

WEBVTT

NOTE duration:"00:02:41.0030000"

NOTE recognizability:0.878

NOTE language:en-us

NOTE Confidence: 0.9149219

00:00:00.000 --> 00:00:00.834 Welcome everyone.

NOTE Confidence: 0.9149219

00:00:00.834 --> 00:00:03.753 We're going to go ahead and get

NOTE Confidence: 0.9149219

00:00:03.753 --> 00:00:05.996 started so that we stay on time.

NOTE Confidence: 0.9149219

00:00:06.000 --> 00:00:08.208 So incredibly excited to be here.

NOTE Confidence: 0.9149219

00:00:08.210 --> 00:00:09.678 Thank you for joining

NOTE Confidence: 0.9149219

00:00:09.678 --> 00:00:11.513 us in person and online.

NOTE Confidence: 0.9149219

00:00:11.520 --> 00:00:13.620 And I have the distinct pleasure

NOTE Confidence: 0.9149219

00:00:13.620 --> 00:00:15.849 of introducing our Dean who will

NOTE Confidence: 0.9149219

00:00:15.849 --> 00:00:17.764 give the introductory and welcome.

NOTE Confidence: 0.9149219

00:00:17.770 --> 00:00:19.774 So Dean Nancy Brown graduated from

NOTE Confidence: 0.9149219

00:00:19.774 --> 00:00:22.003 Yale College and earned her medical

NOTE Confidence: 0.9149219

00:00:22.003 --> 00:00:23.655 degree from Harvard University.

NOTE Confidence: 0.9149219

00:00:23.660 --> 00:00:25.615 She completed internship and residency

NOTE Confidence: 0.9149219

00:00:25.615 --> 00:00:27.570 programs in medicine at Vanderbilt
NOTE Confidence: 0.9149219

00:00:27.626 --> 00:00:29.810 University where she also did a
NOTE Confidence: 0.9149219

00:00:29.810 --> 00:00:31.266 fellowship in clinical pharmacology.
NOTE Confidence: 0.9149219

00:00:31.270 --> 00:00:32.278 And in 2020,
NOTE Confidence: 0.9149219

00:00:32.278 --> 00:00:35.122 she became the the Gene and David West
NOTE Confidence: 0.9149219

00:00:35.122 --> 00:00:37.992 Wallace Dean of medicine and the CNH
NOTE Confidence: 0.9149219

00:00:37.992 --> 00:00:40.137 Long Professor of internal Medicine
NOTE Confidence: 0.9149219

00:00:40.137 --> 00:00:43.056 here at the Yale School of Medicine.
NOTE Confidence: 0.9149219

00:00:43.060 --> 00:00:43.850 Dean Brown.
NOTE Confidence: 0.86253923

00:00:49.480 --> 00:00:51.155 Pretty bad when you can
NOTE Confidence: 0.86253923

00:00:51.155 --> 00:00:52.495 have like introductions to
NOTE Confidence: 0.86253923

00:00:52.495 --> 00:00:53.779 introductions to introductions.
NOTE Confidence: 0.86253923

00:00:53.780 --> 00:00:56.636 But I am so excited to be here.
NOTE Confidence: 0.86253923

00:00:56.640 --> 00:00:59.496 Today we're going to hear about why wait,
NOTE Confidence: 0.86253923

00:00:59.500 --> 00:01:01.290 New Frontiers and Obesity Research.
NOTE Confidence: 0.86253923

00:01:01.290 --> 00:01:05.315 I will just highlight for you that.

NOTE Confidence: 0.86253923

00:01:05.320 --> 00:01:07.632 Why Wait? Is the Yale Obesity Research Center

NOTE Confidence: 0.86253923

00:01:07.632 --> 00:01:11.760 that was started in 2023, led by Anya?

NOTE Confidence: 0.86253923

00:01:11.760 --> 00:01:14.735 And you know Anya trained here doing

NOTE Confidence: 0.86253923

00:01:14.735 --> 00:01:18.323 both Med PEDs and double trained in

NOTE Confidence: 0.86253923

00:01:18.323 --> 00:01:21.108 endocrinology in adult and pediatric.

NOTE Confidence: 0.86253923

00:01:21.110 --> 00:01:24.310 Endocrine and has been leading many of the

NOTE Confidence: 0.86253923

00:01:24.310 --> 00:01:26.879 important landmark trials in pharmacotherapy,

NOTE Confidence: 0.86253923

00:01:26.880 --> 00:01:30.640 particularly targeting the increment system.

NOTE Confidence: 0.86253923

00:01:30.640 --> 00:01:32.740 Whenever we introduce new classes of drugs,

NOTE Confidence: 0.86253923

00:01:32.740 --> 00:01:34.812 we also discover new Physiology and I

NOTE Confidence: 0.86253923

00:01:34.812 --> 00:01:38.638 think there are many, many questions about.

NOTE Confidence: 0.86253923

00:01:38.640 --> 00:01:40.068 From what we're learning,

NOTE Confidence: 0.86253923

00:01:40.068 --> 00:01:42.210 you know how these drugs affect

NOTE Confidence: 0.86253923

00:01:42.282 --> 00:01:44.037 things like muscle mass and.

NOTE Confidence: 0.86253923

00:01:44.040 --> 00:01:46.920 Versus intramuscular fat.

NOTE Confidence: 0.86253923

00:01:46.920 --> 00:01:47.354 Rebound effects.
NOTE Confidence: 0.86253923

00:01:47.354 --> 00:01:49.396 And so I I hope that as we use
NOTE Confidence: 0.86253923

00:01:49.396 --> 00:01:50.656 these drugs more and more,
NOTE Confidence: 0.86253923

00:01:50.660 --> 00:01:53.310 we also are doing more.
NOTE Confidence: 0.86253923

00:01:53.310 --> 00:01:54.627 Investigational mechanism driven
NOTE Confidence: 0.86253923

00:01:54.627 --> 00:01:57.261 studies that lead back into basic
NOTE Confidence: 0.86253923

00:01:57.261 --> 00:01:59.419 science and new discoveries as well.
NOTE Confidence: 0.86253923

00:01:59.420 --> 00:02:01.450 But you'll also hear today
NOTE Confidence: 0.86253923

00:02:01.450 --> 00:02:03.074 about health outcomes research.
NOTE Confidence: 0.86253923

00:02:03.080 --> 00:02:06.048 So it's a range of of research
NOTE Confidence: 0.86253923

00:02:06.048 --> 00:02:07.761 and interdisciplinary teams that
NOTE Confidence: 0.86253923

00:02:07.761 --> 00:02:09.586 have led to this science.
NOTE Confidence: 0.86253923

00:02:09.590 --> 00:02:12.943 The last thing I would say is
NOTE Confidence: 0.86253923

00:02:12.943 --> 00:02:15.484 that it's important that you're
NOTE Confidence: 0.86253923

00:02:15.484 --> 00:02:17.994 you will hear about how.
NOTE Confidence: 0.86253923

00:02:18.000 --> 00:02:19.400 This research relates to the

NOTE Confidence: 0.86253923

00:02:19.400 --> 00:02:20.520 care of our patients.

NOTE Confidence: 0.86253923

00:02:20.520 --> 00:02:22.626 So you'll hear from Peg McGovern

NOTE Confidence: 0.86253923

00:02:22.626 --> 00:02:24.990 and I think you know we are.

NOTE Confidence: 0.86253923

00:02:24.990 --> 00:02:26.850 A School of Medicine and an

NOTE Confidence: 0.86253923

00:02:26.850 --> 00:02:28.090 academic health system because

NOTE Confidence: 0.86253923

00:02:28.145 --> 00:02:30.167 we make discoveries and we make

NOTE Confidence: 0.86253923

00:02:30.167 --> 00:02:31.515 those discoveries accessible to

NOTE Confidence: 0.86253923

00:02:31.568 --> 00:02:33.437 the human beings who are a patient.

NOTE Confidence: 0.86253923

00:02:33.440 --> 00:02:34.499 So that's really,

NOTE Confidence: 0.86253923

00:02:34.499 --> 00:02:36.970 really important and and so I will

NOTE Confidence: 0.86253923

00:02:37.046 --> 00:02:39.696 shut up and let us get on with the fun.

NOTE Confidence: 0.86253923

00:02:39.700 --> 00:02:41.002 So thank you.
