590 \longrightarrow 00:23:46.236$ but be smart about it and so

NOTE Confidence: 0.920166370833333

 $00:23:46.236 \longrightarrow 00:23:47.370$ it's more participatory.

NOTE Confidence: 0.920166370833333

00:23:47.370 --> 00:23:49.122 Obviously hybrid Tele health.

NOTE Confidence: 0.920166370833333

 $00{:}23{:}49.122 \dashrightarrow 00{:}23{:}51.750$ And I hope that people across

NOTE Confidence: 0.920166370833333

 $00{:}23{:}51.828 \dashrightarrow 00{:}23{:}54.186$ your various groups will also can

NOTE Confidence: 0.920166370833333

 $00:23:54.186 \longrightarrow 00:23:56.880$ begin to use hybrid participation,

NOTE Confidence: 0.920166370833333

 $00:23:56.880 \longrightarrow 00:23:59.288$ even when we can be in person and

NOTE Confidence: 0.920166370833333

 $00:23:59.288 \longrightarrow 00:24:01.685$ again be really smart about how

NOTE Confidence: 0.920166370833333

 $00{:}24{:}01.685 \dashrightarrow 00{:}24{:}03.835$ to make everyone feel included.

 $00:24:03.840 \longrightarrow 00:24:06.320$ And finally we need to have be very

NOTE Confidence: 0.920166370833333

 $00:24:06.320 \longrightarrow 00:24:08.036$ thoughtful about work schedules that

NOTE Confidence: 0.920166370833333

 $00:24:08.036 \longrightarrow 00:24:10.451$ allow some time for working from home.

NOTE Confidence: 0.920166370833333

 $00:24:10.460 \longrightarrow 00:24:12.956$ The world has changed and that

NOTE Confidence: 0.920166370833333

 $00:24:12.956 \longrightarrow 00:24:14.620$ is where we are.

NOTE Confidence: 0.920166370833333

00:24:14.620 --> 00:24:16.696 And to the point of communication,

NOTE Confidence: 0.920166370833333

00:24:16.700 --> 00:24:19.031 I just really need to celebrate and

NOTE Confidence: 0.920166370833333

 $00{:}24{:}19.031 \dashrightarrow 00{:}24{:}21.960$ talk really gratefully to our new.

NOTE Confidence: 0.920166370833333

 $00:24:21.960 \longrightarrow 00:24:24.220$ Let me emphasize full-time

NOTE Confidence: 0.920166370833333

 $00{:}24{:}24.220 \dashrightarrow 00{:}24{:}26.636$ communications officer Krista Krista

NOTE Confidence: 0.920166370833333

 $00:24:26.636 \longrightarrow 00:24:30.260$ hit the ground running in November.

NOTE Confidence: 0.920166370833333

00:24:30.260 --> 00:24:32.000 I'm sure for Krista it feels

NOTE Confidence: 0.920166370833333

00:24:32.000 --> 00:24:33.940 like it's been a Millennium,

NOTE Confidence: 0.920166370833333

00:24:33.940 --> 00:24:35.907 but it's been a wonderful two months,

NOTE Confidence: 0.920166370833333

 $00:24:35.910 \longrightarrow 00:24:38.416$ and Krista has already, as you know,

00:24:38.420 --> 00:24:40.748 very much up the game of the insider.

NOTE Confidence: 0.920166370833333

00:24:40.750 --> 00:24:42.320 And it's coming out regularly

NOTE Confidence: 0.920166370833333

 $00:24:42.320 \longrightarrow 00:24:43.890$ has put out an associates.

NOTE Confidence: 0.920166370833333

 $00:24:43.890 \longrightarrow 00:24:46.514$ Newsletter is building a

NOTE Confidence: 0.920166370833333

00:24:46.514 --> 00:24:47.826 communication strategy.

NOTE Confidence: 0.920166370833333

00:24:47.830 --> 00:24:49.518 A regular communications calendar,

NOTE Confidence: 0.920166370833333

00:24:49.518 --> 00:24:53.110 and is very open to input from everyone,

NOTE Confidence: 0.920166370833333

00:24:53.110 --> 00:24:55.060 but I think Krista Krista's presence

NOTE Confidence: 0.920166370833333

 $00:24:55.060 \longrightarrow 00:24:57.488$ is going to greatly add to a number

NOTE Confidence: 0.920166370833333

 $00:24:57.488 \longrightarrow 00:24:59.439$ of these things that I'm going to

NOTE Confidence: 0.920166370833333

00:24:59.439 --> 00:25:01.710 talk about later, but just has truly,

NOTE Confidence: 0.920166370833333

 $00:25:01.710 \longrightarrow 00:25:04.260$ truly already shifted the gain in these

NOTE Confidence: 0.920166370833333

 $00{:}25{:}04.260 \dashrightarrow 00{:}25{:}06.298$ two months. So thank you, Krista.

NOTE Confidence: 0.801220854

 $00:25:09.110 \longrightarrow 00:25:10.750$ But to use a metaphor,

NOTE Confidence: 0.801220854

 $00:25:10.750 \longrightarrow 00:25:13.109$ we are in a continually evolving situation.

NOTE Confidence: 0.801220854

00:25:13.110 --> 00:25:16.962 Just just recently, Dean Brown in a

00:25:16.962 --> 00:25:19.128 meeting with the chairs was talking

NOTE Confidence: 0.801220854

00:25:19.128 --> 00:25:21.591 about how this metaphor was one that

NOTE Confidence: 0.801220854

 $00:25:21.591 \longrightarrow 00:25:24.199$ she had come to not like at all.

NOTE Confidence: 0.801220854

 $00:25:24.200 \longrightarrow 00:25:26.152$ But it is the fact of our reality

NOTE Confidence: 0.801220854

00:25:26.152 --> 00:25:28.516 and I just want to remind us though

NOTE Confidence: 0.801220854

00:25:28.520 --> 00:25:31.172 about our capacity for adapting and

NOTE Confidence: 0.801220854

 $00:25:31.172 \longrightarrow 00:25:33.420$ flexibility and staying in touch

NOTE Confidence: 0.801220854

 $00:25:33.420 \longrightarrow 00:25:36.283$ because we are in an evolving situation.

NOTE Confidence: 0.8829896625

 $00:25:38.730 \longrightarrow 00:25:42.314$ So let's turn to the behavioral health surge.

NOTE Confidence: 0.8829896625

 $00{:}25{:}42.320 \dashrightarrow 00{:}25{:}44.540$ And in many ways this graphic

NOTE Confidence: 0.8829896625

00:25:44.540 --> 00:25:46.280 does not accurately represent it,

NOTE Confidence: 0.8829896625

 $00:25:46.280 \longrightarrow 00:25:48.092$ because it suggests that a physical

NOTE Confidence: 0.8829896625

 $00{:}25{:}48.092 \dashrightarrow 00{:}25{:}49.840$ health crisis ends in wave one.

NOTE Confidence: 0.8829896625

 $00:25:49.840 \longrightarrow 00:25:51.742$ You have an economic crisis and

NOTE Confidence: 0.8829896625

 $00:25:51.742 \longrightarrow 00:25:53.500$ then a mental health crisis.

 $00:25:53.500 \longrightarrow 00:25:55.912$ This would actually be better represented

NOTE Confidence: 0.8829896625

 $00:25:55.912 \longrightarrow 00:25:58.273$ by waves that are the lighter blue

NOTE Confidence: 0.8829896625

 $00:25:58.273 \longrightarrow 00:25:59.779$ is still with the darker blue.

NOTE Confidence: 0.8829896625

 $00:25:59.780 \longrightarrow 00:26:01.820$ 'cause obviously we're in

NOTE Confidence: 0.8829896625

 $00:26:01.820 \longrightarrow 00:26:04.370$ different surges from the virus.

NOTE Confidence: 0.8829896625

 $00:26:04.370 \longrightarrow 00:26:07.695$ But it is true that this particular

NOTE Confidence: 0.8829896625

 $00:26:07.695 \longrightarrow 00:26:10.574$ pandemic has not caused a surge

NOTE Confidence: 0.8829896625

00:26:10.574 --> 00:26:12.584 or this behavioral health surge,

NOTE Confidence: 0.8829896625

 $00{:}26{:}12.590 \dashrightarrow 00{:}26{:}14.590$ although it certainly has

NOTE Confidence: 0.8829896625

 $00:26:14.590 \longrightarrow 00:26:16.090$ added tremendous stress,

NOTE Confidence: 0.8829896625

 $00:26:16.090 \longrightarrow 00:26:18.600$ but that we are in the middle of if you will,

NOTE Confidence: 0.8829896625

 $00:26:18.600 \longrightarrow 00:26:21.390$ a mental health be child

NOTE Confidence: 0.8829896625

00:26:21.390 --> 00:26:23.064 behavioral health pandemic.

NOTE Confidence: 0.8829896625

 $00:26:23.070 \longrightarrow 00:26:25.398$ So let me just give you some information.

NOTE Confidence: 0.929789277272727

00:26:29.000 --> 00:26:32.087 Reports of this started even well over

NOTE Confidence: 0.929789277272727

 $00:26:32.087 \longrightarrow 00:26:37.100$ now a year ago in the summer of 2021,

 $00:26:37.100 \longrightarrow 00:26:39.460$ and these are just a few of the

NOTE Confidence: 0.929789277272727

 $00:26:39.460 \longrightarrow 00:26:41.470$ headlines that Amanda Lowell gather.

NOTE Confidence: 0.929789277272727

 $00:26:41.470 \longrightarrow 00:26:43.810$ But it's been as you know,

NOTE Confidence: 0.929789277272727

00:26:43.810 --> 00:26:47.220 the American Academy of Pediatrics.

NOTE Confidence: 0.929789277272727

00:26:47.220 --> 00:26:49.488 American Academy of Pediatrics

NOTE Confidence: 0.929789277272727

 $00:26:49.488 \longrightarrow 00:26:51.643$ and our own society.

NOTE Confidence: 0.929789277272727

00:26:51.643 --> 00:26:54.814 A camp has declared a national emergency

NOTE Confidence: 0.929789277272727

 $00:26:54.814 \longrightarrow 00:26:58.067$ in child and adolescent mental health.

NOTE Confidence: 0.929789277272727

00:26:58.070 --> 00:27:00.646 Noting, as did the surgeon General recently,

NOTE Confidence: 0.929789277272727

 $00:27:00.650 \longrightarrow 00:27:02.898$ noting that there are

NOTE Confidence: 0.929789277272727

 $00:27:02.898 \longrightarrow 00:27:05.146$ increasing numbers of cases,

NOTE Confidence: 0.929789277272727

 $00:27:05.150 \longrightarrow 00:27:06.791$ there's increasing need

NOTE Confidence: 0.929789277272727

 $00{:}27{:}06.791 \dashrightarrow 00{:}27{:}08.979$ and a workforce shortage.

NOTE Confidence: 0.929789277272727

 $00:27:08.980 \longrightarrow 00:27:11.764$ And just in the last week and actually

NOTE Confidence: 0.929789277272727

00:27:11.764 --> 00:27:14.790 just this morning and the New York Times,

 $00:27:14.790 \longrightarrow 00:27:18.702$ 2 editorials on not only children's

NOTE Confidence: 0.929789277272727

00:27:18.702 --> 00:27:20.658 behavioral health needs,

NOTE Confidence: 0.929789277272727

 $00:27:20.660 \longrightarrow 00:27:23.460$ but the tremendous tremendous stresses

NOTE Confidence: 0.929789277272727

 $00:27:23.460 \longrightarrow 00:27:26.260$ that families across the country

NOTE Confidence: 0.929789277272727

 $00:27:26.347 \longrightarrow 00:27:29.047$ are experiencing and what people are

NOTE Confidence: 0.929789277272727

 $00:27:29.047 \longrightarrow 00:27:32.350$ calling a crisis for American children.

NOTE Confidence: 0.929789277272727

 $00{:}27{:}32.350 \dashrightarrow 00{:}27{:}34.429$ Now let me say one thing about this kind

NOTE Confidence: 0.929789277272727

 $00:27:34.429 \longrightarrow 00:27:36.486$ of reporting and those kind of data.

NOTE Confidence: 0.929789277272727

 $00:27:36.490 \longrightarrow 00:27:40.414$ And then I'll show you data from us locally.

NOTE Confidence: 0.929789277272727

 $00:27:40.420 \longrightarrow 00:27:43.284$ Creating a sense of urgency by these kinds

NOTE Confidence: 0.929789277272727

 $00{:}27{:}43.284 \dashrightarrow 00{:}27{:}46.316$ of headlines is only as effective as if,

NOTE Confidence: 0.929789277272727

 $00:27:46.320 \longrightarrow 00:27:49.778$ as when we propose solutions to it.

NOTE Confidence: 0.929789277272727

 $00{:}27{:}49.780 \dashrightarrow 00{:}27{:}53.914$ So I am incredibly pleased that this

NOTE Confidence: 0.929789277272727

 $00{:}27{:}53.914 {\:\dashrightarrow\:} 00{:}27{:}55.824$ has been gaining national attention

NOTE Confidence: 0.929789277272727

00:27:55.824 --> 00:27:58.248 and people are talking about this,

NOTE Confidence: 0.929789277272727

 $00:27:58.250 \longrightarrow 00:27:59.538$ and it is now.

 $00:27:59.538 \longrightarrow 00:28:02.482$ It is now a headline issue that there

NOTE Confidence: 0.929789277272727

 $00{:}28{:}02.482 \dashrightarrow 00{:}28{:}05.254$ is a child behavioral health crisis.

NOTE Confidence: 0.929789277272727

 $00:28:05.260 \longrightarrow 00:28:08.068$ But I would say that there was a child

NOTE Confidence: 0.929789277272727

 $00:28:08.068 \longrightarrow 00:28:10.610$ behavioral health crisis before the pandemic.

NOTE Confidence: 0.929789277272727

00:28:10.610 --> 00:28:13.010 There was already a fractured

NOTE Confidence: 0.929789277272727

 $00:28:13.010 \longrightarrow 00:28:15.410$ delivery system before the pandemic.

NOTE Confidence: 0.929789277272727

 $00:28:15.410 \longrightarrow 00:28:17.522$ And what the pandemic has shown

NOTE Confidence: 0.929789277272727

 $00:28:17.522 \longrightarrow 00:28:19.210$ is how fractured it is,

NOTE Confidence: 0.929789277272727

 $00{:}28{:}19.210 \dashrightarrow 00{:}28{:}21.695$ and we're creating a sense of urgency

NOTE Confidence: 0.929789277272727

 $00:28:21.695 \longrightarrow 00:28:24.408$ now about that great framing strategy.

NOTE Confidence: 0.929789277272727

00:28:24.410 --> 00:28:26.522 But the thing that has to go hand

NOTE Confidence: 0.929789277272727

 $00:28:26.522 \longrightarrow 00:28:28.608$ in hand is to create solutions,

NOTE Confidence: 0.929789277272727

 $00{:}28{:}28.610 \dashrightarrow 00{:}28{:}31.146$ and that's what I hope that is our

NOTE Confidence: 0.929789277272727

 $00:28:31.146 \longrightarrow 00:28:33.711$ responsibility, and we do well.

NOTE Confidence: 0.929789277272727

 $00:28:33.711 \longrightarrow 00:28:36.658$ What does it look like for us?

 $00:28:36.660 \longrightarrow 00:28:38.140$ So these actually are this.

NOTE Confidence: 0.929789277272727

00:28:38.140 --> 00:28:40.420 These are data from Aaron who

NOTE Confidence: 0.929789277272727

 $00:28:40.420 \longrightarrow 00:28:42.427$ actually show our requests for

NOTE Confidence: 0.929789277272727

 $00:28:42.427 \longrightarrow 00:28:44.517$ clinical services from July 2019.

NOTE Confidence: 0.929789277272727

 $00:28:44.520 \longrightarrow 00:28:47.104$ So about a little more than six months

NOTE Confidence: 0.929789277272727

 $00:28:47.104 \longrightarrow 00:28:49.559$ before the pandemic before we went out

NOTE Confidence: 0.929789277272727

 $00:28:49.559 \longrightarrow 00:28:53.930$ and March to the end of November 2021.

NOTE Confidence: 0.929789277272727

00:28:53.930 --> 00:28:56.688 And I want you to note right

NOTE Confidence: 0.929789277272727

 $00:28:56.688 \longrightarrow 00:29:00.400$ here in January 20. This peak.

NOTE Confidence: 0.929789277272727

 $00:29:00.400 \longrightarrow 00:29:02.860$ So referrals for some unexplainable reason

NOTE Confidence: 0.929789277272727

 $00:29:02.860 \longrightarrow 00:29:06.099$ had a peak right there in January 2020.

NOTE Confidence: 0.929789277272727

 $00:29:06.100 \longrightarrow 00:29:07.918$ I don't think it's so inexplicable.

NOTE Confidence: 0.929789277272727

 $00:29:07.920 \longrightarrow 00:29:09.810$ I think things were starting to

NOTE Confidence: 0.929789277272727

 $00:29:09.810 \longrightarrow 00:29:12.707$ to go on the upswing for a whole

NOTE Confidence: 0.929789277272727

00:29:12.707 --> 00:29:14.657 host of non pandemic reasons.

NOTE Confidence: 0.929789277272727

 $00:29:14.660 \longrightarrow 00:29:17.846$ Then here's the pandemic tremendous drop.

 $00:29:17.850 \longrightarrow 00:29:21.056$ And then you can see the steady

NOTE Confidence: 0.929789277272727

 $00:29:21.056 \longrightarrow 00:29:23.050$ steady increase ever since.

NOTE Confidence: 0.929789277272727

 $00:29:23.050 \longrightarrow 00:29:26.196$ So basically at this point we take.

NOTE Confidence: 0.929789277272727

00:29:26.196 --> 00:29:28.014 This is the that January peak

NOTE Confidence: 0.929789277272727

00:29:28.014 --> 00:29:29.953 showing you that something was

NOTE Confidence: 0.929789277272727

 $00:29:29.953 \longrightarrow 00:29:31.649$ happening before the pandemic.

NOTE Confidence: 0.929789277272727

00:29:31.650 --> 00:29:34.429 But if you look now with pre

NOTE Confidence: 0.929789277272727

 $00:29:34.429 \longrightarrow 00:29:37.464$ pandemic way out here in 1819 we

NOTE Confidence: 0.929789277272727

 $00:29:37.464 \longrightarrow 00:29:40.866$ had about 150 referrals per month.

NOTE Confidence: 0.929789277272727

 $00{:}29{:}40.870 \dashrightarrow 00{:}29{:}44.002$ Now we're averaging about 250 referrals

NOTE Confidence: 0.929789277272727

00:29:44.002 --> 00:29:46.802 per month, and that's an average.

NOTE Confidence: 0.929789277272727

 $00:29:46.802 \longrightarrow 00:29:50.470$ So there are months where that's more peaked.

NOTE Confidence: 0.929789277272727

 $00{:}29{:}50.470 \dashrightarrow 00{:}29{:}52.858$ Make sure your data from our

NOTE Confidence: 0.929789277272727

00:29:52.858 --> 00:29:54.853 hospital side of things now.

NOTE Confidence: 0.929789277272727

 $00:29:54.853 \longrightarrow 00:29:57.271$ Our hospital colleagues operate on a

 $00:29:57.271 \longrightarrow 00:29:59.800$ fiscal year that begins in October.

NOTE Confidence: 0.929789277272727

 $00:29:59.800 \longrightarrow 00:30:03.400$ So these data from 2022 is fiscal year

NOTE Confidence: 0.88885003

 $00:30:03.400 \longrightarrow 00:30:07.190$ 2022, starting in October 2021

NOTE Confidence: 0.88885003

 $00:30:07.190 \longrightarrow 00:30:10.350$ and basically covering 3 months.

NOTE Confidence: 0.88885003

 $00:30:10.350 \longrightarrow 00:30:13.598$ That's what you want to hold in mind.

NOTE Confidence: 0.88885003

00:30:13.600 --> 00:30:16.757 2022, three months compared to right here.

NOTE Confidence: 0.88885003

 $00:30:16.760 \longrightarrow 00:30:19.190$ 2021 a full fiscal year.

NOTE Confidence: 0.88885003

 $00{:}30{:}19.190 \dashrightarrow 00{:}30{:}22.322$ And three months in the Ed and

NOTE Confidence: 0.88885003

00:30:22.322 --> 00:30:24.210 I short presentation here,

NOTE Confidence: 0.88885003

 $00:30:24.210 \longrightarrow 00:30:25.930$ a fiscal year 2022.

NOTE Confidence: 0.88885003

 $00:30:25.930 \longrightarrow 00:30:28.080$ There's already been 600 visits

NOTE Confidence: 0.88885003

 $00:30:28.080 \longrightarrow 00:30:30.940$ for child behavioral health needs.

NOTE Confidence: 0.88885003

 $00:30:30.940 \longrightarrow 00:30:32.700$ There have been 239 and

NOTE Confidence: 0.88885003

 $00:30:32.700 \longrightarrow 00:30:35.976$ missions in that period of time,

NOTE Confidence: 0.88885003

 $00:30:35.980 \longrightarrow 00:30:38.548$ and these borders means the number

NOTE Confidence: 0.88885003

 $00:30:38.548 \longrightarrow 00:30:41.520$ of children sitting in the Ed waiting

 $00:30:41.520 \longrightarrow 00:30:43.872$ for a bed waiting for admission.

NOTE Confidence: 0.88885003

 $00{:}30{:}43.880 \longrightarrow 00{:}30{:}46.124$ And just look at the difference

NOTE Confidence: 0.88885003

 $00:30:46.124 \longrightarrow 00:30:49.561$ here between 2021-2022.

NOTE Confidence: 0.88885003

 $00:30:49.561 \longrightarrow 00:30:52.405$ And the number of hours that

NOTE Confidence: 0.88885003

 $00:30:52.405 \longrightarrow 00:30:55.080$ those children have been sitting

NOTE Confidence: 0.88885003

 $00:30:55.080 \longrightarrow 00:30:56.150$ waiting cumulatively.

NOTE Confidence: 0.88885003

 $00:30:56.150 \longrightarrow 00:30:58.922$ I will add the lighter to show

NOTE Confidence: 0.88885003

 $00{:}30{:}58.922 \dashrightarrow 00{:}31{:}01.519$ UED visits and the light light

NOTE Confidence: 0.88885003

 $00:31:01.519 \longrightarrow 00:31:03.252$ blue line is October,

NOTE Confidence: 0.88885003

00:31:03.252 --> 00:31:03.678 November,

NOTE Confidence: 0.88885003

 $00{:}31{:}03.678 \dashrightarrow 00{:}31{:}06.234$ December so you can see this

NOTE Confidence: 0.88885003

 $00:31:06.234 \longrightarrow 00:31:08.828$ peak compared to the other years

NOTE Confidence: 0.88885003

 $00{:}31{:}08.830 \dashrightarrow 00{:}31{:}10.750$ and then in missions right here.

NOTE Confidence: 0.868183995

 $00:31:13.530 \longrightarrow 00:31:16.590$ So this has been a tremendous,

NOTE Confidence: 0.868183995

 $00:31:16.590 \longrightarrow 00:31:18.170$ tremendous behavioral health surge.

 $00:31:18.170 \longrightarrow 00:31:21.312$ But the other point at the bottom of

NOTE Confidence: 0.868183995

 $00{:}31{:}21.312 \dashrightarrow 00{:}31{:}23.790$ the slide is again borders border hours.

NOTE Confidence: 0.868183995

00:31:23.790 --> 00:31:26.346 If you take those as a proxy of need,

NOTE Confidence: 0.868183995

 $00:31:26.350 \longrightarrow 00:31:28.200$ have really been on the

NOTE Confidence: 0.868183995

 $00:31:28.200 \longrightarrow 00:31:30.050$ rise since fiscal year 17.

NOTE Confidence: 0.868183995

 $00:31:30.050 \longrightarrow 00:31:32.310$ But the pandemic has.

NOTE Confidence: 0.868183995

 $00:31:32.310 \longrightarrow 00:31:34.570$ Perhaps widen the fracture,

NOTE Confidence: 0.868183995

00:31:34.570 --> 00:31:38.116 but certainly shown us the fracture.

NOTE Confidence: 0.868183995

00:31:38.120 --> 00:31:40.464 And those are the two points I wanted

NOTE Confidence: 0.868183995

 $00:31:40.464 \longrightarrow 00:31:43.320$ that I already called your attention to.

NOTE Confidence: 0.868183995

 $00:31:43.320 \longrightarrow 00:31:46.239$ So what we're seeing is referrals or

NOTE Confidence: 0.868183995

 $00{:}31{:}46.239 \dashrightarrow 00{:}31{:}48.120$ dramatically increasing across services.

NOTE Confidence: 0.868183995

00:31:48.120 --> 00:31:49.680 There's an increase in anxiety,

NOTE Confidence: 0.868183995

00:31:49.680 --> 00:31:52.218 depression, suicidal ideations,

NOTE Confidence: 0.868183995

 $00:31:52.218 \longrightarrow 00:31:53.910$ eating disorders.

NOTE Confidence: 0.868183995

 $00:31:53.910 \longrightarrow 00:31:56.058$ There's a tremendously greater severity that

00:31:56.058 --> 00:31:58.390 requires more intensive and longer treatment,

NOTE Confidence: 0.868183995

 $00{:}31{:}58.390 \dashrightarrow 00{:}32{:}00.430$ so it's not just that there's more children,

NOTE Confidence: 0.868183995

 $00:32:00.430 \longrightarrow 00:32:01.936$ they're actually sicker.

NOTE Confidence: 0.868183995

 $00:32:01.936 \longrightarrow 00:32:03.944$ They need more help,

NOTE Confidence: 0.868183995

 $00:32:03.950 \longrightarrow 00:32:06.866$ so they're staying in treatment longer.

NOTE Confidence: 0.868183995

 $00:32:06.870 \longrightarrow 00:32:08.520$ Then there's fewer programs that

NOTE Confidence: 0.868183995

 $00:32:08.520 \longrightarrow 00:32:10.552$ are available if you think about

NOTE Confidence: 0.868183995

00:32:10.552 --> 00:32:12.172 continuum of care and getting

NOTE Confidence: 0.868183995

00:32:12.172 --> 00:32:14.090 children back into the community.

NOTE Confidence: 0.868183995

 $00:32:14.090 \dashrightarrow 00:32:16.898$ And there's a huge workforce shortage.

NOTE Confidence: 0.868183995

 $00:32:16.900 \longrightarrow 00:32:19.272$ So it looks like this increased referrals,

NOTE Confidence: 0.868183995

00:32:19.272 --> 00:32:20.816 greater severity, longer time,

NOTE Confidence: 0.868183995

 $00:32:20.820 \longrightarrow 00:32:21.682$ and treatment,

NOTE Confidence: 0.868183995

 $00{:}32{:}21.682 \dashrightarrow 00{:}32{:}23.837$ fewer openings longer wait time

NOTE Confidence: 0.868183995

 $00:32:23.837 \longrightarrow 00:32:26.519$ than the system becomes backlogged.

00:32:26.520 --> 00:32:28.758 Which is exactly what we're what,

NOTE Confidence: 0.868183995

 $00:32:28.760 \longrightarrow 00:32:30.500$ not only we are seeing,

NOTE Confidence: 0.868183995

 $00:32:30.500 \longrightarrow 00:32:32.620$ but you are all experiencing.

NOTE Confidence: 0.82843325125

 $00:32:35.720 \longrightarrow 00:32:37.680$ So it's a behavioral health

NOTE Confidence: 0.82843325125

 $00:32:37.680 \longrightarrow 00:32:39.640$ kind of perfect storm.

NOTE Confidence: 0.82843325125

 $00:32:39.640 \longrightarrow 00:32:40.600$ And how do we do it?

NOTE Confidence: 0.82843325125

 $00:32:40.600 \longrightarrow 00:32:41.998$ How are we meeting this surge?

NOTE Confidence: 0.82843325125

 $00:32:42.000 \longrightarrow 00:32:43.925$ We're trying to add resources

NOTE Confidence: 0.82843325125

00:32:43.925 --> 00:32:45.465 to the emergency room

NOTE Confidence: 0.82843325125

 $00:32:45.465 \longrightarrow 00:32:47.140$ restricting our catchment areas.

NOTE Confidence: 0.82843325125

00:32:47.140 --> 00:32:49.312 Working with Yale Medicine and Yale

NOTE Confidence: 0.82843325125

00:32:49.312 --> 00:32:51.310 New Haven for additional support,

NOTE Confidence: 0.82843325125

 $00{:}32{:}51.310 \dashrightarrow 00{:}32{:}53.410$ but also advocating with our

NOTE Confidence: 0.82843325125

 $00:32:53.410 \longrightarrow 00:32:55.090$ state colleagues to think

NOTE Confidence: 0.82843325125

 $00:32:55.090 \longrightarrow 00:32:56.980$ about a continuum of care.

NOTE Confidence: 0.82843325125

 $00:32:56.980 \longrightarrow 00:32:59.240$ More support on the prevention

 $00:32:59.240 \longrightarrow 00:33:01.500$ side for pediatricians for school

NOTE Confidence: 0.82843325125

 $00:33:01.574 \longrightarrow 00:33:04.454$ based services as well as support

NOTE Confidence: 0.82843325125

 $00:33:04.454 \longrightarrow 00:33:06.374$ for intensive outpatient programs.

NOTE Confidence: 0.82843325125

00:33:06.380 --> 00:33:07.640 And outpatient services,

NOTE Confidence: 0.82843325125

 $00:33:07.640 \longrightarrow 00:33:10.160$ and also how do we develop

NOTE Confidence: 0.82843325125

 $00:33:10.160 \longrightarrow 00:33:12.716$ this workforce in a way that

NOTE Confidence: 0.82843325125

 $00:33:12.716 \longrightarrow 00:33:14.436$ is sustainable and all entices

NOTE Confidence: 0.82843325125

 $00{:}33{:}14.436 \dashrightarrow 00{:}33{:}16.410$ people to come into the field.

NOTE Confidence: 0.933236294444444

00:33:19.880 --> 00:33:23.272 If you're going to be talking to anyone

NOTE Confidence: 0.933236294444444

 $00:33:23.272 \longrightarrow 00:33:25.956$ really, even your colleagues in the center,

NOTE Confidence: 0.933236294444444

00:33:25.960 --> 00:33:27.696 your colleagues in the School of Medicine,

NOTE Confidence: 0.933236294444444

 $00:33:27.700 \longrightarrow 00:33:30.094$ your neighbors here are some key

NOTE Confidence: 0.933236294444444

 $00{:}33{:}30.094 \dashrightarrow 00{:}33{:}33.338$ points that I want you to keep in mind.

NOTE Confidence: 0.933236294444444

 $00{:}33{:}33.340 \dashrightarrow 00{:}33{:}35.560$ This is not a single solution.

NOTE Confidence: 0.933236294444444

 $00:33:35.560 \longrightarrow 00:33:37.652$ This is not a.

 $00:33:37.652 \longrightarrow 00:33:40.992$ More beds, more emergency services.

NOTE Confidence: 0.933236294444444

 $00:33:40.992 \longrightarrow 00:33:44.144$ More acts. This is a continuum.

NOTE Confidence: 0.933236294444444

 $00:33:44.144 \longrightarrow 00:33:47.490$ Think about how children get into the system.

NOTE Confidence: 0.933236294444444

 $00:33:47.490 \longrightarrow 00:33:49.023$ And think about how they get out

NOTE Confidence: 0.933236294444444

 $00:33:49.023 \longrightarrow 00:33:50.448$ of the system and the system.

NOTE Confidence: 0.933236294444444

 $00:33:50.450 \longrightarrow 00:33:52.571$ In this case, is all the services

NOTE Confidence: 0.933236294444444

 $00:33:52.571 \longrightarrow 00:33:54.720$ that we provide here in the middle.

NOTE Confidence: 0.933236294444444

00:33:54.720 --> 00:33:58.288 Think about it as a continuum and continue

NOTE Confidence: 0.933236294444444

 $00:33:58.288 \longrightarrow 00:34:01.168$ to advocate that it is a continuum.

NOTE Confidence: 0.933236294444444

 $00:34:01.170 \longrightarrow 00:34:03.150$ The second point to make.

NOTE Confidence: 0.933236294444444

 $00{:}34{:}03.150 \dashrightarrow 00{:}34{:}04.680$ If you were going to do it is that's

NOTE Confidence: 0.933236294444444

 $00:34:04.680 \longrightarrow 00:34:06.130$ the one I've already been making.

NOTE Confidence: 0.933236294444444

 $00{:}34{:}06.130 \dashrightarrow 00{:}34{:}08.300$ Is that behavioral health referrals

NOTE Confidence: 0.933236294444444

 $00:34:08.300 \longrightarrow 00:34:10.470$ were already on the rise?

NOTE Confidence: 0.933236294444444

 $00:34:10.470 \longrightarrow 00:34:14.398$ This is not a simple pandemic caused issue.

NOTE Confidence: 0.933236294444444

 $00:34:14.400 \longrightarrow 00:34:17.095$ That this tremendous stresses of the pandemic

00:34:17.095 --> 00:34:18.839 certainly have highlighted the issue,

NOTE Confidence: 0.933236294444444

 $00:34:18.840 \longrightarrow 00:34:21.850$ but they were already on the rise.

NOTE Confidence: 0.933236294444444

00:34:21.850 --> 00:34:23.894 And perhaps one point

NOTE Confidence: 0.933236294444444

 $00:34:23.894 \longrightarrow 00:34:26.449$ that is maybe more subtle.

NOTE Confidence: 0.933236294444444

 $00:34:26.450 \longrightarrow 00:34:28.718$ Is that workforce shortages are just much

NOTE Confidence: 0.933236294444444

00:34:28.718 --> 00:34:31.129 more than getting more people to the field.

NOTE Confidence: 0.933236294444444

00:34:31.130 --> 00:34:33.062 They're actually about making a field

NOTE Confidence: 0.933236294444444

 $00:34:33.062 \longrightarrow 00:34:35.069$ that is better reimbursed for services.

NOTE Confidence: 0.933236294444444

 $00:34:35.070 \longrightarrow 00:34:38.822$ So remember that that we build nearly

NOTE Confidence: 0.933236294444444

 $00:34:38.822 \longrightarrow 00:34:42.499$ 13 million and we collect about 6.

NOTE Confidence: 0.933236294444444

 $00:34:42.500 \longrightarrow 00:34:45.734$ That's a structural built-in issue about

NOTE Confidence: 0.93323629444444

 $00:34:45.734 \longrightarrow 00:34:48.470$ reimbursement for child behavioral health.

NOTE Confidence: 0.933236294444444

 $00{:}34{:}48.470 \dashrightarrow 00{:}34{:}50.640$ Which makes it really hard.

NOTE Confidence: 0.933236294444444

 $00{:}34{:}50.640 \dashrightarrow 00{:}34{:}52.992$ Unless you're a part of that nested

NOTE Confidence: 0.933236294444444

 $00:34:52.992 \longrightarrow 00:34:55.612$ system that I showed you really hard

00:34:55.612 --> 00:34:58.168 to build and sustain a practice.

NOTE Confidence: 0.933236294444444

00:34:58.170 --> 00:35:00.252 Parody for support for behavioral health

NOTE Confidence: 0.933236294444444

 $00:35:00.252 \longrightarrow 00:35:02.800$ services is what we need to be pushing.

NOTE Confidence: 0.952099473636364

 $00:35:05.420 \longrightarrow 00:35:07.164$ So let me go back to this point

NOTE Confidence: 0.952099473636364

 $00:35:07.164 \longrightarrow 00:35:09.310$ that I showed you and let me just

NOTE Confidence: 0.952099473636364

 $00:35:09.310 \longrightarrow 00:35:11.219$ actually show you the reality here.

NOTE Confidence: 0.952099473636364

 $00:35:11.220 \longrightarrow 00:35:12.448$ Not to be depressing.

NOTE Confidence: 0.952099473636364

 $00:35:12.448 \longrightarrow 00:35:14.998$ But that for each dollar of clinical revenue

NOTE Confidence: 0.952099473636364

 $00:35:14.998 \longrightarrow 00:35:18.060$ and a number of you have seen this before.

NOTE Confidence: 0.952099473636364

 $00{:}35{:}18.060 \dashrightarrow 00{:}35{:}20.532$ It cost us a dollar and a half

NOTE Confidence: 0.952099473636364

 $00{:}35{:}20.532 \dashrightarrow 00{:}35{:}22.239$ and expenses because again,

NOTE Confidence: 0.952099473636364

 $00:35:22.240 \longrightarrow 00:35:25.830$ of the low reimbursement rates.

NOTE Confidence: 0.952099473636364

 $00:35:25.830 \longrightarrow 00:35:28.270$ So here's a metaphor for you to use.

NOTE Confidence: 0.952099473636364

00:35:28.270 --> 00:35:31.456 Let me let me just pause right here though.

NOTE Confidence: 0.952099473636364

 $00:35:31.460 \longrightarrow 00:35:32.369$ Is that what?

NOTE Confidence: 0.952099473636364

 $00:35:32.369 \longrightarrow 00:35:33.581$ We've increasing the clinical

 $00:35:33.581 \longrightarrow 00:35:35.129$ volume is not the answer.

NOTE Confidence: 0.952099473636364

00:35:35.130 --> 00:35:35.914 Regulating it,

NOTE Confidence: 0.952099473636364

 $00:35:35.914 \longrightarrow 00:35:39.050$ and all these things are things we're doing.

NOTE Confidence: 0.952099473636364

 $00:35:39.050 \longrightarrow 00:35:40.394$ Working on philanthropy.

NOTE Confidence: 0.952099473636364

 $00:35:40.394 \longrightarrow 00:35:43.082$ Trying to increase the self pay.

NOTE Confidence: 0.952099473636364

00:35:43.090 --> 00:35:44.530 Working toward more contracts.

NOTE Confidence: 0.952099473636364

00:35:44.530 --> 00:35:46.690 Advocating with our health system and

NOTE Confidence: 0.952099473636364

 $00{:}35{:}46.748 \dashrightarrow 00{:}35{:}48.548$ Yale Medicine colleagues for more.

NOTE Confidence: 0.952099473636364

 $00{:}35{:}48.550 \dashrightarrow 00{:}35{:}51.190$ Support all of those things.

NOTE Confidence: 0.952099473636364

00:35:51.190 --> 00:35:53.838 But here's some metaphor.

NOTE Confidence: 0.952099473636364

 $00{:}35{:}53.840 \dashrightarrow 00{:}35{:}55.148$ And this is the metaphor that

NOTE Confidence: 0.952099473636364

00:35:55.148 --> 00:35:56.679 I want you to think about,

NOTE Confidence: 0.952099473636364

 $00{:}35{:}56.680 \dashrightarrow 00{:}35{:}59.146$ that I want us to be able to use.

NOTE Confidence: 0.952099473636364

 $00:35:59.150 \longrightarrow 00:36:00.386$ So if you think about the

NOTE Confidence: 0.952099473636364

 $00:36:00.386 \longrightarrow 00:36:01.480$ bucket of needs over here,

 $00:36:01.480 \longrightarrow 00:36:03.664$ and you think about a A balance

NOTE Confidence: 0.952099473636364

 $00:36:03.664 \longrightarrow 00:36:06.218$ beam with a fulcrum in the middle,

NOTE Confidence: 0.952099473636364

 $00:36:06.220 \longrightarrow 00:36:07.356$ the child behavioral health

NOTE Confidence: 0.952099473636364

 $00:36:07.356 \longrightarrow 00:36:08.776$ and family needs are huge,

NOTE Confidence: 0.952099473636364

 $00:36:08.780 \longrightarrow 00:36:11.145$ and they're pulling that weight

NOTE Confidence: 0.952099473636364

 $00:36:11.145 \longrightarrow 00:36:13.630$ down and they come from a whole

NOTE Confidence: 0.952099473636364

 $00{:}36{:}13.630 \dashrightarrow 00{:}36{:}15.460$ host of issues and resources.

NOTE Confidence: 0.952099473636364

 $00:36:15.460 \longrightarrow 00:36:17.100$ Don't meet the needs,

NOTE Confidence: 0.952099473636364

 $00:36:17.100 \longrightarrow 00:36:20.290$ and so there's an imbalance.

NOTE Confidence: 0.952099473636364

 $00:36:20.290 \longrightarrow 00:36:23.930$ One solution is obviously to do prevention.

NOTE Confidence: 0.952099473636364

 $00:36:23.930 \longrightarrow 00:36:27.450$ To decrease that light blue bucket by

NOTE Confidence: 0.952099473636364

 $00{:}36{:}27.450 \dashrightarrow 00{:}36{:}30.450$ access mental health school based programs,

NOTE Confidence: 0.952099473636364

 $00:36:30.450 \longrightarrow 00:36:31.962$ controlling the waitlist

NOTE Confidence: 0.952099473636364

 $00:36:31.962 \longrightarrow 00:36:32.970$ controlling catchment.

NOTE Confidence: 0.952099473636364

 $00:36:32.970 \longrightarrow 00:36:34.150$ The latter, I would say,

NOTE Confidence: 0.952099473636364

 $00:36:34.150 \longrightarrow 00:36:36.026$ is a reactionary solution.

 $00:36:36.026 \longrightarrow 00:36:40.110$ The top one is a more sustained 1.

NOTE Confidence: 0.952099473636364

 $00:36:40.110 \longrightarrow 00:36:42.114$ The other is to increase the

NOTE Confidence: 0.952099473636364

00:36:42.114 --> 00:36:44.375 resources so you again try to bring

NOTE Confidence: 0.952099473636364

 $00:36:44.375 \longrightarrow 00:36:46.340$ it a bit more balanced and you

NOTE Confidence: 0.952099473636364

 $00:36:46.340 \longrightarrow 00:36:47.665$ increase the resources by having

NOTE Confidence: 0.952099473636364

00:36:47.665 --> 00:36:49.250 number of people delivering care,

NOTE Confidence: 0.952099473636364

 $00:36:49.250 \longrightarrow 00:36:52.010$ increasing the funding networks

NOTE Confidence: 0.952099473636364

00:36:52.010 --> 00:36:54.826 and contracts. With the 3rd way.

NOTE Confidence: 0.952099473636364

 $00:36:54.826 \longrightarrow 00:36:58.047$ The 3rd way where we as a department

NOTE Confidence: 0.952099473636364

00:36:58.047 --> 00:37:00.487 can make a huge difference

NOTE Confidence: 0.952099473636364

 $00:37:00.490 \longrightarrow 00:37:03.510$ is to move the fulcrum.

NOTE Confidence: 0.952099473636364

00:37:03.510 --> 00:37:05.406 And when you move the fulcrum,

NOTE Confidence: 0.952099473636364

 $00{:}37{:}05.410 \dashrightarrow 00{:}37{:}06.950$ you do things like thinking

NOTE Confidence: 0.952099473636364

 $00{:}37{:}06.950 \dashrightarrow 00{:}37{:}08.182$ about different payer models.

NOTE Confidence: 0.952099473636364

00:37:08.190 --> 00:37:09.710 You link physical and child,

00:37:09.710 --> 00:37:11.325 be physical and behavioral health

NOTE Confidence: 0.952099473636364

 $00:37:11.325 \longrightarrow 00:37:13.200$ so that you're talking about one.

NOTE Confidence: 0.952099473636364

00:37:13.200 --> 00:37:14.572 You talk about parity,

NOTE Confidence: 0.952099473636364

00:37:14.572 --> 00:37:17.310 you invest in a continuum of services,

NOTE Confidence: 0.952099473636364

 $00:37:17.310 \longrightarrow 00:37:19.956$ and then when you move the fulcrum.

NOTE Confidence: 0.952099473636364

 $00:37:19.960 \longrightarrow 00:37:22.336$ You can do a lot more with actually the

NOTE Confidence: 0.952099473636364

 $00:37:22.336 \longrightarrow 00:37:24.826$ same potentially resources that you have.

NOTE Confidence: 0.853081072857143

 $00:37:27.130 \longrightarrow 00:37:28.796$ So that is actually the reason that

NOTE Confidence: 0.853081072857143

 $00{:}37{:}28.796 \dashrightarrow 00{:}37{:}30.368$ we are engaged with a number of.

NOTE Confidence: 0.853081072857143

 $00:37:30.370 \longrightarrow 00:37:32.722$ You have participated already in this

NOTE Confidence: 0.853081072857143

 $00{:}37{:}32.722 \dashrightarrow 00{:}37{:}34.290$ consultation around with Wellspring

NOTE Confidence: 0.853081072857143

00:37:34.348 --> 00:37:36.228 Consulting around building a child.

NOTE Confidence: 0.853081072857143

 $00:37:36.230 \longrightarrow 00:37:39.810$ Behavioral Health policy consortium.

NOTE Confidence: 0.853081072857143

 $00{:}37{:}39.810 \dashrightarrow 00{:}37{:}41.365$ And we're asking Wellspring to

NOTE Confidence: 0.853081072857143

 $00:37:41.365 \longrightarrow 00:37:44.058$ help us talk about how we can bring

NOTE Confidence: 0.853081072857143

00:37:44.058 --> 00:37:45.490 individuals across the university

 $00:37:45.490 \longrightarrow 00:37:47.685$ that are folks on child behavioral

NOTE Confidence: 0.853081072857143

00:37:47.685 --> 00:37:49.445 health around this hub idea.

NOTE Confidence: 0.853081072857143

 $00:37:49.450 \longrightarrow 00:37:52.509$ How can we more effectively disseminate what

NOTE Confidence: 0.853081072857143

 $00:37:52.509 \longrightarrow 00:37:55.694$ we know to actually work collaboratively

NOTE Confidence: 0.853081072857143

 $00:37:55.694 \longrightarrow 00:37:58.242$ with policymakers and with agencies to

NOTE Confidence: 0.853081072857143

00:37:58.242 --> 00:38:00.330 impact the delivery of these services?

NOTE Confidence: 0.853081072857143

 $00:38:00.330 \longrightarrow 00:38:03.088$ How can we use ourselves and our

NOTE Confidence: 0.853081072857143

 $00:38:03.088 \longrightarrow 00:38:05.299$ resources to move the fulcrum?

NOTE Confidence: 0.853081072857143

 $00:38:05.300 \longrightarrow 00:38:06.988$ And that is what we need to do.

NOTE Confidence: 0.970432026

 $00:38:09.540 \longrightarrow 00:38:10.640$ But at the same time,

NOTE Confidence: 0.970432026

 $00:38:10.640 \longrightarrow 00:38:11.914$ with all of those data that I've

NOTE Confidence: 0.970432026

 $00:38:11.914 \longrightarrow 00:38:13.163$ showed you about where we're at

NOTE Confidence: 0.970432026

 $00{:}38{:}13.163 \dashrightarrow 00{:}38{:}14.258$ in the behavioral health search,

NOTE Confidence: 0.970432026

 $00:38:14.260 \longrightarrow 00:38:16.180$ who I most also concerned about,

NOTE Confidence: 0.970432026

 $00:38:16.180 \longrightarrow 00:38:17.888$ besides the families coming

 $00:38:17.888 \longrightarrow 00:38:21.199$ to us is us is all of you.

NOTE Confidence: 0.970432026

 $00{:}38{:}21.200 \dashrightarrow 00{:}38{:}23.872$ And these are data that look about health

NOTE Confidence: 0.970432026

 $00:38:23.872 \longrightarrow 00:38:25.764$ care workers that includes behavioral

NOTE Confidence: 0.970432026

 $00:38:25.764 \longrightarrow 00:38:28.720$ health and what they report now about

NOTE Confidence: 0.970432026

 $00:38:28.720 \longrightarrow 00:38:32.560$ their own health in the pandemic.

NOTE Confidence: 0.970432026

 $00:38:32.560 \longrightarrow 00:38:34.468$ And you can see that nearly

NOTE Confidence: 0.970432026

 $00:38:34.468 \longrightarrow 00:38:36.570$ half in a national survey.

NOTE Confidence: 0.970432026

00:38:36.570 --> 00:38:38.795 Nearly half report that their

NOTE Confidence: 0.970432026

 $00{:}38{:}38.795 \dashrightarrow 00{:}38{:}41.169$ mental health has gotten worse.

NOTE Confidence: 0.970432026

 $00:38:41.170 \longrightarrow 00:38:42.746$ And a third report.

NOTE Confidence: 0.970432026

 $00:38:42.746 \longrightarrow 00:38:45.636$ These other impacts on other aspects of

NOTE Confidence: 0.970432026

00:38:45.636 --> 00:38:48.990 physical health, work, life, finances, etc.

NOTE Confidence: 0.970432026

 $00:38:48.990 \longrightarrow 00:38:52.680$ So that worries me a lot.

NOTE Confidence: 0.970432026

 $00:38:52.680 \longrightarrow 00:38:55.120$ Which brings me then to culture and climate.

NOTE Confidence: 0.970432026

00:38:55.120 --> 00:38:57.664 And how do we begin to address our

NOTE Confidence: 0.970432026

 $00:38:57.664 \longrightarrow 00:38:59.960$ climate and our department culture?

 $00:38:59.960 \longrightarrow 00:39:01.676$ How do we begin to address

NOTE Confidence: 0.970432026

 $00:39:01.676 \longrightarrow 00:39:02.534$ even more intentionally?

NOTE Confidence: 0.970432026

 $00:39:02.540 \longrightarrow 00:39:05.320$ What makes us us?

NOTE Confidence: 0.970432026

 $00:39:05.320 \longrightarrow 00:39:07.112$ And we've done a lot of talking

NOTE Confidence: 0.970432026

00:39:07.112 --> 00:39:08.300 about purposes and values,

NOTE Confidence: 0.970432026

 $00:39:08.300 \longrightarrow 00:39:10.340$ but I want to highlight

NOTE Confidence: 0.970432026

 $00:39:10.340 \longrightarrow 00:39:12.460$ these two things in red.

NOTE Confidence: 0.970432026

 $00:39:12.460 \longrightarrow 00:39:15.300$ That how do we begin to even more

NOTE Confidence: 0.970432026

 $00:39:15.300 \longrightarrow 00:39:17.288$ in the and the words that all

NOTE Confidence: 0.970432026

 $00:39:17.288 \dashrightarrow 00:39:19.880$ of us say whatever programs were

NOTE Confidence: 0.970432026

 $00:39:19.880 \longrightarrow 00:39:22.440$ leading to exemplify the values

NOTE Confidence: 0.970432026

 $00:39:22.440 \longrightarrow 00:39:24.900$ that we have for this culture?

NOTE Confidence: 0.970432026

 $00:39:24.900 \longrightarrow 00:39:27.483$ And how do we put into place

NOTE Confidence: 0.970432026

 $00{:}39{:}27.483 \dashrightarrow 00{:}39{:}28.590$ some organizational practices

NOTE Confidence: 0.970432026

 $00:39:28.663 \longrightarrow 00:39:30.637$ and processes that will help us

 $00:39:30.640 \longrightarrow 00:39:34.710$ actually move the culture forward?

NOTE Confidence: 0.970432026

00:39:34.710 --> 00:39:36.486 So I'm very grateful to Tara

NOTE Confidence: 0.970432026

 $00:39:36.486 \longrightarrow 00:39:38.090$ for for creating this slide.

NOTE Confidence: 0.970432026

 $00:39:38.090 \longrightarrow 00:39:39.450$ In developing this slide.

NOTE Confidence: 0.970432026

 $00:39:39.450 \longrightarrow 00:39:41.490$ This is totally her work and

NOTE Confidence: 0.970432026

 $00:39:41.553 \longrightarrow 00:39:43.188$ the work of her committee,

NOTE Confidence: 0.970432026

 $00:39:43.190 \longrightarrow 00:39:45.255$ but showing us that culture

NOTE Confidence: 0.970432026

 $00:39:45.255 \longrightarrow 00:39:46.907$ change is a process.

NOTE Confidence: 0.970432026

 $00:39:46.910 \longrightarrow 00:39:49.472$ It's a process that we are starting

NOTE Confidence: 0.970432026

 $00:39:49.472 \longrightarrow 00:39:52.519$ some work and rest restorative practice

NOTE Confidence: 0.970432026

 $00{:}39{:}52.520 \dashrightarrow 00{:}39{:}54.155$ with our colleague Jasmine Davis

NOTE Confidence: 0.970432026

 $00{:}39{:}54.155 \dashrightarrow 00{:}39{:}56.309$ whom you've had a chance to meet.

NOTE Confidence: 0.970432026

 $00{:}39{:}56.310 \dashrightarrow 00{:}39{:}58.480$ We're starting work around racial

NOTE Confidence: 0.970432026

 $00{:}39{:}58.480 {\:{\circ}{\circ}{\circ}}>00{:}40{:}01.050$ equity training with Ingrid Kennedy and

NOTE Confidence: 0.970432026

 $00:40:01.050 \longrightarrow 00:40:03.788$ the search team and that this kind of work.

NOTE Confidence: 0.970432026

 $00:40:03.790 \longrightarrow 00:40:06.072$ Actually begins to create us as a

 $00:40:06.072 \longrightarrow 00:40:07.050$ professional learning community

NOTE Confidence: 0.970432026

 $00{:}40{:}07.105 \dashrightarrow 00{:}40{:}08.521$ that we are learning from each

NOTE Confidence: 0.970432026

 $00:40:08.521 \longrightarrow 00:40:10.269$ other and we are making changes,

NOTE Confidence: 0.970432026

 $00:40:10.270 \longrightarrow 00:40:11.638$ learning how those changes

NOTE Confidence: 0.970432026

 $00:40:11.638 \longrightarrow 00:40:13.690$ work that leads us to change,

NOTE Confidence: 0.970432026

00:40:13.690 --> 00:40:16.826 which then gets us back into more training.

NOTE Confidence: 0.970432026

 $00:40:16.830 \longrightarrow 00:40:17.958$ What is really,

NOTE Confidence: 0.970432026

 $00{:}40{:}17.958 \longrightarrow 00{:}40{:}19.838$ really important about this besides

NOTE Confidence: 0.970432026

 $00:40:19.838 \longrightarrow 00:40:22.162$ the fact that this represents a

NOTE Confidence: 0.970432026

 $00:40:22.162 \longrightarrow 00:40:24.400$ tremendous amount of work by Tara

NOTE Confidence: 0.970432026

00:40:24.400 --> 00:40:26.955 and her team and and everyone else?

NOTE Confidence: 0.970432026

 $00{:}40{:}26.960 \dashrightarrow 00{:}40{:}29.035$ But what's really important is

NOTE Confidence: 0.970432026

 $00:40:29.035 \longrightarrow 00:40:31.691$ that we need engagement in this

NOTE Confidence: 0.970432026

 $00:40:31.691 \longrightarrow 00:40:34.236$ activity and these activities across.

NOTE Confidence: 0.970432026

 $00:40:34.240 \longrightarrow 00:40:37.418$ All the departments. This is our culture.

 $00:40:37.420 \longrightarrow 00:40:39.820$ This is our community.

NOTE Confidence: 0.970432026

 $00:40:39.820 \longrightarrow 00:40:42.925$ And we all need to be engaged in this

NOTE Confidence: 0.970432026

 $00:40:42.925 \longrightarrow 00:40:45.431$ change as a part we're all weary.

NOTE Confidence: 0.970432026

 $00:40:45.431 \longrightarrow 00:40:47.716$ We're all impacting the pandemic.

NOTE Confidence: 0.970432026

 $00:40:47.720 \longrightarrow 00:40:49.765$ This is important change for

NOTE Confidence: 0.970432026

 $00:40:49.765 \longrightarrow 00:40:51.810$ us to be involved in.

NOTE Confidence: 0.970432026

00:40:51.810 --> 00:40:54.630 So here's some upcoming events,

NOTE Confidence: 0.970432026

 $00{:}40{:}54.630 \dashrightarrow 00{:}40{:}56.286$ again with Ingrid and her team.

NOTE Confidence: 0.970432026

 $00:40:56.290 \longrightarrow 00:40:57.706$ Just so you have those dates.

NOTE Confidence: 0.970432026

00:40:57.710 --> 00:40:59.630 And in the spirit of communicate,

NOTE Confidence: 0.970432026

00:40:59.630 --> 00:41:00.438 communicate, communicate,

NOTE Confidence: 0.970432026

 $00:41:00.438 \longrightarrow 00:41:03.670$ we will send these dates out for everyone.

NOTE Confidence: 0.970432026

00:41:03.670 --> 00:41:04.870 But just so you have them,

NOTE Confidence: 0.970432026

00:41:04.870 --> 00:41:06.850 you can see there's one coming up in January,

NOTE Confidence: 0.970432026

00:41:06.850 --> 00:41:10.168 then February and April and May.

NOTE Confidence: 0.970432026

00:41:10.170 --> 00:41:10.908 But again,

 $00:41:10.908 \longrightarrow 00:41:13.122$ we are need this together and

NOTE Confidence: 0.970432026

 $00{:}41{:}13.122 \dashrightarrow 00{:}41{:}15.410$ we need full participation.

NOTE Confidence: 0.970432026

00:41:15.410 --> 00:41:17.594 Engagement is a key part of

NOTE Confidence: 0.970432026

00:41:17.594 --> 00:41:19.050 citizenship of this community,

NOTE Confidence: 0.92812315555556

 $00:41:19.050 \longrightarrow 00:41:21.220$ and our annual appraisal of

NOTE Confidence: 0.92812315555556

 $00:41:21.220 \longrightarrow 00:41:22.956$ how we're doing together.

NOTE Confidence: 0.92812315555556

00:41:22.960 --> 00:41:24.725 And I would just underscore

NOTE Confidence: 0.92812315555556

 $00:41:24.725 \longrightarrow 00:41:26.137$ that by our participation.

NOTE Confidence: 0.92812315555556

 $00:41:26.140 \longrightarrow 00:41:27.712$ We also send a message among

NOTE Confidence: 0.92812315555556

 $00:41:27.712 \longrightarrow 00:41:29.843$ all of us I support for the

NOTE Confidence: 0.928123155555556

 $00:41:29.843 \longrightarrow 00:41:31.523$ culture we want to build.

NOTE Confidence: 0.930838728947368

 $00:41:34.510 \longrightarrow 00:41:36.058$ Then there's an equity issue that

NOTE Confidence: 0.930838728947368

 $00{:}41{:}36.058 \mathrel{--}{>} 00{:}41{:}37.865$ I feel strongly about that we have

NOTE Confidence: 0.930838728947368

00:41:37.865 --> 00:41:39.305 to address in this upcoming year,

NOTE Confidence: 0.930838728947368

 $00:41:39.310 \longrightarrow 00:41:41.902$ and I hope that sooner in the year

 $00:41:41.902 \longrightarrow 00:41:44.425$ than later that we need to address

NOTE Confidence: 0.930838728947368

 $00:41:44.425 \longrightarrow 00:41:46.732$ the great inequity in our masters

NOTE Confidence: 0.930838728947368

 $00:41:46.732 \longrightarrow 00:41:49.096$ level and APRN clinicians in their

NOTE Confidence: 0.930838728947368

 $00:41:49.096 \longrightarrow 00:41:51.454$ starting salaries and in salaries that

NOTE Confidence: 0.930838728947368

 $00:41:51.454 \longrightarrow 00:41:53.470$ reflect their experience in the amount

NOTE Confidence: 0.930838728947368

 $00:41:53.531 \longrightarrow 00:41:55.470$ of time that they've been with us.

NOTE Confidence: 0.930838728947368

 $00:41:55.470 \longrightarrow 00:41:57.285$ So I'm in regular conversations

NOTE Confidence: 0.930838728947368

 $00{:}41{:}57.285 \dashrightarrow 00{:}41{:}59.569$ with our Yale Medicine and Yale

NOTE Confidence: 0.930838728947368

 $00:41:59.569 \longrightarrow 00:42:01.173$ Hospital colleagues about doing

NOTE Confidence: 0.930838728947368

 $00:42:01.173 \longrightarrow 00:42:03.178$ that is high high priority.

NOTE Confidence: 0.930838728947368

 $00:42:03.180 \longrightarrow 00:42:06.452$ For me and continuing to work also on

NOTE Confidence: 0.930838728947368

 $00:42:06.452 \longrightarrow 00:42:09.641$ advocating for ways that same clinicians

NOTE Confidence: 0.930838728947368

 $00:42:09.641 \longrightarrow 00:42:12.320$ can progress academically as faculty.

NOTE Confidence: 0.820050651428571

00:42:15.250 --> 00:42:17.553 I wanna apart began culture change is

NOTE Confidence: 0.820050651428571

 $00:42:17.553 \longrightarrow 00:42:19.810$ continuing to think about how we develop.

NOTE Confidence: 0.820050651428571

00:42:19.810 --> 00:42:24.090 We recruit, we retain our faculty and how

 $00:42:24.090 \longrightarrow 00:42:27.290$ we do all of this together more seamlessly.

NOTE Confidence: 0.820050651428571

00:42:27.290 --> 00:42:29.036 And again, terrorist group is working

NOTE Confidence: 0.820050651428571

 $00:42:29.036 \longrightarrow 00:42:31.329$ on a number of components of this,

NOTE Confidence: 0.820050651428571

 $00:42:31.330 \longrightarrow 00:42:35.058$ but I just want to highlight a few.

NOTE Confidence: 0.820050651428571

 $00:42:35.060 \longrightarrow 00:42:37.756$ So one and our search is going forward.

NOTE Confidence: 0.820050651428571

00:42:37.760 --> 00:42:40.406 We're going to announce all positions

NOTE Confidence: 0.820050651428571

 $00:42:40.406 \longrightarrow 00:42:42.170$ or even internal opportunities

NOTE Confidence: 0.820050651428571

00:42:42.238 --> 00:42:43.858 for new responsibilities,

NOTE Confidence: 0.820050651428571

 $00:42:43.860 \longrightarrow 00:42:46.140$ and I hope you've noticed that we're trying

NOTE Confidence: 0.820050651428571

00:42:46.140 --> 00:42:48.977 to do that on the website more consistently,

NOTE Confidence: 0.820050651428571

00:42:48.980 --> 00:42:51.104 but we'll be very vigilant now that we have

NOTE Confidence: 0.820050651428571

 $00:42:51.104 \longrightarrow 00:42:53.257$ our new full-time communications officer.

NOTE Confidence: 0.820050651428571

 $00:42:53.260 \longrightarrow 00:42:56.390$ Did I mention Christmas presents?

NOTE Confidence: 0.820050651428571

 $00:42:56.390 \longrightarrow 00:42:58.364$ And then for new jobs we'll have

NOTE Confidence: 0.820050651428571

00:42:58.364 --> 00:43:00.568 postings and sites that I hope will

00:43:00.568 --> 00:43:01.868 reach more diverse candidates.

NOTE Confidence: 0.820050651428571

 $00{:}43{:}01.870 \dashrightarrow 00{:}43{:}04.370$ We're working with Dean Lattimore.

NOTE Confidence: 0.820050651428571

 $00:43:04.370 \longrightarrow 00:43:06.970$ A standard interview review process,

NOTE Confidence: 0.820050651428571

 $00:43:06.970 \longrightarrow 00:43:08.190$ and, as I mentioned earlier,

NOTE Confidence: 0.820050651428571

 $00:43:08.190 \longrightarrow 00:43:10.415$ virtual options to improve people's

NOTE Confidence: 0.820050651428571

 $00:43:10.415 \longrightarrow 00:43:12.828$ ability to come for interviews.

NOTE Confidence: 0.820050651428571

 $00:43:12.828 \longrightarrow 00:43:15.523$ Unconscious bias training for everybody

NOTE Confidence: 0.820050651428571

 $00:43:15.523 \longrightarrow 00:43:17.850$ that participates in searches.

NOTE Confidence: 0.820050651428571

00:43:17.850 --> 00:43:19.726 And then in the spirit of being

NOTE Confidence: 0.820050651428571

00:43:19.726 --> 00:43:21.398 a learning community to try and

NOTE Confidence: 0.820050651428571

 $00:43:21.398 \longrightarrow 00:43:22.486$ learn from best practices,

NOTE Confidence: 0.820050651428571

 $00:43:22.490 \longrightarrow 00:43:23.770$ not only are at Yale,

NOTE Confidence: 0.820050651428571

 $00:43:23.770 \longrightarrow 00:43:25.194$ but in other places,

NOTE Confidence: 0.820050651428571

 $00:43:25.194 \longrightarrow 00:43:27.330$ and we're putting this in place.

NOTE Confidence: 0.820050651428571

00:43:27.330 --> 00:43:29.738 Some of these changes in the current

NOTE Confidence: 0.820050651428571

00:43:29.738 --> 00:43:31.962 internal search for new social work,

 $00:43:31.962 \longrightarrow 00:43:33.494$ direct training director position.

NOTE Confidence: 0.820211327142857

 $00:43:36.340 \longrightarrow 00:43:38.664$ Several areas of growth and recruitment that,

NOTE Confidence: 0.820211327142857

00:43:38.670 --> 00:43:40.566 while that we're that are happening,

NOTE Confidence: 0.820211327142857

 $00:43:40.570 \longrightarrow 00:43:42.268$ uh, largely because some of them,

NOTE Confidence: 0.820211327142857

 $00:43:42.270 \longrightarrow 00:43:44.750$ largely because of again pandemic

NOTE Confidence: 0.820211327142857

 $00:43:44.750 \longrightarrow 00:43:46.568$ and with a new physician scientist,

NOTE Confidence: 0.820211327142857

 $00:43:46.570 \longrightarrow 00:43:48.400$ office at Yale or clinician

NOTE Confidence: 0.820211327142857

 $00:43:48.400 \longrightarrow 00:43:50.230$ scientist in the medical school.

NOTE Confidence: 0.820211327142857

 $00{:}43{:}50.230 \dashrightarrow 00{:}43{:}52.659$ We now have the opportunity to build

NOTE Confidence: 0.820211327142857

 $00{:}43{:}52.659 {\:{\circ}{\circ}{\circ}}>00{:}43{:}55.469$ up our cadre of clinician scientists.

NOTE Confidence: 0.820211327142857

00:43:55.470 --> 00:43:58.056 We're continuing to grow our embedded

NOTE Confidence: 0.820211327142857

 $00:43:58.056 \longrightarrow 00:44:00.510$ pediatric psychology program with Pediatrics,

NOTE Confidence: 0.820211327142857

 $00{:}44{:}00.510 \dashrightarrow 00{:}44{:}03.306$ so making for more better delivery

NOTE Confidence: 0.820211327142857

 $00{:}44{:}03.306 \dashrightarrow 00{:}44{:}05.686$ of services in pediatric in

NOTE Confidence: 0.820211327142857

 $00:44:05.686 \longrightarrow 00:44:07.856$ the context of pediatric care.

 $00:44:07.860 \longrightarrow 00:44:09.972$ As you saw from our hospital

NOTE Confidence: 0.820211327142857

00:44:09.972 --> 00:44:11.380 growth and behavioral health,

NOTE Confidence: 0.820211327142857

 $00:44:11.380 \longrightarrow 00:44:14.380$ we need to increase the depth of our

NOTE Confidence: 0.820211327142857

 $00:44:14.380 \longrightarrow 00:44:16.899$ hospital child behavioral health team.

NOTE Confidence: 0.820211327142857

 $00:44:16.900 \longrightarrow 00:44:18.720$ Eating disorders have dramatically

NOTE Confidence: 0.820211327142857

 $00:44:18.720 \longrightarrow 00:44:20.995$ increased with this on behavioral

NOTE Confidence: 0.820211327142857

 $00:44:20.995 \longrightarrow 00:44:22.735$ health surge and our hospital

NOTE Confidence: 0.820211327142857

 $00{:}44{:}22.735 \dashrightarrow 00{:}44{:}24.260$ colleagues now are committed to

NOTE Confidence: 0.820211327142857

00:44:24.260 --> 00:44:26.199 building an eating disorders program,

NOTE Confidence: 0.820211327142857

00:44:26.200 --> 00:44:28.354 and I'm very pleased that Rebecca

NOTE Confidence: 0.820211327142857

 $00{:}44{:}28.354 \dashrightarrow 00{:}44{:}30.236$ Comedy has brought her expertise

NOTE Confidence: 0.820211327142857

 $00:44:30.236 \longrightarrow 00:44:32.106$ and will help build that.

NOTE Confidence: 0.820211327142857

00:44:32.110 --> 00:44:33.322 And then finally,

NOTE Confidence: 0.820211327142857

 $00:44:33.322 \longrightarrow 00:44:36.150$ we're starting to see a freeze our

NOTE Confidence: 0.820211327142857

00:44:36.235 --> 00:44:38.846 run by thawing rather a thawing of

NOTE Confidence: 0.820211327142857

 $00:44:38.846 \longrightarrow 00:44:41.449$ the freeze on faculty positions,

 $00:44:41.450 \longrightarrow 00:44:44.155$ and clinically and opening up

NOTE Confidence: 0.820211327142857

 $00:44:44.155 \longrightarrow 00:44:46.319$ for replacing those positions.

NOTE Confidence: 0.820211327142857

00:44:46.320 --> 00:44:47.766 I've given a fair amount of

NOTE Confidence: 0.820211327142857

 $00:44:47.766 \longrightarrow 00:44:49.270$ sad news with the pandemic,

NOTE Confidence: 0.820211327142857

 $00:44:49.270 \longrightarrow 00:44:50.974$ so I just actually want to

NOTE Confidence: 0.820211327142857

 $00:44:50.974 \longrightarrow 00:44:53.038$ give you one bit of good news.

NOTE Confidence: 0.820211327142857

00:44:53.040 --> 00:44:55.360 And that is through our Yale Child Study

NOTE Confidence: 0.820211327142857

 $00:44:55.360 \longrightarrow 00:44:56.759$ Center Collaborative with scholastic,

NOTE Confidence: 0.820211327142857 00:44:56.760 --> 00:44:57.320 scholastic, NOTE Confidence: 0.820211327142857

 $00{:}44{:}57.320 \dashrightarrow 00{:}45{:}00.120$ and our partnership with Scholastic.

NOTE Confidence: 0.820211327142857

00:45:00.120 --> 00:45:02.154 They have very good relationships with

NOTE Confidence: 0.820211327142857

00:45:02.154 --> 00:45:04.517 the now outgoing First Lady of New York,

NOTE Confidence: 0.820211327142857

 $00{:}45{:}04.520 \dashrightarrow 00{:}45{:}05.240$ Chirlane McCray.

NOTE Confidence: 0.820211327142857

 $00:45:05.240 \longrightarrow 00:45:07.040$ And Charlene did a tremendous

NOTE Confidence: 0.820211327142857

 $00:45:07.040 \longrightarrow 00:45:08.862$ amount of work on behavioral

00:45:08.862 --> 00:45:10.884 health delivery in schools in New

NOTE Confidence: 0.820211327142857

 $00:45:10.884 \longrightarrow 00:45:14.184$ York City on through her program.

NOTE Confidence: 0.820211327142857 00:45:14.184 --> 00:45:15.496 Thrive NYC.

NOTE Confidence: 0.820211327142857

 $00:45:15.500 \longrightarrow 00:45:17.719$ And so it's plastic has made a

NOTE Confidence: 0.820211327142857

 $00:45:17.719 \longrightarrow 00:45:19.256$ partnership with Charlene and Charlene

NOTE Confidence: 0.820211327142857

 $00:45:19.256 \longrightarrow 00:45:21.344$ will be coming to do some work in

NOTE Confidence: 0.820211327142857

 $00:45:21.401 \longrightarrow 00:45:23.496$ the collaborative beginning in March.

NOTE Confidence: 0.820211327142857

00:45:23.500 --> 00:45:25.732 I'm very looking very much forward

NOTE Confidence: 0.820211327142857

 $00:45:25.732 \longrightarrow 00:45:27.991$ to learning from her seeing what she

NOTE Confidence: 0.820211327142857

00:45:27.991 --> 00:45:30.710 did in New York and we we can borrow

NOTE Confidence: 0.820211327142857

 $00{:}45{:}30.710 \dashrightarrow 00{:}45{:}32.940$ innovative ideas and she will also

NOTE Confidence: 0.820211327142857

00:45:32.940 --> 00:45:35.048 be working with Dean Latimore around

NOTE Confidence: 0.820211327142857

00:45:35.048 --> 00:45:37.316 some of his efforts in diversity,

NOTE Confidence: 0.820211327142857

 $00:45:37.320 \longrightarrow 00:45:38.409$ equity and inclusion.

NOTE Confidence: 0.869191595

 $00:45:40.690 \longrightarrow 00:45:42.832$ There are additional efforts though that I

NOTE Confidence: 0.869191595

00:45:42.832 --> 00:45:45.310 want to really point out around performing,

 $00:45:45.310 \longrightarrow 00:45:49.298$ assessing, developing and deploying.

NOTE Confidence: 0.869191595

 $00:45:49.300 \longrightarrow 00:45:51.388$ So here's from HANA.

NOTE Confidence: 0.869191595

00:45:51.388 --> 00:45:55.720 Darren Davids work on on creating a number

NOTE Confidence: 0.869191595

00:45:55.720 --> 00:45:59.695 of courses that I hope people will take

NOTE Confidence: 0.869191595

 $00:45:59.695 \longrightarrow 00:46:01.870$ advantage of around leadership development.

NOTE Confidence: 0.869191595

 $00:46:01.870 \longrightarrow 00:46:03.575$ Our leadership from the beginning

NOTE Confidence: 0.869191595

00:46:03.575 --> 00:46:05.960 course we are running again in January.

NOTE Confidence: 0.869191595

 $00:46:05.960 \longrightarrow 00:46:08.265$ Very grateful about pure coaching

NOTE Confidence: 0.869191595

 $00{:}46{:}08.265 \dashrightarrow 00{:}46{:}10.726$ groups and grateful that four members

NOTE Confidence: 0.869191595

00:46:10.726 --> 00:46:12.882 of our faculty have now stepped up

NOTE Confidence: 0.869191595

 $00{:}46{:}12.882 \dashrightarrow 00{:}46{:}15.516$ to be pure coaches to actually help

NOTE Confidence: 0.869191595

 $00:46:15.516 \longrightarrow 00:46:17.460$ people in development around these.

NOTE Confidence: 0.869191595

 $00{:}46{:}17.460 \dashrightarrow 00{:}46{:}20.346$ These areas listed on the slide.

NOTE Confidence: 0.869191595

 $00{:}46{:}20.350 \dashrightarrow 00{:}46{:}22.576$ We will have some career development

NOTE Confidence: 0.869191595

 $00:46:22.576 \longrightarrow 00:46:24.517$ workshops beginning in the spring

00:46:24.517 --> 00:46:27.106 around grant writing about negotiation,

NOTE Confidence: 0.869191595

00:46:27.106 --> 00:46:29.898 some aspects of leading.

NOTE Confidence: 0.869191595

 $00:46:29.900 \longrightarrow 00:46:32.522$ And then Barron is available for

NOTE Confidence: 0.869191595

 $00:46:32.522 \longrightarrow 00:46:34.270$ ongoing consultation and support.

NOTE Confidence: 0.869191595

 $00{:}46{:}34.270 \dashrightarrow 00{:}46{:}37.170$ Again about lab development etc

NOTE Confidence: 0.869191595

 $00:46:37.170 \longrightarrow 00:46:40.302$ and just always to remind people

NOTE Confidence: 0.869191595

00:46:40.302 --> 00:46:42.930 about the Faculty Support fund.

NOTE Confidence: 0.869191595

 $00:46:42.930 \longrightarrow 00:46:44.770$ We'll have more leadership

NOTE Confidence: 0.869191595

 $00:46:44.770 \longrightarrow 00:46:45.690$ workshop opportunities.

NOTE Confidence: 0.869191595

 $00:46:45.690 \longrightarrow 00:46:47.184$ This has become a topic of

NOTE Confidence: 0.869191595

 $00:46:47.184 \longrightarrow 00:46:48.670$ discussion in the faculty meetings,

NOTE Confidence: 0.869191595

00:46:48.670 --> 00:46:50.486 and I'm hoping that in by the spring,

NOTE Confidence: 0.869191595

 $00:46:50.490 \longrightarrow 00:46:52.270$ if not a little earlier.

NOTE Confidence: 0.869191595

00:46:52.270 --> 00:46:54.466 We'll have some workshops on building

NOTE Confidence: 0.869191595

00:46:54.466 --> 00:46:56.490 a shared understanding of leadership

NOTE Confidence: 0.869191595

 $00:46:56.490 \longrightarrow 00:46:58.490$ styles and effective approaches.

00:46:58.490 --> 00:47:00.745 And for methods for defining

NOTE Confidence: 0.869191595

 $00:47:00.745 \longrightarrow 00:47:03.000$ our responsibilities and how we

NOTE Confidence: 0.869191595

 $00:47:03.078 \longrightarrow 00:47:05.410$ then talk about accountability.

NOTE Confidence: 0.869191595

 $00:47:05.410 \longrightarrow 00:47:07.720$ And finding and developing more

NOTE Confidence: 0.869191595

 $00:47:07.720 \longrightarrow 00:47:09.106$ opportunities for leadership

NOTE Confidence: 0.869191595

 $00:47:09.106 \longrightarrow 00:47:10.820$ across the department.

NOTE Confidence: 0.869191595

00:47:10.820 --> 00:47:13.316 Not just in this kind of hierarchical sense,

NOTE Confidence: 0.869191595

 $00:47:13.320 \longrightarrow 00:47:14.628$ but across the department.

NOTE Confidence: 0.93967089

 $00:47:17.140 \longrightarrow 00:47:18.450$ And this is something we

NOTE Confidence: 0.93967089

 $00:47:18.450 \longrightarrow 00:47:19.498$ brought up in September.

NOTE Confidence: 0.93967089

 $00:47:19.500 \longrightarrow 00:47:21.120$ The difference between

NOTE Confidence: 0.93967089

 $00:47:21.120 \longrightarrow 00:47:22.740$ mentorship and sponsorship.

NOTE Confidence: 0.93967089

 $00{:}47{:}22.740 \dashrightarrow 00{:}47{:}25.169$ And I would just highlight that Tara's

NOTE Confidence: 0.93967089

 $00:47:25.169 \longrightarrow 00:47:27.956$ team again is working to really build

NOTE Confidence: 0.93967089

 $00:47:27.956 \longrightarrow 00:47:30.476$ out our mentoring and sponsoring plans.

 $00:47:30.480 \longrightarrow 00:47:32.960$ As is Dean Lattimore's office.

NOTE Confidence: 0.93967089

 $00{:}47{:}32.960 \dashrightarrow 00{:}47{:}34.920$ And to emphasize that every body,

NOTE Confidence: 0.93967089

 $00:47:34.920 \longrightarrow 00:47:37.980$ all of us have a responsibility

NOTE Confidence: 0.93967089

 $00:47:37.980 \longrightarrow 00:47:40.545$ for sponsorship for finding the

NOTE Confidence: 0.93967089

00:47:40.545 --> 00:47:43.120 career opportunities to help our

NOTE Confidence: 0.93967089

 $00:47:43.120 \longrightarrow 00:47:45.490$ colleagues in this Community.

NOTE Confidence: 0.93967089

 $00:47:45.490 \longrightarrow 00:47:48.190$ Just paying attention to time.

NOTE Confidence: 0.93967089

00:47:48.190 --> 00:47:51.746 I think what I'm going to do.

NOTE Confidence: 0.93967089

 $00{:}47{:}51.750 \mathrel{--}{>} 00{:}47{:}54.151$ I'm going to make one point about

NOTE Confidence: 0.93967089

00:47:54.151 --> 00:47:56.694 this slide and that is that there are

NOTE Confidence: 0.93967089

 $00{:}47{:}56.694 \dashrightarrow 00{:}47{:}59.175$ a number of things that we need to

NOTE Confidence: 0.93967089

 $00:47:59.175 \longrightarrow 00:48:01.180$ be doing about improving onboarding.

NOTE Confidence: 0.93967089

 $00:48:01.180 \longrightarrow 00:48:05.100$ Again, Terrace Team is working on it.

NOTE Confidence: 0.93967089

 $00{:}48{:}05.100 \dashrightarrow 00{:}48{:}07.772$ But I want to make .2 points right

NOTE Confidence: 0.93967089

 $00:48:07.772 \longrightarrow 00:48:10.199$ here on the last two bullets.

NOTE Confidence: 0.93967089

 $00:48:10.200 \longrightarrow 00:48:12.060$ Routine exit interviews are fine.

 $00{:}48{:}12.060 \dashrightarrow 00{:}48{:}13.796$ I just would hope that we never have

NOTE Confidence: 0.93967089

 $00:48:13.796 \longrightarrow 00:48:15.806$ to do exit interviews 'cause I want

NOTE Confidence: 0.93967089

 $00:48:15.806 \longrightarrow 00:48:19.000$ to retain people, not have them leave.

NOTE Confidence: 0.93967089

00:48:19.000 --> 00:48:20.776 But we get into the practice,

NOTE Confidence: 0.93967089

 $00:48:20.780 \longrightarrow 00:48:22.780$ not just during annual assessments,

NOTE Confidence: 0.93967089

 $00:48:22.780 \longrightarrow 00:48:24.412$ but get into the practice of

NOTE Confidence: 0.93967089

 $00:48:24.412 \longrightarrow 00:48:26.220$ what we call stay interviews,

NOTE Confidence: 0.93967089

 $00:48:26.220 \longrightarrow 00:48:27.220$ what they eat with,

NOTE Confidence: 0.93967089

 $00:48:27.220 \longrightarrow 00:48:28.720$ what does everyone need to meet,

NOTE Confidence: 0.93967089

 $00:48:28.720 \longrightarrow 00:48:30.460$ the goals you have for being

NOTE Confidence: 0.93967089

 $00:48:30.460 \longrightarrow 00:48:32.340$ a member of this Community,

NOTE Confidence: 0.93967089

 $00:48:32.340 \longrightarrow 00:48:33.960$ whether it's your research goals?

NOTE Confidence: 0.93967089

 $00:48:33.960 \longrightarrow 00:48:35.208$ It's your clinical goals.

NOTE Confidence: 0.93967089

00:48:35.208 --> 00:48:36.456 What do you need?

NOTE Confidence: 0.93967089

 $00:48:36.460 \longrightarrow 00:48:37.910$ We shouldn't learn about that

 $00:48:37.910 \longrightarrow 00:48:39.740$ at the time of an exit.

NOTE Confidence: 0.93967089

 $00:48:39.740 \longrightarrow 00:48:42.068$ We should be thinking about it

NOTE Confidence: 0.93967089

00:48:42.068 --> 00:48:44.310 proactively as we go forward.

NOTE Confidence: 0.93967089

 $00:48:44.310 \longrightarrow 00:48:46.694$ And to that, how do we bring resources

NOTE Confidence: 0.93967089

 $00:48:46.694 \longrightarrow 00:48:48.489$ together to facilitate success?

NOTE Confidence: 0.93967089

00:48:48.490 --> 00:48:50.860 So I'm very grateful to Tom.

NOTE Confidence: 0.93967089

 $00:48:50.860 \longrightarrow 00:48:53.464$ I'll show you just this one

NOTE Confidence: 0.93967089

00:48:53.464 --> 00:48:55.148 example that Tom Fernandez brought

NOTE Confidence: 0.93967089

00:48:55.148 --> 00:48:57.020 together as many of you know,

NOTE Confidence: 0.93967089

 $00:48:57.020 \longrightarrow 00:49:00.275$ our researchers to ask what might they

NOTE Confidence: 0.93967089

 $00:49:00.275 \longrightarrow 00:49:03.699$ need to actually make their work better?

NOTE Confidence: 0.93967089

 $00:49:03.700 \longrightarrow 00:49:05.760$ More successful.

NOTE Confidence: 0.93967089

00:49:05.760 --> 00:49:07.671 And some of the things that came

NOTE Confidence: 0.93967089

 $00:49:07.671 \longrightarrow 00:49:09.428$ out are things that we can do.

NOTE Confidence: 0.93967089

 $00:49:09.430 \longrightarrow 00:49:11.086$ We can create a grant library.

NOTE Confidence: 0.93967089

 $00:49:11.090 \longrightarrow 00:49:14.066$ We can create a library of

 $00:49:14.066 \longrightarrow 00:49:16.050$ of sample IRB protocols.

NOTE Confidence: 0.93967089

 $00{:}49{:}16.050 \dashrightarrow 00{:}49{:}18.110$ We can actually create a

NOTE Confidence: 0.93967089

 $00:49:18.110 \longrightarrow 00:49:19.346$ shared recruitment process.

NOTE Confidence: 0.93967089

 $00:49:19.350 \longrightarrow 00:49:21.192$ We just need to think through

NOTE Confidence: 0.93967089

 $00:49:21.192 \longrightarrow 00:49:23.129$ how how that would work best.

NOTE Confidence: 0.93967089

00:49:23.130 --> 00:49:25.460 There were some very innovative

NOTE Confidence: 0.93967089

00:49:25.460 --> 00:49:27.790 ideas about sharing lab equipment

NOTE Confidence: 0.93967089

 $00:49:27.869 \longrightarrow 00:49:30.382$ so that that one piece could be

NOTE Confidence: 0.93967089

 $00{:}49{:}30.382 \dashrightarrow 00{:}49{:}32.078$ shared across data management.

NOTE Confidence: 0.93967089

00:49:32.078 --> 00:49:34.523 Can we actually share data

NOTE Confidence: 0.93967089

00:49:34.523 --> 00:49:36.530 processing data data folks?

NOTE Confidence: 0.93967089

 $00:49:36.530 \longrightarrow 00:49:39.736$ Can we create shared resources that unite?

NOTE Confidence: 0.93967089

 $00:49:39.740 \longrightarrow 00:49:40.802$ Our research groups,

NOTE Confidence: 0.93967089

 $00:49:40.802 \longrightarrow 00:49:43.625$ but at the same time just strengthen and

NOTE Confidence: 0.93967089

 $00:49:43.625 \longrightarrow 00:49:46.340$ allow people to do the work they need to do.

 $00:49:46.340 \longrightarrow 00:49:48.388$ So this is the kind of thing that

NOTE Confidence: 0.93967089

 $00{:}49{:}48.388 \dashrightarrow 00{:}49{:}51.352$ we have in mind when I talk about

NOTE Confidence: 0.93967089

 $00:49:51.352 \longrightarrow 00:49:54.075$ sharing and and how we create

NOTE Confidence: 0.93967089

 $00:49:54.075 \longrightarrow 00:49:57.530$ these kinds of ways of uniting us.

NOTE Confidence: 0.93967089

00:49:57.530 --> 00:50:00.589 I'm gonna skip that and I'm actually

NOTE Confidence: 0.93967089

 $00:50:00.589 \dashrightarrow 00:50:03.099$ gonna just briefly focus on this.

NOTE Confidence: 0.93967089

 $00:50:03.100 \longrightarrow 00:50:04.738$ That what you're going to be

NOTE Confidence: 0.93967089

 $00:50:04.738 \longrightarrow 00:50:06.940$ hearing over the next few weeks is

NOTE Confidence: 0.93967089

00:50:06.940 --> 00:50:09.740 bringing together some work groups,

NOTE Confidence: 0.93967089

00:50:09.740 --> 00:50:12.330 and I wanted to hand to highlight

NOTE Confidence: 0.93967089

 $00{:}50{:}12.330 \dashrightarrow 00{:}50{:}14.224$ the difference between a standing

NOTE Confidence: 0.93967089

 $00:50:14.224 \longrightarrow 00:50:16.014$ committee and a work group.

NOTE Confidence: 0.93967089

 $00:50:16.020 \longrightarrow 00:50:17.742$ Work groups will be brought together

NOTE Confidence: 0.93967089

 $00:50:17.742 \longrightarrow 00:50:19.280$ to handle very specific issues.

NOTE Confidence: 0.93967089

 $00:50:19.280 \longrightarrow 00:50:21.855$ Disband their submit to work

NOTE Confidence: 0.93967089

 $00:50:21.855 \longrightarrow 00:50:24.430$ efficiently to provide an actionable

 $00:50:24.516 \longrightarrow 00:50:26.496$ plan that we can work on,

NOTE Confidence: 0.93967089

 $00:50:26.500 \longrightarrow 00:50:28.444$ and three of those will be

NOTE Confidence: 0.93967089

 $00:50:28.444 \longrightarrow 00:50:29.416$ around strategic goals.

NOTE Confidence: 0.870170632

00:50:29.420 --> 00:50:30.772 Onboarding, mentoring,

NOTE Confidence: 0.870170632

 $00:50:30.772 \longrightarrow 00:50:32.800$ and annual assessments,

NOTE Confidence: 0.870170632

 $00:50:32.800 \longrightarrow 00:50:35.075$ and stay tuned for more about that.

NOTE Confidence: 0.870170632

 $00:50:35.080 \longrightarrow 00:50:36.934$ But we're going to start using

NOTE Confidence: 0.870170632

 $00{:}50{:}36.934 \dashrightarrow 00{:}50{:}38.555$ this work group strategy or

NOTE Confidence: 0.870170632

 $00:50:38.555 \longrightarrow 00:50:39.859$ ad hoc committee strategy.

NOTE Confidence: 0.934217504090909

 $00:50:41.890 \longrightarrow 00:50:44.689$ And I want to just conclude in the last

NOTE Confidence: 0.934217504090909

00:50:44.689 --> 00:50:47.331 few minutes just to briefly talk about

NOTE Confidence: 0.934217504090909

 $00:50:47.331 \longrightarrow 00:50:50.070$ how we update our strategic goals.

NOTE Confidence: 0.934217504090909

 $00{:}50{:}50.070 \dashrightarrow 00{:}50{:}53.882$ So this just is a pretty I hope familiar

NOTE Confidence: 0.934217504090909

 $00:50:53.882 \longrightarrow 00:50:56.930$ kind of triangle about strategy and

NOTE Confidence: 0.934217504090909

 $00:50:56.930 \longrightarrow 00:50:59.048$ vision at the top mission values,

 $00:50:59.050 \longrightarrow 00:51:01.190$ goals and we've been working

NOTE Confidence: 0.934217504090909

 $00:51:01.190 \longrightarrow 00:51:03.790$ a lot in this blue box.

NOTE Confidence: 0.934217504090909

 $00:51:03.790 \longrightarrow 00:51:05.884$ We have our clearly our mission

NOTE Confidence: 0.934217504090909

 $00:51:05.884 \longrightarrow 00:51:08.049$ statement might need to be updated.

NOTE Confidence: 0.934217504090909

00:51:08.050 --> 00:51:09.946 Don't know, but we've been working

NOTE Confidence: 0.934217504090909

 $00:51:09.946 \longrightarrow 00:51:12.705$ a lot in this blue box as we think

NOTE Confidence: 0.934217504090909

00:51:12.705 --> 00:51:15.054 about what are the projects and

NOTE Confidence: 0.934217504090909

00:51:15.054 --> 00:51:18.666 strategic goal areas that we have.

NOTE Confidence: 0.934217504090909

 $00:51:18.670 \longrightarrow 00:51:20.483$ And these have been the ones for

NOTE Confidence: 0.934217504090909

 $00:51:20.483 \longrightarrow 00:51:22.657$ the last few years that we've had

NOTE Confidence: 0.934217504090909

 $00{:}51{:}22.657 {\:{\mbox{--}}\!>}\ 00{:}51{:}24.327$ stress and development stress and

NOTE Confidence: 0.934217504090909

 $00:51:24.327 \longrightarrow 00:51:26.449$ its impact on ongoing development.

NOTE Confidence: 0.934217504090909

 $00:51:26.450 \longrightarrow 00:51:28.625$ And we've had strategic recruits

NOTE Confidence: 0.93421750409090900:51:28.625 --> 00:51:29.930 in this area.

NOTE Confidence: 0.934217504090909

 $00:51:29.930 \longrightarrow 00:51:31.286$ Child behavioral health services.

NOTE Confidence: 0.934217504090909

00:51:31.286 --> 00:51:33.808 This is why we had the integrated

 $00:51:33.808 \longrightarrow 00:51:35.080$ practice at 3:50.

NOTE Confidence: 0.934217504090909

 $00:51:35.080 \longrightarrow 00:51:38.192$ George the the blue one here is quite

NOTE Confidence: 0.934217504090909

00:51:38.192 --> 00:51:41.526 frankly why we're in the middle of

NOTE Confidence: 0.934217504090909

 $00:51:41.526 \longrightarrow 00:51:43.502$ the consultation with Wellspring.

NOTE Confidence: 0.934217504090909

 $00:51:43.510 \longrightarrow 00:51:46.430$ But as she may remember from the faculty

NOTE Confidence: 0.934217504090909

 $00:51:46.430 \longrightarrow 00:51:48.986$ meeting a few back in late summer,

NOTE Confidence: 0.934217504090909

 $00:51:48.990 \longrightarrow 00:51:52.398$ we actually started talking about this

NOTE Confidence: 0.934217504090909

 $00:51:52.398 \longrightarrow 00:51:55.610$ before about how do we refresh it?

NOTE Confidence: 0.934217504090909

 $00:51:55.610 \longrightarrow 00:51:57.682$ And here are some of the ideas that

NOTE Confidence: 0.934217504090909

 $00{:}51{:}57.682 \dashrightarrow 00{:}51{:}59.671$ came out and the ones with with

NOTE Confidence: 0.934217504090909

 $00:51:59.671 \longrightarrow 00:52:01.460$ Red Stars beside them are ones

NOTE Confidence: 0.934217504090909

 $00:52:01.460 \longrightarrow 00:52:03.020$ that actually were putting into

NOTE Confidence: 0.934217504090909

 $00:52:03.020 \longrightarrow 00:52:05.360$ place in one way or another,

NOTE Confidence: 0.934217504090909

 $00:52:05.360 \longrightarrow 00:52:08.630$ and that are actually already starting.

NOTE Confidence: 0.934217504090909

 $00:52:08.630 \longrightarrow 00:52:10.604$ And some of those ideas were programmatic,

00:52:10.610 --> 00:52:12.710 some were operational and

NOTE Confidence: 0.934217504090909

 $00{:}52{:}12.710 \dashrightarrow 00{:}52{:}14.810$ some were cultural climate.

NOTE Confidence: 0.934217504090909

 $00:52:14.810 \longrightarrow 00:52:17.562$ But one of the things that was actually

NOTE Confidence: 0.934217504090909

 $00:52:17.562 \longrightarrow 00:52:19.977$ quite missing from this was more focused

NOTE Confidence: 0.934217504090909

 $00:52:19.977 \longrightarrow 00:52:22.550$ on what directions do we want to take.

NOTE Confidence: 0.934217504090909

 $00:52:22.550 \longrightarrow 00:52:26.596$ Some of our basic science research efforts.

NOTE Confidence: 0.934217504090909

00:52:26.600 --> 00:52:29.632 So to that I've asked Tom to put

NOTE Confidence: 0.934217504090909

 $00:52:29.632 \longrightarrow 00:52:32.168$ together one of these workgroups.

NOTE Confidence: 0.934217504090909

 $00:52:32.170 \longrightarrow 00:52:34.697$ To really focus on what are the

NOTE Confidence: 0.934217504090909

00:52:34.697 --> 00:52:37.440 strategic areas or goals in our research,

NOTE Confidence: 0.934217504090909

 $00:52:37.440 \longrightarrow 00:52:38.592$ what are the gaps?

NOTE Confidence: 0.934217504090909

 $00{:}52{:}38.592 \dashrightarrow 00{:}52{:}41.199$ What are the things we need to strengthen

NOTE Confidence: 0.934217504090909

 $00:52:41.200 \longrightarrow 00:52:44.224$ and to report back to us in March?

NOTE Confidence: 0.934217504090909

 $00:52:44.230 \longrightarrow 00:52:46.274$ And we'll have parallel work groups on

NOTE Confidence: 0.934217504090909

 $00:52:46.274 \longrightarrow 00:52:48.170$ education in our clinical missions.

NOTE Confidence: 0.934217504090909

 $00:52:48.170 \longrightarrow 00:52:50.410$ And as we hear more from Wellspring,

 $00:52:50.410 \longrightarrow 00:52:52.013$ we'll probably have a work group on

NOTE Confidence: 0.934217504090909

 $00:52:52.013 \longrightarrow 00:52:53.898$ how we put all of that into place.

NOTE Confidence: 0.8770694525

 $00:52:56.750 \longrightarrow 00:52:58.650$ I've said a lot.

NOTE Confidence: 0.8770694525

 $00:52:58.650 \longrightarrow 00:53:03.645$ And what I want to do to conclude though.

NOTE Confidence: 0.8770694525

 $00:53:03.650 \longrightarrow 00:53:06.506$ And is with a return to gratitude

NOTE Confidence: 0.8770694525

00:53:06.510 --> 00:53:09.335 and thoughts about leading teams

NOTE Confidence: 0.8770694525

 $00:53:09.335 \longrightarrow 00:53:11.595$ and service and stewardship.

NOTE Confidence: 0.8770694525

 $00:53:11.600 \longrightarrow 00:53:14.192$ We've been through a lot and

NOTE Confidence: 0.8770694525

00:53:14.192 --> 00:53:16.410 we're going through even more.

NOTE Confidence: 0.8770694525

 $00{:}53{:}16.410 \dashrightarrow 00{:}53{:}19.810$ And we will come out the other side.

NOTE Confidence: 0.8770694525

 $00{:}53{:}19.810 \dashrightarrow 00{:}53{:}21.802$ I can't express enough my gratitude

NOTE Confidence: 0.8770694525

 $00:53:21.802 \longrightarrow 00:53:24.148$ to everyone in this virtual room to

NOTE Confidence: 0.8770694525

 $00{:}53{:}24.148 \dashrightarrow 00{:}53{:}26.381$ everyone that's not here at the time.

NOTE Confidence: 0.8770694525

00:53:26.390 --> 00:53:28.106 I can't express my grant enough.

NOTE Confidence: 0.8770694525

 $00:53:28.110 \longrightarrow 00:53:30.366$ My gratitude to all of you.

00:53:30.370 --> 00:53:34.402 For not just what you have done the what

NOTE Confidence: 0.8770694525

00:53:34.402 --> 00:53:37.360 you've done, but how you've done it.

NOTE Confidence: 0.8770694525

 $00:53:37.360 \longrightarrow 00:53:39.420$ You've done it with grace.

NOTE Confidence: 0.8770694525

 $00:53:39.420 \longrightarrow 00:53:41.760$ You've done it with tremendous generosity

NOTE Confidence: 0.8770694525

00:53:41.760 --> 00:53:44.559 and caring for not just the families,

NOTE Confidence: 0.8770694525

 $00:53:44.560 \longrightarrow 00:53:46.824$ but for your colleagues.

NOTE Confidence: 0.8770694525

 $00{:}53{:}46.824 \dashrightarrow 00{:}53{:}50.220$ And I have seen great professionalism.

NOTE Confidence: 0.8770694525

 $00:53:50.220 \longrightarrow 00:53:51.810$ I know we're going to come

NOTE Confidence: 0.8770694525

 $00{:}53{:}51.810 \dashrightarrow 00{:}53{:}52.870$ through this current surge.

NOTE Confidence: 0.8770694525

 $00:53:52.870 \longrightarrow 00:53:54.026$ We've done it before.

NOTE Confidence: 0.8770694525

 $00:53:54.026 \longrightarrow 00:53:55.760$ We've been adaptable and flexible and

NOTE Confidence: 0.8770694525

 $00:53:55.811 \longrightarrow 00:53:57.863$ know we will will come through a bit more.

NOTE Confidence: 0.8770694525

 $00:53:57.870 \longrightarrow 00:53:58.608$ Weary perhaps,

NOTE Confidence: 0.8770694525

00:53:58.608 --> 00:54:01.560 but we will come through as a community

NOTE Confidence: 0.8770694525

00:54:01.635 --> 00:54:05.070 working together to help others.

NOTE Confidence: 0.8770694525

 $00:54:05.070 \longrightarrow 00:54:08.070$ And I thank you very much for that.

 $00:54:08.070 \longrightarrow 00:54:10.625$ I would also say that I am

NOTE Confidence: 0.8770694525

 $00:54:10.625 \longrightarrow 00:54:12.820$ tremendously honored to be your chair.

NOTE Confidence: 0.8770694525

 $00:54:12.820 \longrightarrow 00:54:15.532$ But I would want to emphasize that I

NOTE Confidence: 0.8770694525

 $00:54:15.532 \longrightarrow 00:54:18.556$ don't do this work as your chair alone.

NOTE Confidence: 0.8770694525

 $00{:}54{:}18.560 \dashrightarrow 00{:}54{:}20.540$ We've discarded this discussions in the

NOTE Confidence: 0.8770694525

 $00:54:20.540 \longrightarrow 00:54:22.346$ faculty meeting about the infrastructure

NOTE Confidence: 0.8770694525

 $00:54:22.346 \longrightarrow 00:54:24.914$ of our department and organizational charts,

NOTE Confidence: 0.877069452500:54:24.920 --> 00:54:25.254 etc.

NOTE Confidence: 0.8770694525

 $00:54:25.254 \longrightarrow 00:54:28.724$ But what I really want to say is that I

NOTE Confidence: 0.8770694525

 $00:54:28.724 \longrightarrow 00:54:33.479$ actually have a team that works side by side.

NOTE Confidence: 0.8770694525

 $00{:}54{:}33.480 \dashrightarrow 00{:}54{:}36.487$ And they helped me do the job and all of you

NOTE Confidence: 0.8770694525

 $00:54:36.487 \longrightarrow 00:54:39.268$ in this virtual room helped me do this job.

NOTE Confidence: 0.8770694525

 $00:54:39.270 \longrightarrow 00:54:40.683$ All of you,

NOTE Confidence: 0.8770694525

 $00:54:40.683 \longrightarrow 00:54:42.567$ we're all working together.

NOTE Confidence: 0.8770694525

 $00:54:42.570 \longrightarrow 00:54:44.663$ And we will focus on the organizational

 $00:54:44.663 \longrightarrow 00:54:46.948$ details in our future faculty meetings.

NOTE Confidence: 0.8770694525

 $00{:}54{:}46.950 \dashrightarrow 00{:}54{:}49.075$ We will focus on organizational

NOTE Confidence: 0.8770694525

 $00:54:49.075 \longrightarrow 00:54:50.775$ details for the department.

NOTE Confidence: 0.8770694525

 $00:54:50.780 \longrightarrow 00:54:53.150$ But I just want to say that I'm very grateful

NOTE Confidence: 0.8770694525

 $00:54:53.207 \longrightarrow 00:54:55.820$ to this team for all the responsibility

NOTE Confidence: 0.8770694525

 $00:54:55.820 \longrightarrow 00:54:59.110$ that they shoulder and working with me.

NOTE Confidence: 0.8770694525

 $00:54:59.110 \longrightarrow 00:55:00.310$ And then to the final point,

NOTE Confidence: 0.8770694525

00:55:00.310 --> 00:55:03.196 I want to make is about

NOTE Confidence: 0.8770694525

 $00{:}55{:}03.196 \dashrightarrow 00{:}55{:}04.639$ service and stewardship.

NOTE Confidence: 0.8770694525

00:55:04.640 --> 00:55:06.398 We've also started in faculty meetings,

NOTE Confidence: 0.8770694525

 $00{:}55{:}06.400 \dashrightarrow 00{:}55{:}08.192$ discussions of different models

NOTE Confidence: 0.8770694525

 $00:55:08.192 \longrightarrow 00:55:11.176$ of leadership and how we how we

NOTE Confidence: 0.8770694525

00:55:11.176 --> 00:55:13.752 move from a very top down model.

NOTE Confidence: 0.8770694525

00:55:13.760 --> 00:55:15.872 A very hierarchical model to one

NOTE Confidence: 0.8770694525

 $00:55:15.872 \longrightarrow 00:55:18.079$ where the leader and the leaders

NOTE Confidence: 0.8770694525

 $00:55:18.080 \longrightarrow 00:55:19.898$ serve the good of the team.

 $00:55:19.900 \longrightarrow 00:55:21.360$ The good of the community,

NOTE Confidence: 0.8770694525

 $00:55:21.360 \longrightarrow 00:55:23.180$ and they're always thinking about

NOTE Confidence: 0.8770694525

 $00:55:23.180 \longrightarrow 00:55:26.000$ how to steward all of our resources,

NOTE Confidence: 0.8770694525

 $00:55:26.000 \longrightarrow 00:55:27.560$ our human resources,

NOTE Confidence: 0.8770694525

 $00:55:27.560 \longrightarrow 00:55:29.120$ our financial resources,

NOTE Confidence: 0.8770694525

 $00:55:29.120 \longrightarrow 00:55:31.154$ everything to steward it for the

NOTE Confidence: 0.8770694525

 $00:55:31.154 \longrightarrow 00:55:32.964$ future and the next generation

NOTE Confidence: 0.8770694525

 $00:55:32.964 \longrightarrow 00:55:34.869$ that will come after us.

NOTE Confidence: 0.8770694525

 $00:55:34.870 \longrightarrow 00:55:38.069$ So that we can help everyone thrive.

NOTE Confidence: 0.8770694525

 $00:55:38.070 \longrightarrow 00:55:39.345$ We're going to continue to

NOTE Confidence: 0.8770694525

 $00:55:39.345 \longrightarrow 00:55:40.365$ build out that idea,

NOTE Confidence: 0.8770694525

 $00:55:40.370 \longrightarrow 00:55:42.260$ and the faculty and we'll dive

NOTE Confidence: 0.8770694525

 $00{:}55{:}42.260 \to 00{:}55{:}44.508$ deeper in it over the next weeks

NOTE Confidence: 0.8770694525

 $00:55:44.510 \longrightarrow 00:55:46.475$ to think about that particular

NOTE Confidence: 0.8770694525

00:55:46.475 --> 00:55:48.850 way of leading what what's the

 $00:55:48.850 \longrightarrow 00:55:50.850$ most effective ways of leading.

NOTE Confidence: 0.8770694525

 $00:55:50.850 \longrightarrow 00:55:52.994$ But I just really want to conclude now

NOTE Confidence: 0.8770694525

 $00:55:52.994 \longrightarrow 00:55:55.146$ is saying that you have my commitment.

NOTE Confidence: 0.8770694525

 $00:55:55.150 \longrightarrow 00:55:57.430$ And the commitment of that leadership

NOTE Confidence: 0.8770694525

 $00:55:57.430 \longrightarrow 00:55:59.780$ team to serve and to steward.

NOTE Confidence: 0.8770694525

 $00.55.59.780 \longrightarrow 00.56.02.131$ And the needs of our department as

NOTE Confidence: 0.8770694525

 $00:56:02.131 \longrightarrow 00:56:04.357$ we steer through these next weeks

NOTE Confidence: 0.8770694525

 $00{:}56{:}04.357 \dashrightarrow 00{:}56{:}06.350$ with Omicron these next months.

NOTE Confidence: 0.94033789

 $00{:}56{:}06.350 \dashrightarrow 00{:}56{:}07.525$ We've got a tremendously amount

NOTE Confidence: 0.94033789

 $00:56:07.525 \longrightarrow 00:56:08.880$ of good work ahead of us.

NOTE Confidence: 0.94033789

 $00:56:08.880 \longrightarrow 00:56:10.539$ We've got a lot of change ahead

NOTE Confidence: 0.94033789

00:56:10.539 --> 00:56:12.640 of us to make us a thriving,

NOTE Confidence: 0.94033789

 $00:56:12.640 \longrightarrow 00:56:15.976$ creative place for the next generation.

NOTE Confidence: 0.94033789

 $00{:}56{:}15.980 \dashrightarrow 00{:}56{:}18.213$ And so I really appreciate again the

NOTE Confidence: 0.94033789

 $00:56:18.213 \longrightarrow 00:56:20.175$ opportunity to do it together to

NOTE Confidence: 0.94033789

 $00:56:20.175 \longrightarrow 00:56:22.535$ work with you and to work for you.

 $00:56:22.540 \longrightarrow 00:56:24.928$ So thank you very much and

NOTE Confidence: 0.94033789

00:56:24.928 --> 00:56:26.520 I'll stop sharing and.

NOTE Confidence: 0.94033789

 $00:56:26.520 \longrightarrow 00:56:27.740$ We can have some discussion.

NOTE Confidence: 0.94033789

 $00:56:27.740 \longrightarrow 00:56:28.280$ Thank you.

NOTE Confidence: 0.938640626

00:56:39.100 --> 00:56:40.300 Thank you so much, Linda.

NOTE Confidence: 0.938640626

 $00:56:40.300 \longrightarrow 00:56:42.981$ I think there was a couple of

NOTE Confidence: 0.938640626

 $00:56:42.981 \longrightarrow 00:56:44.930$ questions in the chat as well.

NOTE Confidence: 0.759989720230769

 $00{:}56{:}50.370 \dashrightarrow 00{:}56{:}52.722$ I think a question of clarification from

NOTE Confidence: 0.759989720230769

 $00:56:52.722 \longrightarrow 00:56:54.878$ Megan Goslin about those MDI sessions.

NOTE Confidence: 0.759989720230769

 $00:56:54.880 \longrightarrow 00:56:57.071$ If they're a repeat of what has

NOTE Confidence: 0.759989720230769

 $00:56:57.071 \longrightarrow 00:56:58.450$ gone previously, or if they're

NOTE Confidence: 0.759989720230769

00:56:58.450 --> 00:56:59.700 they're new sessions coming up,

NOTE Confidence: 0.759989720230769

 $00{:}56{:}59.700 \dashrightarrow 00{:}57{:}00.918$ maybe it's a question for Tara.

NOTE Confidence: 0.789822068571429

 $00:57:02.390 \longrightarrow 00:57:04.244$ They are repeat, but I'm sure there will be

NOTE Confidence: 0.789822068571429

 $00:57:04.244 \longrightarrow 00:57:05.960$ things added from being learned. Terrell,

 $00:57:06.090 \longrightarrow 00:57:09.391$ yeah, they they so each pair were

NOTE Confidence: 0.761624836666667

 $00{:}57{:}09.391 \dashrightarrow 00{:}57{:}11.296$ offering them two per session

NOTE Confidence: 0.761624836666667

 $00:57:11.296 \longrightarrow 00:57:13.800$ so they build on one another.

NOTE Confidence: 0.761624836666667

 $00:57:13.800 \longrightarrow 00:57:14.766$ So we have the first one.

NOTE Confidence: 0.761624836666667

 $00:57:14.770 \longrightarrow 00:57:16.816$ So the next ones will sort

NOTE Confidence: 0.761624836666667

 $00:57:16.816 \longrightarrow 00:57:19.189$ of go a little bit deeper.

NOTE Confidence: 0.761624836666667

 $00:57:19.190 \longrightarrow 00:57:21.100$ So there are different content.

NOTE Confidence: 0.761624836666667

 $00:57:21.100 \longrightarrow 00:57:23.032$ To answer your question and you

NOTE Confidence: 0.761624836666667

 $00{:}57{:}23.032 \dashrightarrow 00{:}57{:}24.680$ should plan on just attending one of

NOTE Confidence: 0.761624836666667

 $00:57:24.680 \longrightarrow 00:57:26.538$ each pair so in the fall excuse me,

NOTE Confidence: 0.761624836666667

00:57:26.540 --> 00:57:28.650 in the winter there's the

NOTE Confidence: 0.761624836666667

 $00:57:28.650 \longrightarrow 00:57:29.916$ January February dyad.

NOTE Confidence: 0.761624836666667

 $00:57:29.920 \longrightarrow 00:57:32.307$ So just one of them of each

NOTE Confidence: 0.761624836666667

 $00:57:32.307 \longrightarrow 00:57:34.339$ would be helpful in the same.

NOTE Confidence: 0.761624836666667

 $00:57:34.340 \longrightarrow 00:57:35.900$ In this, in the spring you

NOTE Confidence: 0.761624836666667

 $00:57:35.900 \longrightarrow 00:57:37.499$ don't have to attend all four.

 $00:57:37.500 \longrightarrow 00:57:38.460$ So I hope that answers.

NOTE Confidence: 0.832279784285714

 $00:57:42.070 \longrightarrow 00:57:45.955$ I see looking for other questions here.

NOTE Confidence: 0.832279784285714

 $00:57:45.960 \longrightarrow 00:57:48.970$ Carol, thank you for answering.

NOTE Confidence: 0.832279784285714

00:57:48.970 --> 00:57:52.870 Mendez question? About blinded applications

NOTE Confidence: 0.90176618

 $00:57:58.300 \dashrightarrow 00:58:03.036$ that's it. OK, I'm very glad by the way too.

NOTE Confidence: 0.90176618

00:58:03.040 --> 00:58:05.680 I would just say that we had some open open

NOTE Confidence: 0.90176618

 $00:58:05.749 \longrightarrow 00:58:08.150$ office hours on the schedule last year.

NOTE Confidence: 0.90176618

 $00:58:08.150 \longrightarrow 00:58:09.550$ I'm glad to continue those

NOTE Confidence: 0.90176618

 $00:58:09.550 \longrightarrow 00:58:10.950$ that they would be helpful.

NOTE Confidence: 0.90176618

00:58:10.950 --> 00:58:13.587 Also, glad we will have time in the faculty

NOTE Confidence: 0.90176618

 $00{:}58{:}13.587 \dashrightarrow 00{:}58{:}15.412$ meeting to morrow for more discussion

NOTE Confidence: 0.90176618

00:58:15.412 --> 00:58:17.593 but but I'm glad to have anytime to

NOTE Confidence: 0.90176618

 $00{:}58{:}17.593 \dashrightarrow 00{:}58{:}19.607$ discuss any of these ideas with you.

NOTE Confidence: 0.72865132125

00:58:35.010 --> 00:58:36.442 Alright, but about yeah,

NOTE Confidence: 0.72865132125

00:58:36.442 --> 00:58:37.874 about peer support services.

 $00:58:37.880 \longrightarrow 00:58:39.896$ Absolutely. I know Darren had to be

NOTE Confidence: 0.72865132125

 $00{:}58{:}39.896 {\:{\circ}{\circ}{\circ}}>00{:}58{:}42.180$ in a training so that she's not here.

NOTE Confidence: 0.72865132125

00:58:42.180 --> 00:58:44.470 But Yep, agree Larry. Just

NOTE Confidence: 0.887315615454546

00:58:44.480 --> 00:58:45.440 a thought. You know,

NOTE Confidence: 0.887315615454546

 $00:58:45.440 \longrightarrow 00:58:47.560$ for all of us you know we sometimes

NOTE Confidence: 0.887315615454546

 $00{:}58{:}47.560 \dashrightarrow 00{:}58{:}49.120$ forget who's sitting right next

NOTE Confidence: 0.887315615454546

 $00:58:49.120 \longrightarrow 00:58:51.704$ to us who's really hurting and and

NOTE Confidence: 0.887315615454546

00:58:51.704 --> 00:58:54.116 just important and and you know.

NOTE Confidence: 0.887315615454546

00:58:54.120 --> 00:58:55.980 Very often they're just enough of

NOTE Confidence: 0.887315615454546

 $00:58:55.980 \longrightarrow 00:58:58.080$ us around 2:00 to be available,

NOTE Confidence: 0.887315615454546

 $00{:}58{:}58.080 \dashrightarrow 00{:}58{:}59.837$ and you know a way to think

NOTE Confidence: 0.887315615454546

 $00:58:59.837 \longrightarrow 00:59:01.020$ about that together and to,

NOTE Confidence: 0.887315615454546

00:59:01.020 --> 00:59:02.938 you know, take care of each each

NOTE Confidence: 0.887315615454546

 $00:59:02.938 \longrightarrow 00:59:05.079$ other as we take care of others,

NOTE Confidence: 0.887315615454546

 $00:59:05.080 \longrightarrow 00:59:07.187$ and I've just gotten a lot and

NOTE Confidence: 0.887315615454546

 $00:59:07.187 \dashrightarrow 00:59:08.757$ I've been talking with Dorothy's

 $00:59:08.757 \longrightarrow 00:59:10.545$ to be a lot about this.

NOTE Confidence: 0.887315615454546

00:59:10.550 --> 00:59:12.643 You know how we can be available

NOTE Confidence: 0.887315615454546

 $00:59:12.643 \longrightarrow 00:59:14.588$ for each other and for our

NOTE Confidence: 0.887315615454546

 $00:59:14.588 \longrightarrow 00:59:15.896$ colleagues who you know,

NOTE Confidence: 0.887315615454546

 $00:59:15.900 \longrightarrow 00:59:17.298$ in the Ed and other places,

NOTE Confidence: 0.887315615454546

 $00:59:17.300 \longrightarrow 00:59:18.029$ are really hurting?

NOTE Confidence: 0.657622952857143

00:59:19.520 --> 00:59:21.795 I mean not that you know really,

NOTE Confidence: 0.657622952857143

 $00:59:21.800 \longrightarrow 00:59:24.080$ it gets back to the point of we

NOTE Confidence: 0.657622952857143

 $00:59:24.080 \longrightarrow 00:59:26.634$ have to be intentional about holding

NOTE Confidence: 0.657622952857143

 $00{:}59{:}26.634 \to 00{:}59{:}28.970$ or holding us together. Thank you.

NOTE Confidence: 0.927070934

 $00:59:34.910 \longrightarrow 00:59:36.250$ I have to say personally

NOTE Confidence: 0.927070934

 $00:59:36.250 \longrightarrow 00:59:38.020$ that I am really feeling the

NOTE Confidence: 0.927070934

 $00{:}59{:}38.020 \dashrightarrow 00{:}59{:}39.508$ virtual environment right now,

NOTE Confidence: 0.927070934

00:59:39.510 --> 00:59:41.100 'cause otherwise we'd just be

NOTE Confidence: 0.927070934

00:59:41.100 --> 00:59:43.290 standing in the room and you know,

 $00:59:43.290 \longrightarrow 00:59:45.601$ talking back and forth and but.

NOTE Confidence: 0.927070934

00:59:45.601 --> 00:59:47.449 But I'm still glad that you're all here.

NOTE Confidence: 0.927070934

 $00:59:47.450 \longrightarrow 00:59:48.398$ Virtually that's great.

NOTE Confidence: 0.94653646125

 $00:59:50.860 \longrightarrow 00:59:52.508$ And so many people still on the line

NOTE Confidence: 0.808448553

 $00:59:53.230 \longrightarrow 00:59:56.404$ exactly right. Glad to take any

NOTE Confidence: 0.808448553

 $00:59:56.404 \longrightarrow 00:59:58.520$ other thoughts on anything.

NOTE Confidence: 0.808448553

 $00{:}59{:}58.520 \dashrightarrow 01{:}00{:}00.708$ Surprised you anything you'd

NOTE Confidence: 0.808448553

 $01:00:00.708 \longrightarrow 01:00:03.540$ like to have. More explicated

NOTE Confidence: 0.826528237777778

01:00:14.150 --> 01:00:17.167 OK. So Karen, you announced last week

NOTE Confidence: 0.826528237777778

 $01:00:17.167 \longrightarrow 01:00:20.420$ and last week you announced next week.

NOTE Confidence: 0.763426907692308

 $01:00:21.390 \longrightarrow 01:00:23.469$ Next week we'll have doctor Jenny Chung

NOTE Confidence: 0.763426907692308

 $01:00:23.469 \longrightarrow 01:00:25.535$ will be presenting to us virtually on

NOTE Confidence: 0.763426907692308

 $01:00:25.535 \longrightarrow 01:00:27.950$ how social status and non human primates

NOTE Confidence: 0.763426907692308

 $01:00:27.950 \longrightarrow 01:00:30.153$ can influence immune function health and

NOTE Confidence: 0.763426907692308

 $01:00:30.153 \longrightarrow 01:00:32.750$ well being with findings that are really

NOTE Confidence: 0.763426907692308

 $01:00:32.750 \longrightarrow 01:00:35.235$ relevant for for human research as well.

01:00:35.240 --> 01:00:37.290 And then I just like to thank you for really

NOTE Confidence: 0.763426907692308

 $01{:}00{:}37.338 \to 01{:}00{:}39.032$ kicking off this grand rounds series of

NOTE Confidence: 0.763426907692308

01:00:39.032 --> 01:00:41.018 the New Year and with the sole brewing,

NOTE Confidence: 0.763426907692308

 $01:00:41.020 \longrightarrow 01:00:44.250$ but hopefully optimistic presentation.

NOTE Confidence: 0.763426907692308

01:00:44.250 --> 01:00:47.400 So thank you very much and I'd like to.

NOTE Confidence: 0.763426907692308

 $01:00:47.400 \longrightarrow 01:00:48.940$ I'm sure everyone on the call will

NOTE Confidence: 0.763426907692308

01:00:48.940 --> 01:00:50.814 join me in thanking you for giving

NOTE Confidence: 0.763426907692308

 $01:00:50.814 \longrightarrow 01:00:52.259$ such a compelling talk today.

NOTE Confidence: 0.763426907692308 01:00:52.260 --> 01:00:52.720 Thank you.

NOTE Confidence: 0.736750402857143

 $01{:}00{:}52.900 \dashrightarrow 01{:}00{:}55.672$ You're welcome. I hope not too

NOTE Confidence: 0.736750402857143

01:00:55.672 --> 01:00:57.460 sobering. Ristic, realistic

NOTE Confidence: 0.558500218

01:00:57.770 --> 01:01:00.230 still, hopeful and optimistic exactly

NOTE Confidence: 0.957904033333333

 $01:01:00.260 \longrightarrow 01:01:01.508$ right, exactly right.

NOTE Confidence: 0.95464015

01:01:04.360 --> 01:01:07.450 OK. Thank you, thanks everybody.
